

AWARDING CONTRACT FOR FIBER NETWORK DEVELOPMENT

The county has many different methods of providing data connectivity among its various facilities. Options exist for the county to connect by installing high speed fiber optic connections using public/private fiber networks. The county requires fiber engineering consulting services to assist in the development of these fiber networks.

Pursuant to this effort, the county issued RFP # 119021 to identify qualified firms to design fiber optic cable connections. This process resulted in the selection of SRF Consulting Group Inc. as the preferred vendor.

The county has negotiated a contract with SRF with an amount not to exceed \$250,000 to design connections as needed at various county facilities over the next five years.

THEREFORE BE IT RESOLVED THAT the County award a contract to SRF Consulting Group Inc. in an amount not to exceed \$250,000, and

BE IT FINALLY RESOLVED THAT the County Executive and County Clerk are authorized to execute the contract documents.
