**2021 RES-167**

**AUTHORIZING 2021 BUDGET FOR VICTIM INFORMATION AND NOTIFICATION  
EVERYDAY (VINE) PROGRAM**

Victim Information and Notification Everyday (VINE) is an automated notification system designed to provide crime victims and families up-to-date offender information. VINE allows victims of crime to use the telephone or the internet to search for information regarding their offender's custody status and register to receive telephone or e-mail notification when their offender's custody status changes. VINE notifications are one way crime victims, or the general public, can stay informed about the custody location and custody status of an offender, 24-hours a day, 7-days a week. Crime victims and concerned citizens can register to be notified by phone, email, text message (SMS) or TTY device when an offender's custody status changes. Users can also register through a toll-free number. This notification service is provided at no cost to the user.

2019 RES-494 approved a five-year contract for this service at the following cost:
