Milwaukee, WI 53202
(Via e-mail)

RE: Appeal of Denial of CUP #2481

Dear Mr. Carter:

I am writing in response to your correspondence dated March 5, 2020 on behalf of Tillman Infrastructure, LLC. Your letter requests an adjournment of the hearing before the Board of Adjustment on March 26th to allow complaints regarding the SBA CUP to be considered by the zoning committee. The Board of Adjustment will need to rule on your request for an adjournment of the hearing, but as of this date no valid complaint regarding the SBA complaint has been made. Tillman has no standing to make such a request as they have no involvement with the SBA tower. Furthermore, the zoning division has been provided nothing but unsubstantiated allegations regarding SBA's rates and contract terms.

At this time there is no complaint pending before the zoning division or zoning committee. Therefore, there is no merit to the request for continuance on behalf of Tillman.

Sincerely,

David R. Gault
Assistant Corporation Counsel
