C. Action Items

SALT Triage Training Approval and Dates

Williams led a review of the SALT triage training powerpoint. Feedback was relayed. The committee felt more animation is necessary with this for a recorded session. Roman will work with Williams to achieve this. We will plan for recording the training with Fitchburg in early September and set a goal for distribution to EMS agencies by mid month. The EMS office will pull together all supplies for the bags and have them ready for distribution. Meier will pull together a workgroup to look at updating the blue MCI bags as well. The group discussed a consistent triage tag to be used at the treatment area. The consensus was that standardization across the county is key and we should find the funds to supply this. Hillebrand will look into this.
