WHO WE ARE

The **Wisconsin Aging Advocacy Network** is a collaborative group of individuals and associations working with and for Wisconsin's older adults to shape public policy and improve the quality of life of older people in Wisconsin.

ORGANIZATION & STRUCTURE

WAAN operates on an informal basis (without a board, officers, or titles) although informal leadership has currently been designated to Greater Wisconsin Agency on Aging Resources' executive director Robert Kellerman.

Membership consists of two types: **core** (organizations funded under the Older Americans' Act) and **affiliate** (other groups and individuals with an interest in and commitment to advocacy on behalf of older people). Core members vote on and adopt WAAN's platform of priority issues. In the rare event that an issue arises upon which WAAN opts to take a position but which is not directly addressed in the WAAN platform, WAAN core members can opt out of supporting that position.

Potential new members will be approved by consensus of the WAAN membership. WAAN affirms that older adults should always be at the table in discussions on issues that impact them.

WAAN holds monthly meetings of core members and affiliates to discuss, strategize, and coordinate activities relating to current advocacy opportunities.

WAAN's Mission

The Wisconsin Aging Advocacy Network's (WAAN) mission is to work with and for Wisconsin's older adults in shaping public policy to improve their quality of life by educating supporters and opponents, mobilizing allies on priority issues, and advocating positions visibly and effectively. WAAN is a collaborative group of individuals and associations organized to:

- Expand the power base of each affiliate organization through creation of a statewide advocacy group.
- Utilize the shared experience and knowledge base of member organizations and individuals to identify priority issues.
- Engage member organizations and individuals in advocacy strategies and campaigns around priority issues.
- Increase the capacity for grassroots leadership to bring about systemic change through ongoing training.
- Help build a society that values and supports people as they age.

Aging Advocacy Online Events - 2021

Monday, May 10 & Wednesday, May 12, 2021

Agenda

Links for your meetings will be sent prior to each day's virtual event.*

Mon., May 10th, 1:00–3:00 p.m. Training Day - Join us Virtually

- | | |
|-----------|---|
| 1:00 p.m. | Advocate training |
| | <ul style="list-style-type: none">• Welcome• Briefing on WAAN's state priority issues• Tips for effective communication with your state legislators |
| 2:00 p.m. | Mock legislative visit demonstration |
| 2:30 p.m. | Questions & answers |
| 2:45 p.m. | Introduction of Senate District hosts & announcements |

For anyone unable to participate in the live training, the training will be taped and available at: gwaar.org/aging-advocacy-online-2021

Wed., May 12th, 1:00–2:00 p.m. Day of Action - Virtual Legislative Visit

- | | |
|------------------|--|
| 1:00 - 1:30 p.m. | Gather online to meet your fellow Senate District participants and prepare for your legislative visits |
| 1:30 - 2:00 p.m. | Legislative visit-your state legislators will be invited to join |

*If you have questions about the meeting platform please contact your meeting host (the person who sent the invitation).

Direct your questions to: Janet Zander, Advocacy & Public Policy Coordinator
Greater Wisconsin Agency on Aging Resources
janet.zander@gwaar.org or (715) 677-6723.

Key Issues for Wisconsin Aging Advocates

Wisconsin Population 60 and Older

All links available at <https://gwaar.org/aging-advocacy-online-2021-references>

2021-2023 State Budget

Funding in the Wisconsin 2021-2023 Biennial Budget will significantly impact older adults and caregivers. Community based, targeted intervention strategies are needed to address the increase in loneliness, disparities in health and long-term care, and economic security concerns that have long challenged many older adults. Investing in programs and services that support older adults to remain living at home, active in their communities, and contributing to the economy is good for the state budget and good for older adults, their families, and our communities.

The Wisconsin Aging Advocacy Network (WAAN) advocates the following positions on key investments that support older adults to improve their health and well-being, live with maximum independence and dignity, and reduce health and long-term care costs.

1. Reinvest in Wisconsin's Aging and Disability Resource Centers

(ADRCs) - Increase funding to ADRCs to equalize historical funding disparities and fully fund required contracted services. See [WAAN's ADRC Reinvestment Issue Brief](#) and [Wisconsin Counties Association ADRC Reinvestment](#).

ADRCs across the state receive different levels of funding based on when they began, which established foundational funding inequities. The base allocation for ADRCs has not increased since 2006. Since then, the population of older adults and people with disabilities has grown, as has the number of recommended services included in the ADRCs' state contract. Underfunded ADRCs do not have the resources to provide these critical services/programs to their growing number of customers. **We request:**

- a) **An investment of \$27.4 million** to fully fund the current ADRC base contract requirements (mandated and recommended services), and
- b) **An additional \$25 million to provide additional funding** to expand/equalize critical ADRC services across the state, including:
 - ♦ **Fully Fund Elder Benefit Specialists Statewide:** \$2,300,000 (no funding increase since 1997) - See [WAAN's Elder Benefit Specialist Issue Brief](#).
 - ♦ **Expand Dementia Care Specialist (DCS) Services statewide:** \$3,320,000
 - ♦ **Expand Caregiver Support and Programs:** \$3,600,000
 - ♦ **Expand Health Promotion Services:** \$6,000,000

Key Issues for Wisconsin Aging Advocates

All links available at <https://gwaar.org/aging-advocacy-online-2021-references>

- ◆ **Expand Care Transition Services:** \$6,000,000
- ◆ **Fund Aging and Disability Resources in Tribes** (Including seven full-time Dementia Care Specialists and additional Disability Benefit Specialist and Aging & Disability Resource Specialists): \$1,740,000
- ◆ **Fully Fund Aging and Disability Resource Support Systems:** \$2,650,000

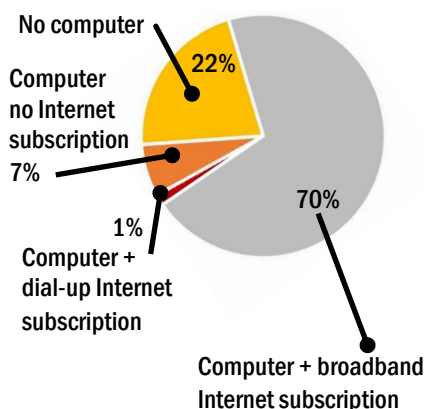

2. Caregiver Support

The work of family caregivers enables our older family members and friends to stay at home where costs are lowest and they want to live. Nearly 600,000 Wisconsinites family caregivers provide approximately \$7 billion in unpaid care, a cost our health and long-term care systems cannot afford to cover. The need to support the work of family caregivers is increasingly critical. **We request:**

- a) **Support for the Caregiver Tax Credit** - to provide much-needed financial relief (up to \$500 annually) for unpaid family caregivers spending an average of \$7,000 per year on out-of-pocket costs related to caregiving,
- b) **A \$500,000 annual increase in the Alzheimer's and Family Caregiver Support Program (AFCSP) and an increase in the qualifying maximum household income from \$48,000 to \$55,000** - to increase support for low- and middle-income families throughout the state assisting a family member living with Alzheimer's disease or dementia, and
- c) **Expansion of the Wisconsin Family Medical Leave Act** - to support the one in four workers over age 25 who are family caregivers and who attend to the *acute and chronic* care needs of their family members including *grandparents, grandchildren, and siblings*.

See the final [report](#) of the Governor's Task Force on Caregiving for additional caregiver and direct care workforce rates, benefits, and untapped workers proposals supported by WAAN.

Household Computer Connectivity: Wisconsinites 65 and Over

3. Infrastructure Expansion

- a) **High-Speed Internet Expansion** - Older adults are one of the largest demographics without access to broadband service. In Wisconsin, 30% of individuals age 65 and older don't have either a computer or a computer with internet access. **We request reliable, affordable high-speed internet access for older adults and their families no matter where they live to ensure the connectivity critical to meet health, education, social, and economic needs.** See [WAAN's High-Speed Internet Issue Brief](#).

Key Issues for Wisconsin Aging Advocates

All links available at <https://gwaar.org/aging-advocacy-online-2021-references>

b) **Housing Support** - One of the most difficult challenges older adults face is finding housing that meets their needs as they age. Older adults overwhelmingly want to remain in their homes and communities, but major barriers persist, such as unaffordability, inaccessibility, discrimination, and the lack of appropriate options. Aging in place leads to better health outcomes, life satisfaction, and social engagement. In order to preserve the independence of older adults, we must ensure more affordable and accessible housing for both renters and owners. To address these needs, **we request:**

- ◆ **Index the parameters of the Homestead Tax Credit** for inflation to preserve the credit's value and increase the maximum income threshold to \$30,000.
- ◆ **Increase the qualifying income limit for the Wisconsin Housing and Economic Development Authority (WHEDA) property tax deferral loan program** that provides loans to qualifying older adult homeowners to help pay for property taxes.
- ◆ **Establish a \$1,000,000 forgivable matching loan fund for low-income older homeowners** to add assistive technology, home energy conservation measures, or accessibility modifications.
- ◆ **Provide \$500,000 for the establishment of regional tenant resource centers with housing navigators** to provide support to property owners and tenants by addressing housing responsibilities, reducing conflict, avoiding unnecessary evictions, and to connect older adults with housing options that meet their needs.
- ◆ **Match 50% of federal low-income tax credits with state housing development tax credits and require WHEDA to allocate a dedicated percentage of tax credits be set-aside for older adult housing in its Qualified Action Plan.** See [WAAN's Housing Issue Brief](#).

c) **Transportation Support** - Reliable, accessible and affordable transportation is a frequent concern of older adults across the state. Transportation programs are vital to support the health, well-being, financial security, independence, and community engagement of Wisconsinites who do not drive. Wisconsin's progress advancing home and community-based care, ending isolation, improving health and nutrition, and promoting employment across the lifespan is limited without access to transportation that meets the needs and recognizes the choices of its citizens. **We request:**

- ◆ **A 20% increase (\$183,000) in capital and operation assistance for specialized transportation (s.85.22)** to assist with operations, replacement or acquisition of new transit vehicles and expand mobility management services needed to meet our needs as we age.

Key Issues for Wisconsin Aging Advocates

All links available at <https://gwaar.org/aging-advocacy-online-2021-references>

- ♦ **Inflationary increases for mass transit assistance and specialized transportation assistance for counties and tribes** (s.85.20, s.85.21, and s.85.215 respectively) to ensure we can maintain our existing system while setting the stage for increased funding and capacity in the future.
- ♦ **Statutory authority allowing local units of government the ability to raise revenue for transportation needs.**

See [WAAN's Transportation Issue Brief](#).

4. Lowering Healthcare Costs

- a) **Falls Prevention** - Wisconsin has the nation's highest rate of deadly falls among older adults and the problem is worsening. The rate of deaths from falls among people 65 and older in Wisconsin rose 19.1% from 2016 to 2019, while the nationwide rate increased 7.6% over the same time period. In 2019, 1,675 older adults died from falls. In Wisconsin the medical costs of falls are extremely high: the yearly cost of falls in Wisconsin is nearly \$800 million, including approximately \$137 million in Medicaid expenses and \$147 million in out-of-pocket expenses. To save lives and reduce costs, **we request a \$500,000 annual budget appropriation to reduce Wisconsin's high rate of deadly falls through a statewide support center and proven, locally delivered prevention programs.** See [WAAN's Falls Prevention Issue Brief](#).
- b) **Prescription Drug Costs** - The high cost of prescription drugs force some people to cut back on other essential household expenses and others to ration their medication, potentially risking their health. To ensure all older adults can access the medication they need at a reasonable cost, **we request support for the following proposals:**
 - ♦ **Establish a \$50 copay cap on insulin and create an Insulin Safety Net Program** to ensure people do not need to choose between rationing insulin and meeting other basic needs.
 - ♦ **Establish a Prescription Drug Importation Program to import generic, off-brand drugs from abroad.**
 - ♦ **Create transparency requirements for drug companies and pharmacy benefit managers** to stop prescription drug price gouging and consumer exploitation, and implement other proposals included in the Governor's Task Force on Reducing Prescription Drug Prices final [report](#) that reduce prescription drug costs for consumers, as well as those that improve drug price transparency.

Aging Advocacy

You are the expert!

Telling Your Story to Policymakers

The **Wisconsin Aging Advocacy Network** is a collaborative group of individuals and associations working with and for Wisconsin's older adults to shape public policy to improve their quality of life.

Core Member Organizations:

Aging and Disability Professionals Association of Wisconsin (ADPAW)

Alzheimer's Association Wisconsin Chapter

Wisconsin Adult Day Services Association (WADSA)

Wisconsin Association of Area Agencies on Aging (W4A)

Wisconsin Association of Benefit Specialists (WABS)

Wisconsin Association of Nutrition Directors (WAND)

Wisconsin Association of Senior Centers (WASC)

Wisconsin Institute for Healthy Aging (WIHA)

Wisconsin Senior Corps Association (WISCA)

Wisconsin Tribal Aging Unit Association

Find additional resources

at: <http://gwaar.org/waan>

SOAR

S - Set the scene (Who is the story about? Where are you in the story? How does it affect you? What does it look/feel/sound like?)

O - Obstacles encountered (What is the problem? What are you grappling with, hoping to achieve or accomplish?)

A - Action (What do you need to happen? How is what you are asking going to affect you and/or the people you serve?)

R - Resolution (What is the outcome you are seeking? Make your ask?)

Making your ask!

1. Introduce yourself (Set the scene)

Your name, where you live (you want to establish yourself as a constituent), where you work (if relevant); include details to set the scene for your story - are you a caregiver, aging network professional, other? Is your relationship to the issue personal, professional, both?

2. Introduce your issue and experience (Obstacles and Action)

Introduce your issue and how your issue impacts you or your agency, older adults or caregivers, and/or the community. Share your experience with the issue. How will what you are asking for impact you and/or others?

3. Make your ask (Resolution)

Make sure to let your legislator know what you want. Do you want him/her to introduce a new proposal/bill, support or oppose an existing bill, change a current policy? Increase funding for a particular program?

Participant Controls in a Zoom Meeting

Overview

When you join a Zoom meeting hosted by another user, you are considered a participant, unless the original host [adds you as a co-host](#) or transfers host controls to you. The user who scheduled the meeting or was selected to be the [alternative host](#) (if the host is unable to join) will have [host controls](#). Learn more about [roles in a meeting](#).

Prerequisites

- Zoom desktop client for macOS, Windows, or Linux
- Zoom mobile app for iOS or Android

The participant controls appear at the bottom of your screen if you're not currently screen sharing.

Participants have access to these features:

Join Audio or **Unmute** / **Mute** : Mute and unmute your microphone. Audio Controls (click the ^ arrow next to **Mute** / **Unmute**): Allows you to change the microphone and speaker that Zoom is currently using on your computer, leave computer audio, and access the full [audio settings](#).

Tip: Use the following [keyboard shortcuts](#) to mute or unmute yourself. You can also use [push to talk](#) if you want to unmute yourself by holding the spacebar.

- Windows: **Alt + A**
- Mac: **Shift + Command + A**

Start Video / **Stop Video** : Turns your camera on or off.

Video Controls (click the ^ arrow next to **Start Video** / **Stop Video**): Change cameras if you have multiple cameras, select a [virtual background](#) (if enabled), or access your full [video settings](#).

Participants  : See who's currently in the meeting and [invite others](#). You can also access to these options:

- **Rename**: Hover over your name, click **More**, and choose **Rename** to change your screen name displayed to other participants.

Chat  : Access the chat window to [chat with other participants](#).

Share Screen  : Start a [screen share](#) (if the host allows). You will be able to select the desktop or application you want to share.

Record  : Start or stop a [local recording](#). Participants do not have access to start a cloud recording.

Note: The host will need to [allow local recordings in their account settings, then give you permission to record](#). If you don't have permission to record, use the in-meeting chat or audio to ask the host for permission.

Reactions  : [Meeting reactions, nonverbal feedback, and Raise Hand](#) allow you to communicate issues or feedback to the host or presenter without disrupting the meeting. These reactions are shown on your video panel and next to your name on the participants panel.

Leave: Leave the meeting while it continues for the other participants. Only the host can [end the meeting](#).

To view instructions online or to see instructions for participant controls on an Android or iOS (Apple) device go to: <https://support.zoom.us/hc/en-us/articles/200941109-Attendee-Controls-in-a-Meeting>
