

Community Justice Council Strategic Plan:

Behavioral Health Priorities

Community Justice Council

September 10, 2025

Justice Mangement Institute used the information provided by the Sequential Intercept Model (SIM) Mapping

Date:	June 25–26, 2025
Location:	Alliant Energy Center(facilitated by PRA)
Participants:	Elected Officials, Behavioral Health providers, Law Enforcement, Courts, Reentry organizations, Peers with lived experience
Focus:	Identifying system intercepts for early intervention
Outcome:	General consensus on gaps, barriers, partnerships, and new opportunities

JMI Strategic Plan Overview

Priority Area #2: Behavioral Health

Goal: Improve outcomes through diversion, coordination, and care access

- 1. Promote/educate stakeholders about the triage center
- 2. Expand peer support
- 3. Adopt countywide warm handoffs
- 4. Data sharing & interagency coordination
- 5. Improve competency & Chapter 51 processes
- 6. Jail & contractor collaboration

Priority Behavioral Health Issues

Issue 1: Service Gaps & Coordination

- Improve warm handoffs from jail-based providers
- Fragmented communication across agencies

Issue 2: Peer Support Expansion

- Demonstrated effectiveness in engagement/outcomes
- Requires sustainable funding, cross-system training, and integration

Subcommittee Engagement

Discussion Questions:

- *Where and how can this subcommittee be most effective?*
- *Which objectives align with your expertise and influence?*
- *How do we ensure accountability and collaboration across agencies?*
