Minutes - Final Unless Amended by Committee

Emergency Medical Services - Medical Advisory Subcommittee

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

C. Action Items

Infection Control Resource Book - Lohmeier

Dr. Lohmeier gave an overview of progress on the book and there was discussion about the color coding and organization of the table of contents. He discovered at the Region 5 meeting that a similar digital resource is already available in Minnesota. Committee agreed it should be used as a reference and to make note to give it credit. Lang requested a way for quick reference for first responders who are active in the field. Lohmeier will send draft to members and asks that hospital reps talk to infection control staff for input.

Coverdell Stroke Letter from MAS

Committee reviewed letter and agreed to remove Report Card attachment from final draft and then send to EMS providers.

Trauma Alert Discussion and Recommendation for EMS

Committee discussed the use of "Level One Trauma" in the EMS and dispatch field. Dr. Gussick expressed preference for pre-existing protocol with the usage of colors (red, yellow, green). Meier to suggest to Operating Practices Committee to revisit training of this protocol and address this training in upcoming newsletter.

D. Discussion Items

Primary Impression List Update

Meier and elite workgroup to make them more protocol specific and user freindly. Meeting again Wednesday and then they will be done.

E. Reports to Committee

Meier reported 10 Delta moved to ALS steering. Meier also shared 2019 goal of working to look at CARES data and work towards training in high performance CPR.
