

Dane County

Minutes - Draft

Emergency Medical Services - Medical Advisory Subcommittee

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

Monday, May 13, 2019

12:00 PM

approved

C. Action Items

Dr. Tripp - Lohmeier

Lohmeier thanked Dr. Warren Tripp for his service and dedication to the medical field in Dane County and presented him with a certificate. Tripp in turn thanked the committee and reflected on its achievements throughout the years. Committee wishes Tripp a happy retirement.

Infection Control Resource Handbook - Lohmeier

Lohmeier reported on some formatting being finalized. Committee reviewed flow charts and made some changes to wording. Committee discussed making carbon copies for ED Evaluation forms to keep with handbook at each agency. Lohmeier to finalize and print copies.

CARES - Mancera

Mancera gave update on Dane County's 2018 statistics on cardiac arrest and survival rates. Overall the county is meeting and exceeding national averages for survival rates and public AED use. PulsePoint was discussed as a possible factor as to the amount of positive outcomes. Mancera concluded with hope to see the positive trend of survival rates continue throughout upcoming years.

Measles - Lohmeier

Lohmeier attended a meeting with Public Health to discuss the risk of a measles outbreak. Report was generally positive and highlighted how organized and efficient the Public Health Department is; there is a detailed procedure in place for handling suspected and confirmed cases. The effectiveness of the vaccine (98%) was discussed, along with the requirement for all hospital personnel to provide records of their immunization. Lang proposed starting a discussion on EMS agencies developing a requirement for their personnel to be vaccinated as well.

Protocols - Meier

Not discussed.

D. Presentations
