A motion was made by PROBASCO, seconded by SIDRAN to approve the Science and a National Wonder - The Great Lakes, Wisconsin Sea Grant display.

The Sea Grant, a National Oceanic and Atmospheric Administration (NOAA) Grant, is a collaborative program with the UW system. The mission is to support sustainable use of the Great Lakes. The display would offer video loops selected from over 50 large, bold displays. One display case would be devoted to shipwrecks as Wisconsin has more shipwrecks than any other state. In addition, the following would be each in an individual case with individual themes: Sustainability of Water; Aquaculture; boating; invasive aquatic species; water weather emergencies; and K-12 Education. The displays would include artifacts. Handouts were provided. The potential dates would January - June, 2019. The motion carried by a voice vote. (3-0)

Madison Community Foundation

A motion was made by PROBASCO, seconded by SIDRAN, to approve the Madison Community Foundation display. The Madison Community Foundation, in celebration of their 75th Anniversary Year of Giving would provide a grant awards display. The cases would have 3-D, video, and a "Lego" version of the State Capitol Building. Also included would be descriptions of the various foundation grants and their purpose to share their story of giving. Handouts were provided. The motion carried by a voice vote. (3-0)
