

2021 RES-197

AUTHORIZING RECLASSIFICATION OF TIRE REPAIRER TO SKILLED LABORER

Dane County's Highway and Transportation Department maintains the County, State and Interstate Highways within the County. The majority of Department staff is classified as Skilled Laborers. Skilled Laborer employees drive the snow plows, mow the grass, repair signs, bridges, beam guard, and various other duties. The reclassification of the Tire Repairer (F14) to Skilled Laborer (F14) will increase the number of employees who are available to meet the needs of the travelling public in Dane County.

Position #856, previously titled Tire Repairer (F14) is vacant. The Tire Repair duties are limited to only working with tires. Tire work at the department does not require a full time position and those duties have been transferred to a mechanic position since the position became vacant on 12/17/19. The mechanic (F16) is also doing regular mechanic duties in addition to the Tire Repair duties.

NOW, THEREFORE, BE IT RESOLVED that the Dane County Board of Supervisors does hereby support and authorize reclassification of Position # 856 Tire Repairer (F14) in the Dane County Department of Highway and Transportation to Skilled Laborer (F14), commensurate with the Department's request and approval of the Department of Administration – Employee Relations Division.
