# THE ISSUE

- Low redemption rates of Senior FMNP vouchers in Dane County
- Not all markets are FMNP certified
- Seniors face barriers to accessing traditional farmers markets
- Confusion around how to use the vouchers
- Yellow vendor signs not always posted

“Having the first market at Colonial View Apartments in Sun Prairie was definitely a highlight! I felt the goal of the market was achieved there. Seniors were so appreciative to be able to use their vouchers and openly said that they were not able to go to the farmers market. I felt very good about bringing the market to them.”

- Aline Moreau, Farmer, La Ferme dans la Vallee

“Having the farmer pop-up stand allowed folks who previously couldn’t use the Farmer’s Market Vouchers have a reason to apply for them and a way to use them. So not only did the pop-up give access physically but financially as well.”

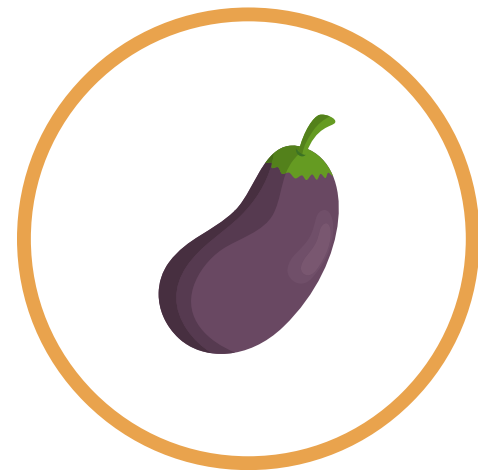

- Kristy Schuster, Services Director, Colonial View
