

AUTHORIZING AN UNDERGROUND UTILITY EASEMENT
TO ALLIANT ENERGY

Alliant Energy is requesting a utility easement through county land at Mud Lake Wildlife Area for an underground electric line. The current high lake levels at Fish Lake are affecting the ability to safely supply power to the remaining residents along Fish Lake Road.

Alliant Energy desires to install an electric line further west of the road to continue to provide power to these residents. Once the new line is installed, the existing line along Fish Lake Road will be removed. The easement would be a maximum of 15 feet wide and would extend approximately 340 feet along the eastern tree line of the Mud Lake Wildlife Area. The line would be buried a minimum of 3 feet deep.

Payment for the easement is \$500.00 for administrative costs.

NOW, THEREFORE, BE IT RESOLVED that the Dane County Board of Supervisors and the Dane County Executive hereby authorize an underground electric easement in exchange for \$500.00.

BE IT FINALLY RESOLVED that the Dane County Clerk is authorized to grant and effectuate the easement.
