DA1STOFF	10153	DENTAL	\$1,800
DA1STOFF	10250	SALARY SAVINGS	(\$1,300)
Intent/Justification The Clerk III position was created in the 2025 budget via PP&J-O-05. That amendment created a permanent a position that had been fulfilled by a limited term employee. The posiiton was not filled during 2025 and the work continued to be performed by an LTE. The position was then eliminated in the District Attorney's budget request. This amendment restores the position. The cost of this amendment is offset by savings through the elimination of the vacant Special Projects Coordinator position in the Department of Administration.

Intent/Justification The Sheriff's office has a high rate of deputy positions and is not utilizing its authorized funding because it has been unable to fully utilize its position authority and GPR allocation. Funding is desperately needed right now to serve very vulnerable persons in our community who are unhoused. Dane County has partnered with the City of Madison to develop a new purpose-built shelter for men at Bartillion Drive. The City of Madison has allocated \$1.7M for operations and maintenance of the shelter and selected Porchlight as its operator. Additional funds are needed to ensure the shelter will open and operate in 2026. The shelter is intended to provide more housing focused support to reduce the length of time people experiencing homelessness. Improving the shelter experience and reducing homelessness is an alternative to criminalization of homelessness. Data presented to the Community Justice Council shows that people facing housing insecurity are overrepresented in disorderly conduct bookings in the Dane County jail. Addressing root causes, including basic needs like shelter and housing, will be more successful and affordable than criminalization strategies like arrest and incarceration.

Intent/Justification This amendment is proposed as an offset to HHN-O-03. That amendment provides \$600,000 in funding for outreach and potential overflow shelter operations needed to serve unhoused and unsheltered households without children due to the expected opening of the new purpose-built shelter at Bartillion Drive which has a capacity limit of 250 shelter guests. The number of households without children has significantly increased and if the Zeier Road temporary shelter operation ends when the new shelter opens, approximately 150-200 households without children will be experiencing unsheltered homelessness. Overflow shelter is particularly important for winter months when people are at risk of injury, including lost limbs from frostbite, and death from having to sleep without shelter. Additional outreach services are needed to provide services to the increasing number of unsheltered people.

COCCOM	VARIOUS	SALARY AND BENEFITS	(\$269,600)
COCCOM	VARIOUS	SALARY AND BENEFITS	\$166,800
Intent/Justification This amendment reinstates 2 Clerk III positions in the Clerk of Courts to ensure a prompt and effective functionality of the judiciary. This is partially offset by additional revenue in the Clerk of Courts and adjusting compensation for a position that is soon to retire in the Clerk of Courts which will be filled at a lower salary. These positions were not recommended for elimination by the Clerk of Courts in their budget request.

Department:	Sheriff
Program:	Security Services

Motion:
(revenue/expenditure/text effect)

Add the following language to 2025 RES-174: "Pursuant to Wis. Stat. 59.54(16), receipt of revenue from the housing of federal prisoners, Federal Residents in Transit, shall not be authorized unless an agreement with the United States Marshall Service has been approved in advance by the County Board. Prior to pursuing a contract for the housing of federal prisoners, the Dane County Board of Supervisors hereby requests that the Department of Administration and Division of Facilities Management perform a cost analysis for boarding the projected number of Federal Residents in Transit to determine an appropriate daily rate that reflects the actual cost of housing such individuals in the Dane County Jail. Findings of the analysis shall be presented to the Dane County Sheriff's Office and the Public Protection & Judiciary Committee. Any proposed contract for housing federal prisoners should include the rate resulting from the analysis, reflecting the actual cost of housing such individuals in the Dane County Jail.

The Dane County Board of Supervisors hereby requests that the U.S. Marshall Service provide justification to DCSO for each Federal Resident in Transit's housing status in the Dane County Jail, and that Federal Residents in Transit are only housed in the Dane County Jail if they have a pending hearing in Dane County and/or personal connection to Dane County such as former residence or strong social connections. The Dane County Board of Supervisors further asserts that Dane County residents be housed in the Dane County jail and receive priority housing over any Federal Residents in Transit.

The Dane County Board of Supervisors hereby requests that DCSO present findings to the Public Protection & Judiciary Committee by August 2026 with an analysis of jail residents transported outside of Dane County and any changes in volume of transports relative to housing Federal Residents in Transit. The Dane County Board acknowledges and appreciates that daily jail census data continues to include details regarding transports and

Intent/Justification

The 2026 Operating Budget includes \$1.559 million in revenue for housing Federal residents. This amendment clarifies that such revenue is not authorized unless the County Board has approved a contract agreement with the United States Marshall Service and requests that such a contract include a daily rate that reflects actual costs determined by a cost analysis to ensure that Dane County tax payers are not subsidizing the cost of housing people in the federal correctional system.
