Subject: Support for Proposal CUP 2646

Dear Members of the Dane County ZLR Committee,
I am unable to attend the public hearing on December 17, but I would like to express my support for the proposed project under petition CUP 2646. George and Tiffany have been exemplary neighbors, and I believe their planned building will benefit them while presenting no concerns to the neighborhood or broader community.

Thank you for considering my input.

Sincerely,

Bryan Gladding
