C. Action Items

D. Discussion Items

Fitchburg Critical Incident Team Update

Lohmeier checked in with the hospitals to see if any progress was found to assist with the critical incident team. SSM has a care management staffer that has been in discussions with Fitchburg. UW also has interest. Meriter asked for more information which will be supplied.

ED Recovery Coaches Update

SSM spoke highly of the success with the recovery coach program. UW doctors present hadn't experienced it personally yet but did confirm it being operational at their locations. Meriter and Stoughton are currently in communications. This is a program where a coach is called in after a patient is transported following an overdose. The coach assists them thru the process of treatment. Lohmeier will work with Meier to message this out to the EMS community for awareness.

"Street Talk" - Discussion on current trends/concerns (opiates, spice, etc.)

This was added to the agenda to discuss the most recent happenings in the field to include synthetic marijuana concerns and opiates. This will also be messaged out to providers.

EMS Week - MAS Recognition

The subcommittee felt cards of thanks to each agency from MAS would be a nice gesture. The hospitals also plan to celebrate with EMS throughout the week as they have in the past. St. Mary's is also hosting a softball tournament!

2018 Protocols - Update

Protocol books have been distributed to agencies and most have begun use.

Workgroup Update and Regroup

The committee as a whole discussed the workgroups and the best plan for meetings. After much discussion they felt that every 3rd meeting broken out into workgroups would be best. This next meeting will be a full meeting and we will discuss in more detail next steps of the workgroups.

E. Reports to Committee

F. Future Meeting Items and Dates

We will invite the recovery coaches to attend and give a summary of their program to the subcommittee.

We discussed if this was a good time for our meetings and the majority felt we should keep this same time.

Next meeting Monday May 14th
