7. Stormwater drainage facilities

- *Storm water drainage facilities of a size and design that will adequately accommodate design volumes of flow and which will present no hazard to life or property shall be installed in accordance with plans and specifications approved by the committee.*

8. Erosion control

- *The subdivider shall cause all gradings, excavations, open cuts, side slopes and other land surface disturbances to be mulched, seeded, sodded or otherwise protected so that erosion, siltation, sedimentation and washing are prevented. The committee may request the subdivider to submit an erosion control plan that specifies measures that will be taken to assure the minimization of erosion problems. The erosion control plan may be reviewed by the soil conservation district to determine the adequacy of the proposed measures. Guidelines, standards and specifications contained within the publication "Minimizing Erosion in Urbanizing Areas" will provide a framework for the development, review and implementation of the erosion control plan.*

9. Street lights

- *Street lights shall be provided in accordance with applicable town specifications.*

10. Street signs

- *Street signs shall be provided in accordance with applicable town specifications.*
