Motion: (revenue/expenditure/text effect) Increase expenditures by \$900,000 to provide additional funding for the Bartillon Mens Shelter and add the following language to 2025 RES-174: "The operating budget includes \$1,146,963 to assist the City of Madison with the operational costs at the new Bartillon Men's Shelter. The intergovernmental agreement to deliver these funds to the city and to set terms, including but not limited to policies and procedures related to shelter operations and services, shall require the approval of the County Board including the Health and Human Needs Committee." Further, the Porchlight-Shelter Operations and Men's Shelter GPR lines should be removed from Appendix A.			
FTE Effect:		-	
Line Item Detail:			
Org	Object	DESCRIPTION:	Amount
80000	36205	SHELTER OPERATIONS	\$900,000
Intent/Justification The Bartillon Shelter is the first "purpose-built" shelter in Dane County in several decades and will provide much improved facilities and spaces with the potential to increase safety, privacy, and trauma-informed supports. With this amendment, the county will be providing significant funding for its operations and should have input into the operating policies and programs. The scope and details of operating policies and programs are still in discussion and time is needed for people with lived experience, advocates, funders, and the operator to flesh out evidenced-based policies that best serve people experiencing homelessness with available funding. The cost of this amendment is proposed as amendment PP&J-O-03 which eliminates 7.0 FTE Deputy I-II positions.			
NET GPR EFFECT:		\$900,000

Motion: (revenue/expenditure/text effect) Increase expenditures by \$600,000 outreach and potential overflow shelter operations and add the following language to 2025 RES-174: "The operating budget includes \$600,000 for homeless outreach and potential shelter overflow operations. These funds will be awarded by the Department of Human Services through an request for proposal process. A draft RFP(s) will be presented to the Health and Human Needs Committee for its reveiw and input. Any contract(s) resulting from the RFP award will be subject to approval by the County Board, including the Health and Human Needs Committee."

Line Item Detail:			
Org	Object	DESCRIPTION:	Amount
80000	NEW	HOMELESS OUTREACH AND OVERFLOW OPS	\$600,000
Intent/Justification This amendment provides \$600,000 in funding for outreach and potential overflow shelter operations needed to serve unhoused and unsheltered households without children due to the expected opening of the new purpose-built shelter at Bartillion Drive which has a capacity limit of 250 shelter guests. The number of households without children has significantly increased and if the Zeier Road temporary shelter operation ends when the new shelter opens, approximately 150-200 households without children will be experiencing unsheltered homelessness. Overflow shelter is particularly important for winter months when people are at risk of injury, including lost limbs from frostbite, and death from having to sleep without shelter. Additional outreach services are needed to provide services to the increasing number of unsheltered people. The cost of this amendment is proposed in amendment PP&J-O-04 which eliminates 5.0 FTE Deputy I-II positions

Motion: (revenue/expenditure/text effect) Increase expenditures by \$124,000 to restore the Immigration Affairs Social Worker (#3645) eliminated in the Department of Human Services budget request.

72354	10153	DENTAL	\$1,800
72354	10250	SALARY SAVINGS	(\$1,600)
Intent/Justification The Immigration Affairs Office (IAO) was established in 2017 in response to a growing immigrant community presenting with complex situations and language needs beyond what the Department could serve within existing resources. IAO filled a service gap to support families and connect them with allowable and available resources, thereby preventing more dire situations from emerging. Eliminating this position will decrease capacity to respond to critical community needs. There's approximately \$74,000 remaining in offset from PPJ O-2 which eliminates vacant deputy positions and there is approximately \$45,000 remaining in offset from PWT O-1 after funding the LWR Parks Div Volunteer Coordinator (the primary recipient of offset from PWT O-1)

Intent/Justification Tellurian gave notice that it would be terminating its contract at the end of December, 2025. Dane County has put out a request for proposals for intoxication monitoring and treatment readiness services but that RFP is still in process and does not include services for involuntary admissions. This budget amendment would provide funding to continue the existing contract under similar terms with Tellurian and fund 3-4 beds for 2-3 months, including involuntary admission bends. This additional time will allow the County to review the responses to the RFP and have further discussions with Tellurian and community stakeholders about the future of these services, including sustainable funding and involuntary admissions.

The ADRC is also the access point for information about long-term care options and applying for public benefits.
