Absentee Incident Log

(Please refer to the Election Day Manual for detailed procedures!)

Absentee Incident Number	Incident Code (See glossary)	Description of Incident	Time Incident Occurred	Election Officials Initials
1		Opened ballots & found one with incorrect ward (17/21). It had already been seperated from envelope. All had been checked in on budger book & names checked on Absentee sheet. Most likely voter was sent wrong ballot. We took a new Ward 22 ~~absentee~~ ballot & remade all races except Alder District 3.	9:15 a.m. p.m.	CB
2		Kristin Elizabeth Richtman absentee 2790 Bomeni DR ballot was issued # A523 in badger book. Worker noticed after that it did not have a witness signature or address. Number in budger book vs. tabulator will be off.	10:28 a.m. p.m.	CB
3		Wrong bubble was filled in on remake ~~#~~ 4, so we spoiled that ballot and made a correct one. The original, which was a copy, had the front and back on separate sheets of paper	3:45 a.m. p.m.	KCWM
2 cont		Proper signature was obtained on ballot and we are including it in our regular ballots	6:25 a.m. p.m.	KCWM
