#### C. Action Items

##### MCI Trailer Update

*The subcommittee discussed the MCI trailers. After use for a training in Sun Prairie, Lehmann reported that the organization could use updating and would be beneficial to have items organized in the order they will be used. Also having a laminated easy to read from a distance guide to the items on each shelf.  
Items to add would be stop the bleed kits, triage kits and mega movers*

*Lehmann will discuss with those that utilized it and come up with a add and remove list .  
Meier will put a LTE employee on the task of updating this with a small workgroup.*

##### Warm Zone Update

*Wunsch updated the group that Emergency Management will be hosting a discussion on the plan with the three public safety groups on June 19th to update the 2015 protocol/guideline.*

## Salt Triage Update

*Trainings have gone well. Continue to stress the use of the standardized Youtube video to assure consistency with training. Base Hospital will be continuing to do drills twice a month. One will be scheduled and one will be done with no notification prior.*
