Budget Priorities

AAA Manager Sridevi Mohan stated that all of our 2023 Budget Priority requests were granted with money within the Dane County Human Services budget. One exception was Case Management were \$51,000 of \$117,323 request was included in the Human Services budget. We could still make a request to the County Executive and County Board of Supervisors to include this shortage in their budget portion.

Division Administrator Angela Velasquez reported in the time she has been with Dane County she doesn't recall a time when AAA Budget Priorities were included in the Human Services budget.

AAA moving forward- goals and priorities

MOHAN discussed what her goals and vision of the AAA moving forward. Would like AAA to be more state of art and not just on a local/state level but a national. Short-term goal of finding out why/why not programs are being used by underserved communities and understand barriers/needs. Some midterm goals are establishing more trust from our older adults and community partners and providing more meaningful Healthy Aging services. Collecting and sharing more data with community partners and how to effectively improve services. More equitable goals in programs and across the board. Long-term goals of working across all sectors. Work with academia to create evidence base for communities of color/LGBTQIA+/rural and other underserved communities. Need to complete the Aging Plan Goals in place. May need additional staffing in AAA to continue to provide meaningful services/programs and advocacy as the community ages.

WAAN is creating talking points as Humana and Molina are buying our local MCO.
