> The conditional permit (CUP 2682)extension of the dog kennel in a rural residential area it should not be extended. Currently a city of madison green area park is adjacent to their property. They are running dogs off leash, leaving the waste, while driving a golf cart on the bike trails, in the Madison park. Additionally, you can hear dogs barking at odd hours, early and late. Currently, it sounds like 1-5 dogs (not a lot)at this point. Please look into their customer logs. I believe by not bringing in the full capacity of animals the extensions and permits will be easier to obtain.

> I am a resident on Meadow Rd and strongly disagree with a commercial kennel permit in a rural residential area.
