AUTHORIZING GRANTS OF EASEMENT TO MADISON METROPOLITAN
SEWERAGE DISTRICT- ICE AGE TRAIL JUNCTION NATURAL RESOURCE AREA

The Madison Metropolitan Sewerage District (MMSD) has determined that its existing pumping station in the City of Verona needs additional capacity and a secondary, or relief, force main is needed to provide the additional required system capacity. This project includes a new force main from the City of Verona to US Highway 18/151 corridor through the Ice Age Trail Junction Natural Resource Area. MMSD is requesting a permanent sanitary sewer line easement on approximately 5.745 acres, a permanent access easement on approximately .313 acres and a temporary construction easement on approximately 8.884 acres for the project.

MMSD has offered \$39,750.00 in compensation for the easements based on appraisals. In addition, MMSD will pay \$20,287.00 to Dane County Land and Water Resources for native vegetation establishment maintenance for agreed upon areas along the project corridor.

NOW, THEREFORE, BE IT RESOLVED that the Dane County Board of Supervisors and the Dane County Executive hereby authorize the sale of the above described easements to MMSD according to Wis. Stats. Chapter 27.03(3); and

BE IT FURTHER RESOLVED that the Dane County Clerk, Dane County Land & Water Resources Department Director and the Real Estate Coordinator are authorized to administer the closing and the transfer of the above-mentioned easement to MMSD; and

BE IT FINALLY RESOLVED, that the following accounts be established and adjusted in the Department of Land & Water Resources and that these funds shall carry forward until expended:
