

MEMORANDUM

To: Zoning & Land Regulation (ZLR) Committee
From: Pamela Andros, ACIP, Senior Planner
CC: Roger Lane, Zoning Administrator
Date: May 3, 2021
Re: Staff update on CUP #2509 Forever Sandfill & Limestone

Comments: To meet the requirements of a highway permit for CTH B, the boundaries of the CUP area needed to be changed to accommodate the proper location of the driveway. The purpose of the change is to ensure a safe access point. The applicant has obtained an access permit from Dane County Highways, and has provided all necessary documents to the Zoning Division.

Staff recommends approval of the CUP with the same conditions as approved at the March 23, 2021 Zoning & Land Regulation (ZLR) meeting, with the updated CUP area boundaries.
