(revenue/expenditure/text effect)

Increase expenditures and borrowing proceeds in the capital budget by \$500,000 to provide funding to purchase a conservation easement at the ""Voit Farm" property and add the following language to 2021 RES-194: "The 2022 Capital Budget includes up to \$500,000 for the purchase of a conservation easement at the "Voit Farm" north of Milwaukee Street. Once a non-profit or municipality secures a bona fide offer to purchase (or like document) or title to the property, the county would pursue purchase of an easement for a portion of the property suitable for public recreational, agricultural and conservation purposes. The value of the easement will be determined based on an independent appraisal of the portion available for the easement prior to the purchase of the easement. County funds will not be used on acres used for parkland dedication or lands used to meet stormwater and other permit requirements. The final purchase of the easement will be subject to approval of the County board. The easement will be granted on land that is not impaired by a mortgage or other financing encumbrances. These funds will be available for final purchase of the easement until December 31, 2023."
