Aaron - Two suggestions. 1) Is there time to share a copy with Jason Tish for his comments? Sorry, I didn't suggest this earlier.

2) There is a section that suggests issues should be referred to the Wisconsin Historical Society to be "resolved."

That could mean a lot of things.

Again, Jason may be able to recommend something here.

I would think something along the lines, "issues will be referred to the State Historic Preservation Office for an advisory review," might work better.

Hello Again,

Thank you to those who have already responded with your comments and feedback regarding the draft comprehensive plan language. I have attached updated language—as of August 24th—that includes the suggested updates and feedback. I have also made updates to the arts/cultural resource section. I am sending out a second call for recommendations and feedback before our final subcommittee meeting on September 12th. We would like to make sure you all have the opportunity to share your thoughts so any desired changes make it into the final draft.

If you have any questions please let Brian and myself know.

Have a great weekend.

Best,
Aaron

Hello Committee Members,

Thank you all for your support of this initiative thus far. Attached is the draft plan language we reviewed at our last meeting. The finalized plan amendments will be approved at our next meeting on September 12th. With that in mind, we would greatly appreciate any final comments or feedback on this draft language. If there are any items you would like added or clarified, please let us know. Even if you have been unable to participate in the process so far, we welcome your comments and feedback. Please e-mail myself and Brian directly, and do not include other committee members in your email.

Also please note **it is essential that we achieve quorum on September 12th**. If you are unable to attend the September 12th meeting, please let us know as early as possible so that we can ensure we do achieve quorum at another time.

Thanks again for sharing your knowledge and expertise, and we look forward to hearing from you.

Regards,

Aaron Levine
