Minutes - Draft

Emergency Medical Services - Medical Advisory Subcommittee

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

C. Discussion Items

Protocol Update

Meier updated the group on the timeline for the update. March we will host meetings with Chiefs. April we will be sending out a survey to providers and also offering town hall opportunities for input. Beginning in May we will bring a workgroup together to discuss updates and additions. For those interested in being a part of the workgroup please contact Meier. The ultimate goal is a standard countywide protocol set.

Radio Reports

Meier updated that the hospitals and the office will be working on training for EMS and hospital staff to work on improved communication to hopefully alleviate the concerns with multiple reports being relayed at the same time.

Benzodiazepines Protocol Update

Dr. Gussick reported out that the update will allow for Midaz or Loraz. Just allows either to be used. No concerns were raised. Meier will send to Ela at the State

Subcommittee Structure

Dr. Kronenfeld updated the group that we met with the Chair of the Commission to discuss input regarding subcommittee structure. We also had representation from County Corp Counsel to assist with expectations based on ordinance. More information and ideas will be shared at the Commission meeting on March 24th. All are welcome.

D. Presentations

E. Reports to Committee

Dr. Kim offered up discussion regarding EMS-C and their role in training and education. Dr. Kim also offered his assistance with CQI and protocols.

Anderson gave a brief update on the 10 Delta study, more to come in late April.

Lohmeier inquired about EMS Week plans. Lehmann is working with the EMS Liaisons on a plan. Meier asked the committee to save the date of October 16th for the Survivor Breakfast pending ability to host an event this size.

Anderson briefly shared his annual summary on HPCPR. He plans to present this in depth at the EMS Association meeting on March 24th and then distribute with the CARES summaries once they are complete.
