To whom it may concern,

We are a group of past and the current TLNA presidents asking that the redistricting commission keep TLN as a single district. In many ways TLNA has had a model relationship with our Alders working in a productive manner on Traffic, Parks, Development and Business development. To separate out TLNA into two districts would make much of that work harder and less effective for our Association. We believe that the geographical nature of our district makes it especially important to have direct communication to a single alder and by splitting the district it would diminish that relationship.
