

NewBridge	Village of Shorewood Hills (\$0)	<p>The "itty" one here is the Village of Brooklyn. The Village pulled out of our Municipal Agreement a few years ago, and opted to start paying a flat contribution rather than the use-based contribution that the Municipal Agreement calls for. The Towns of Oregon and Rutland, as well as the Village of Oregon, remain parties to the Municipal Agreement. We plug the Village of Brooklyn's use data into the Municipal Agreement formula each year, to calculate what the Village of Brooklyn would be paying if it had remained a party to the Agreement. So far, the lump sum contribution has been covering the Village of Brooklyn's fair share of the expenses. Obviously that could change if Brooklyn's use of the Center increases at some point.</p>
