

Ward 1 Write – In Tally

Red
Absentee
Bag

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 1 Certification – We, the undersigned Election Inspectors for **Ward 1** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

Ward 8 Write – In Tally

★★★For County Clerk Envelope★★★

Red
Absentee
Bag

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

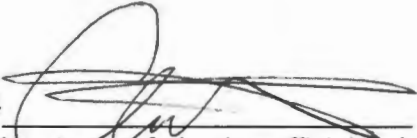

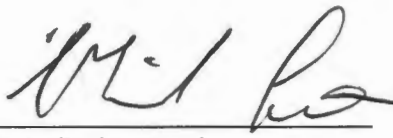

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 8 Certification – We, the undersigned Election Inspectors for **Ward 8** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

Ward 18 Write – In Tally

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 18 Certification – We, the undersigned Election Inspectors for **Ward 18** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 27 Certification – We, the undersigned Election Inspectors for **Ward 27** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 36 Certification – We, the undersigned Election Inspectors for **Ward 36** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

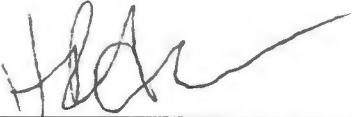

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.

Bag

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 126 Certification – We, the undersigned Election Inspectors for **Ward 126** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 54 Certification – We, the undersigned Election Inspectors for **Ward 54** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. ★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

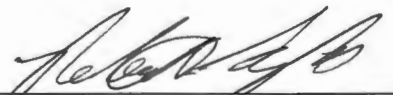

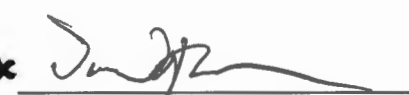

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 64 Certification – We, the undersigned Election Inspectors for **Ward 64** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. - ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 73 Certification – We, the undersigned Election Inspectors for **Ward 73** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are "vote for one," and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 83 Certification – We, the undersigned Election Inspectors for **Ward 83** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

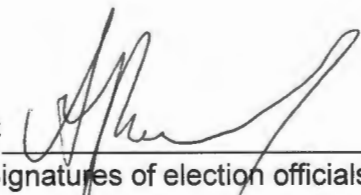

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

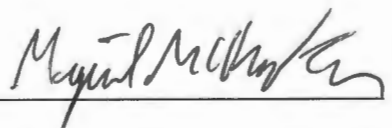

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 94 Certification – We, the undersigned Election Inspectors for **Ward 94** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

Ward 103 Write – In Tally

Red
Absentee
Bag

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

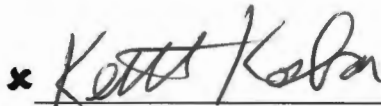

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 103 Certification – We, the undersigned Election Inspectors for **Ward 103** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

Ward 109 Write – In Tally

★★★For County Clerk Envelope★★★

Red
Absentee
Bag

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 109 Certification – We, the undersigned Election Inspectors for **Ward 109** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. - ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.

What does not get tallied?

- ✗ If a name is misspelled or abbreviated to the point that voter intent cannot be reasonably determined, do not tally the vote.
- ✗ If the instructions on the ballot are “vote for one,” and the voter wrote in more than one name for a single office, do not tally the vote.
- ✗ If the voter wrote the name of a registered write-in candidate or placed a sticker containing the name of a registered write-in candidate under an office for which the candidate has not registered, do not tally the vote.
- ✗ If the voter placed a sticker containing the name of a registered write-in candidate in the endorsement section of the ballot or on the back of the ballot, do not tally the vote.
- ✗ If a write-in sticker containing the name of a registered write-in candidate is found in the ballot box and is not attached to any ballot, do not tally the vote.

Ward 118 Certification – We, the undersigned Election Inspectors for **Ward 118** of the City of Madison, Dane County, State of Wisconsin, for the General Election held on November 5, 2024, certify that we have counted write-in votes in accordance with 2013 Act 178. We further certify that the count was duly and legally made, and that those votes have been recorded on this write-in tally sheet, and this statement is correct.

Ward 119 Write – In Tally

Red
Absentee
Bag

★★★For County Clerk Envelope★★★

We are required to tally write-in votes for registered write-in candidates, if any. If anyone registered as a write-in candidate for this election, their names will be pre-printed on the write-in tally sheet for the appropriate office. If the Clerk’s Office pre-printed any names on the attached tally sheets, fan through the ballots at the end of the night to see if you find any write-in votes for these registered write-in candidates.

Determine voter intent.

- ✓ If the name of a registered write-in candidate is misspelled or abbreviated but you can determine voter intent, tally the vote.
- ✓ If the voter wrote only the first or last name of a registered write-in candidate but you can determine voter intent, tally the vote.
- ✓ If the voter wrote the name of a registered write-in candidate but did not fill in the write-in oval, tally the vote. Taking the effort to write the name shows voter intent.
- ✓ If the voter placed a sticker containing the name of a registered write-in candidate by that office on the ballot or along margin of the ballot, tally the vote.
- ✓ If the voter fills in the oval for a candidate on the ballot, and also writes in the name of a registered write-in candidate, tally the vote for the write-in and adjust the tally tape to subtract the vote counted by the tabulator. Document this on the incident log.
