Re: 4873 State Hwy 78 – Derick Rettenmund – parcel 0806-293-8365-0

Dear Hans,

The Town of Black Earth acknowledges that Derick Rettenmund has submitted a zoning application to Dane County Zoning for the construction of an addition to the agricultural building located at 4873 State Hwy 78. The Town recognizes that the existing building is partially located within the highway right-of-way, and the proposed addition to the south side of the building will also extend into the highway right-of-way.

Please let me know if there are any questions.

Sincerely,

*Stephanie Zwettler*
