2025 RES-185

**AUTHORIZING HIGHWAY SAFETY GRANT FUNDING FOR A SEAT BELT
ENFORCEMENT PROJECT**

The Wisconsin Department of Transportation (DOT), Bureau of Transportation Safety, is providing grant funding to the Sheriff's Office for a highway safety program aimed at promoting traffic safety, including vehicle occupant restraint, impaired driving, speed enforcement, and inattentive driving, in Dane County; Grant Number SBE-2026-DANE CO SO-00222, funding is available October 1, 2025 through September 30, 2026. This project is a collaborative effort with the Madison Police Department and the Sheriff's Office to promote traffic safety in the community with an emphasis on seat belt enforcement.

Consistent seat belt use by all vehicle occupants including those in rear seats is the single most effective way to protect against ejection from a vehicle during a crash. A sustained high-visibility seat belt enforcement effort is a proven effective countermeasure in changing driver behavior and increasing seat belt use. Increasing seat belt use will save lives, prevent injuries on Dane County roadways, and positively impact health and safety of citizens in the community.

Total grant award for the seat belt enforcement project is \$118,000. The Sheriff's Office will administer the grant, Madison Police Department will receive \$59,000 and the Sheriff's Office will receive \$59,000 for enforcement efforts.

NOW, THEREFORE BE IT RESOLVED that the Sheriff's Office is hereby authorized to accept \$118,000 from the Department of Transportation, Bureau of Transportation Safety, for the Seatbelt Enforcement Project and the Dane County Executive is authorized to execute the necessary documents for the grant agreement; and

BE IT FURTHER RESOLVED that \$118,000 is appropriated as additional revenue in the Sheriff's Office, Field Services Rural Safety Belt Grant revenue account (SHRFFLD 80718) and is credited to the General Fund; and

BE IT FURTHER RESOLVED that \$118,000 is transferred from the General Fund to the following accounts:

Overtime-Safety Belt (SHRFFLD - 10061)	\$47,100
Retirement Fund (SHRFFLD - 10099)	\$7,200
Social Security (SHRFFLD - 10108)	\$3,600
Workers Compensation (SHRFFLD - 10189)	\$1,100
Seat Belt Enforcement POS (SHRFFLD - 30272)	\$59,000
Total	\$118,000

BE IT FINALLY RESOLVED that all unexpended funds and unrecognized revenues from the above referenced account lines are carried forward from the 2025 budget to the 2026 budget period.

General Contract Terms Seatbelt Enforcement

15975

Purpose of this Agreement

The Bureau of Transportation Safety, housed within the Wisconsin Department of Transportation's Division of State Patrol, serves as the administering agency for state and federal grants relating to transportation safety. The purpose of this Agreement is to enable BOTS to award grant funding to Grantee for eligible costs of the Grant Project ("Grant") undertaken as outlined in the project narrative and work plan. The funds shall be used exclusively in accordance with the provisions of this Agreement, as well as applicable federal and state laws and regulations.

Term

Work conducted under this Grant must occur within the federal fiscal year: October 1 to September 30. This Agreement expires September 30 of the federal fiscal year during which the Grant is conducted.

Implementation

Grantee shall be solely responsible for the design and implementation of the Grant as described in the project narrative and work plan. Grantee agrees to conduct the Grant in accordance with these plans as approved by BOTS. Modification of the Grant shall require prior approval of BOTS. Any change in project coordinator, financial officer, authorizing official, addresses, or telephone numbers requires written notification act BOTS. If the work plan or other documentation must be changed after the contract is signed, Grantee must submit an amendment request via the Wise-Grants System.

Amended activity may not commence prior to BOTS approval.

Failure to perform planned activity may be considered grounds for termination of funding.

Audit Requirements

Single Audit Act Amendments of 1996 (31 U.S. C. 7501-8507)

2 CFR Subpart F - Subpart F—Audit Requirements

(a) Audit required. A non-Federal entity that expends \$1,000,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.

(b) Single audit. A non-Federal entity that expends \$1,000,000 or more in Federal awards during the non-Federal entity's fiscal year must have a single audit conducted in accordance with § 200.514 except when it elects to have a program-specific audit conducted in accordance with paragraph (c) or (d) of this section.

If a non-Federal entity is subject to these requirements, the entity will verify compliance with these requirements and has filed with the Federal Audit Clearing House. BOTS may take corrective action within six months and may require independent auditors to have access to grantee's records and financial statements.

Maintenance of Records

2 CFR 200.334 -- Retention requirements for records.

Financial records, supporting documents, statistical records, and all other non-Federal entity records pertinent to a Federal award must be retained for a period of four years from the date of submission of the final expenditure report or after the expiration of the grant agreement or until any audit findings and/or recommendations from prior audit(s) have been resolved between the grantee and BOTS, whichever is later.

Monitoring by the State

Grantee consents to monitoring by BOTS staff to ensure compliance with applicable state and federal regulations. Monitoring may occur on-site and will require access to original versions of employee payroll information, citations, and other materials related to the implementation of this grant.

Payment of Funds by the State

All highway safety projects are funded on a cost reimbursement basis. State or local funds shall be expended before federal reimbursement is made. BOTS shall reimburse Grantee only for the actual hours worked, and for other eligible costs, and only if the costs are incurred in performing tasks identified within the grant application. Personnel costs shall be reimbursed on the basis of actual hourly salary and fringe rate(s) that have been verified and approved by BOTS, or on the basis of percentage of annual salary and fringe dedicated to project activity as described within the grant application. All expenses for which Grantee seeks reimbursement must be documented in the Project Activity Reports.

Equipment

2 CFR 200.1

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$10,000.

Because of the strict timelines for final claims for reimbursement, it is usually not possible to order, receive and pay for equipment during the last quarter of the grant year. Any piece of equipment that costs more than \$10,000 (including taxes, shipping, and installation), is subject to the Buy America Act. Whether the NHTSA funds are used for the entire purchase or any portion of the purchase, it must be approved in writing by the NHTSA before it is ordered. Contact BOTS to request that approval. Any equipment requested to be purchased, either entirely or partially with grant funding, must be used to support the traffic safety program and pre-approved in writing by BOTS. Further, it shall be used primarily for grant-related purposes during the life of the equipment. The grantee may not deviate from this requirement. The grantee shall be responsible for all operating, maintenance, and repair costs of equipment purchased under this grant contract unless otherwise specified. Grantee must obtain prior written approval from BOTS of any plan to trade-in, sell, surplus, or otherwise dispose of any piece of equipment purchased in whole or in part through this agreement.

Print and Audio Visual Materials

Grantee shall submit all materials developed under this Agreement to BOTS for approval of content and style prior to final production and release. All video materials intended for general public viewing must be close-captioned. Grantee shall credit the Wisconsin Department of Transportation Bureau of Transportation Safety and the National Highway Traffic Safety Administration on all such materials. Grantee may not copyright any portion of materials produced under this Agreement.

Program Income

2 CFR 200.307 Program income.

Program income is gross income derived by Grantee from Grant-supported activities. Program income would include a fee for services (such as a registration fee for a conference or class in full or in part subsidized with federal funds) or fees from the sale of commodities or items made with grant funds. The grantee is responsible for tracking all program income with the same level of detail as federal funds and reporting earned income to BOTS along with invoices. Program Income must be an addition to the project budget provided by BOTS and can only be used for planned activities or purchases that would be considered allowable expenses.

Additional Requirements Where Funds Are Expended on Law Enforcement

- A. Grantee agency certifies that it has a written departmental policy on biased-based policing, or that it will initiate development of one during the grant period.
- B. Grantee agency certifies that it has a written departmental policy on pursuits or that it will initiate development of one during the grant period. The policy should conform to the guidelines of the IACP or a similar pursuit policy.
- C. Grantee agency certifies that it has a written departmental policy on the BAC testing of all drivers involved in fatal vehicle crashes involving alcohol, or that it will initiate one during the grant period. Grantee agency will require a test of all killed drivers and will encourage all surviving drivers to consent to a test.
- D. Grantee agency certifies that it has a written departmental policy on the use of safety belts by employees, or that it will initiate development of one during the grant period.

General Costs of Government

The general costs of government (i.e. supplanting) are unallowable except as provided in 2 C.F.R. §200.474. [2 C.F.R. §200.444]. The replacement of routine or existing state or local expenditures with the use of federal grant funds for costs of activities that constitute general expenses required to carry out the overall responsibilities of a state or local agency is prohibited.

Guidelines for Allowability of Costs

To be allowable under Federal awards, costs must meet the following general criteria [2 C.F.R. §225, Appendix A, C(1)]:

1. Be necessary and reasonable for proper and efficient performance and administration of Federal awards.
2. Be allocable to Federal awards under the provisions of 2 CFR part 225.
3. Be authorized or not prohibited under State or local laws or regulations.
4. Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
5. Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
6. Be accorded consistent treatment. A cost may not be assigned a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
7. Except as otherwise provided for in 2 CFR part 225, be determined in accordance with generally accepted accounting principles.
8. Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
9. Be the net of all applicable credits.
10. Be adequately documented.

Nondiscrimination

During the performance of this contract/funding agreement, the contractor/funding recipient agrees —

1. To comply with all Federal nondiscrimination laws and regulations , as may be amended from time to time;
2. Not to participate directly or indirectly in the discrimination prohibited by any Federal non-discrimination law or regulation, as set forth in Appendix B of 49 CFR part 21 and herein;
3. To permit access to its books, records, accounts, other sources of information, and its facilities as required by the State highway safety office, US DOT or NHTSA;
4. That, in the event a contractor/funding recipient fails to comply with any nondiscrimination provisions in this contract/funding agreement, the State highway safety agency will have the right to impose such contract/agreement sanctions as it or NHTSA determine are appropriate, including but not limited to withholding payments to the contractor/funding recipient under the contract/agreement until the contractor/funding recipient complies; and/or cancelling, terminating, or suspending a contract or funding agreement, in whole or in part; and To insert this clause, including paragraphs a through e, in every subcontract and sub-agreement and in every solicitation for a subcontract or sub-agreement, that receives Federal funds under this program

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;
3. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Restriction On State Lobbying

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

Buy America Act

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

Certification of Conflict on Interest

General Requirements

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward. Based on this policy:

1. The recipient shall maintain a written code or standards of conduct that provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents.
 - a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential sub awardees, including contractors or parties to subcontracts.
 - b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

Disclosure Requirements

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in organizations regulated by NHTSA or in organizations whose interest may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure, and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (A) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interest may be substantially affected by ANHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any recipient, affiliate, proposed consultant, proposed subcontractor, and key personnel of any of the above. Past interest shall be limited to within one year of the date of award. Key personnel shall include any person owning more than a 20 percent interest in a recipient, and the officers, employees or agents of a recipient who are responsible for making a decision or taking an action under an award where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

Prohibition on using grant funds to check for helmet usage

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

Termination

This grant may be terminated upon BOTS' determination that Grantee has materially failed to comply with terms of this Agreement. Termination may be considered among the criteria for subsequent grant awards.

In 2024, 42.6% of persons killed and 20.6% of persons sustaining incapacitating injuries in Wisconsin crashes were NOT wearing seat belts. Many of these people were ejected from their vehicle. Statewide seat belt use was 89.3% in 2024 making Wisconsin's seat belt use rate lower than the national average. It has been estimated that seat belt use by motor vehicle occupants in Wisconsin prevents more than 293 traffic related fatalities and more than 8,000 serious injuries annually.

Seat belt enforcement grant recipients are targeted based upon seatbelt usage data. The intention is to encourage extraordinary seat belt enforcement in areas of the state with low seat belt usage.
