Devon,

After preliminary review, the proposed stormwater plan appears to address all stormwater standards.

The plan will be reviewed in detail when erosion control and stormwater management permits are applied for.

Thank you,

Subject: Rezoning Petition 12250 - 5954 Daentl Service Road

Hello Elliot,

Per the attached staff review for the above referenced rezoning petition, I have included this [ShareFile](#) with the Stormwater Management Plan as requested on page 2 of the same. Please let me know if there is anything else that you require in order to provide the required preliminary-level staff review confirming that the plan will be able to meet the county stormwater requirements.

We would like to have this matter resolved in time to be placed on the next applicable ZLR Committee agenda. I appreciate your help in this regard and have a great weekend!

Thank you,
Devon Pittman
