

# Dane County Redistricting Commission meeting May 4, 2021

2020-DISC-066 updates.

Updates on Representable.org:

- Dane County project page underway (see mockup below)
- Proposed language for Dane County “splash page” below.
- All pages and instructions will be translated into Spanish and Hmong
- County Land Information Office Staff working with Representable.org to get municipal ward data implemented, will be consistent with that used in DistrictBuilder
- The "customer support and training" would include the creation of Dane County specific materials and videos to help the general public navigate the site. It also includes a Representable team member attending Zoom meetings, including those with the general public, and guiding users through the process of drawing a map.

**Gerrymandering is silencing communities.**

Make your voice heard with Representable and put your community on the map.

## Tell us About Your Community

Organized by the Dane County Redistricting Commission

We are working to make sure the Dane County Board of Supervisors accurately reflects the people and communities it represents. As part of that process, we are interested in learning what you think makes up your "community of interest."

Who do you consider your neighbors? What other people, businesses, schools, churches or other organizations do you interact with on a regular basis? What places do you visit or travel to in the course of your day or week? What issues, values or concerns bind you and your community together? Join us to help sure your elected officials truly "represent" you and your community.

### Communities of Interest in Dane County

Dane County's ordinance requires that: "District lines shall keep intact neighborhoods and communities with established ties of common interest and association, whether historical, racial, economic, ethnic, religious or other."

Communities as described above don't always fall neatly into existing, easily mapped areas such as municipal boundaries, school districts, census block groups, or neighborhood associations. The Redistricting Commission needs your help to make sure your community is adequately represented.

Updates on DistrictBuilder:

- New “organizations” feature implemented
- See [mock-up online](#)
- Includes “featured maps”
  - Using Commissioner-developed maps for now
  - May want to redo with Wards instead of Census Block Groups
  - Final version should be up next week.
