DA1STOFF	10153	DENTAL	\$1,800
DA1STOFF	10250	SALARY SAVINGS	(\$1,300)
Intent/Justification The Clerk III position was created in the 2025 budget via PP&J-O-05. That amendment created a permanent a position that had been fulfilled by a limited term employee. The posiiton was not filled during 2025 and the work continued to be performed by an LTE. The position was then eliminated in the District Attorney's budget request. This amendment restores the position. The cost of this amendment is offset by savings through the elimination of the vacant Special Projects Coordinator position in the Department of Administration.

Motion:
(revenue/expenditure/text effect)

Add the following language to 2025 RES-174: "Pursuant to Wis. Stat. 59.54(16), receipt of revenue from the housing of federal prisoners, Federal Residents in Transit, shall not be authorized unless an agreement with the United States Marshall Service has been approved in advance by the County Board. Prior to pursuing a contract for the housing of federal prisoners, the Dane County Board of Supervisors hereby requests that the Department of Administration and Division of Facilities Management perform a cost analysis for boarding the projected number of Federal Residents in Transit to determine an appropriate daily rate that reflects the actual cost of housing such individuals in the Dane County Jail. Findings of the analysis shall be presented to the Dane County Sheriff's Office and the Public Protection & Judiciary Committee. Any proposed contract for housing federal prisoners should include the rate resulting from the analysis, reflecting the actual cost of housing such individuals in the Dane County Jail.

The Dane County Board of Supervisors hereby requests that the U.S. Marshall Service provide justification to DCSO for each Federal Resident in Transit's housing status in the Dane County Jail, and that Federal Residents in Transit are only housed in the Dane County Jail if they have a pending hearing in Dane County and/or personal connection to Dane County such as former residence or strong social connections. The Dane County Board of Supervisors further asserts that Dane County residents be housed in the Dane County jail and receive priority housing over any Federal Residents in Transit.

The Dane County Board of Supervisors hereby requests that DCSO present findings to the Public Protection & Judiciary Committee by August 2026 with an analysis of jail residents transported outside of Dane County and any changes in volume of transports relative to housing Federal Residents in Transit. The Dane County Board acknowledges and appreciates that daily jail census data continues to include details regarding transports and

Intent/Justification

The 2026 Operating Budget includes \$1.559 million in revenue for housing Federal residents. This amendment clarifies that such revenue is not authorized unless the County Board has approved a contract agreement with the United States Marshall Service and requests that such a contract include a daily rate that reflects actual costs determined by a cost analysis to ensure that Dane County tax payers are not subsidizing the cost of housing people in the federal correctional system.

Amend Table 7 of 2025 RES-174 such that position authority for the following positions be retained and noted as unfunded rather than eliminated:

- Janitor – Department of Administration (#2542)
- Humane Officer – Board of Health (#2729)
- Paralegal I – DA's Office (#3615)
- Collections Specialists – Human Services Administration (#1013)
- Clerk I-II – Human Services Children Youth & Families (#1366)
- Information & Assistance Specialist – Human Services Disability & Aging Services (#2883)
- Park Ranger – Land & Water (#1550)
- Lead Communicator – Public Safety Communications (#3412)
- Lead Communicator – Public Safety Communications (#3414)
- Classifications & Hearing Specialists – Sheriff's Office (#2075)
- Social Worker – Sheriff's Office (#3622)
- Clerk IV – Sheriff's Office (#504)
- Regional Housing Project Assistant – Planning & Development (#3567)
- Volunteer Coordinator--Land and Water Resources (#2005)

Intent/Justification

This amendment proposes to reverse the elimination of the following positions as outlined in the County Executive's budget, while maintaining the original fiscal intent of the latter by non-funding each. The identified positions will remain in the organizational chart with no funding and absent an authorization to hire. The practical effect of this amendment is to allow the board, for one year, to examine the ongoing impact for these positions on each affected department's performance.

Motion: (revenue/expenditure/text effect) Add the following language to 2025 RES-174: "The administrative cost ceiling for human service provider agencies for programs reimbursed for monthly agency expenses for service costs shall be increased to 15% of the approved program budget total for 2026 funded contracts. This administrative ceiling applies to allowable and reasonable administrative support costs. Administrative funding adjustments will be offset by corresponding direct service cost reductions for budget neutrality."			
Line Item Detail:			
Org	Object	DESCRIPTION:	Amount
Intent/Justification Dane County purchases most of the human services delivered to county residents from POS agencies. The allowable administrative cost rate varies depending on each contract but costs are never allowed to exceed 15%. POS agencies have expressed concern that their contracted administrative cost rates are too low. While there is a procedure for obtaining an administrative rate contract variance, the county rarely—if ever—approves a variance. County POS agencies continue to face a number of challenges to the viability of their work related to increasingly complex client needs, state and federal funding cuts, proposed county funding cuts, health insurance cost increases, and recruitment and retention of staff. Meeting these challenges involves additional administrative time. This amendment would require all 2026 human services program funding contracts to include an administrative cost ceiling of 15% unless such a ceiling is prohibited by law or other contract because of the particular type of funding the county is administering for that POS contract.

Intent/Justification Dane County allocated \$100,000, to be spent over two years, in federal ARPA funds to a program for hotel stays for families experiencing unsheltered homelessness. This allocation lasted about 2 years. The Homeless Services Consortium's statement of need from October 2025 states that there are currently 10 families experiencing unsheltered homelessness. The Bartillon Shelter is the first "purpose-built" shelter in Dane County in several decades and will provide much improved facilities and spaces with the potential to increase safety, privacy, and trauma-informed supports. With this amendment, the county will be providing significant funding for its operations and should have input into the operating policies and programs. The scope and details of operating policies and programs are still in discussion and time is needed for people with lived experience, advocates, funders, and the operator to flesh out evidenced-based policies that best serve people experiencing homelessness with available funding. 80000	NEW	HOMELESS OUTREACH AND OVERFLOW OPS	\$440,000																												
Intent/Justification This amendment provides \$440,000 \$600,000 in funding for outreach and potential overflow shelter operations needed to serve unhoused and unsheltered households without children due to the expected opening of the new purpose-built shelter at Bartillion Drive which has a capacity limit of 250 shelter guests. The number of households without children has significantly increased and if the Zeier Road temporary shelter operation ends when the new shelter opens, approximately 150-200 households without children will be experiencing unsheltered homelessness. Overflow shelter is particularly important for winter months when people are at risk of injury, including lost limbs from frostbite, and death from having to sleep without shelter. Additional outreach services are needed to provide services to the increasing number of unsheltered people. The cost of this amendment is proposed in amendment PP&J O-04 which eliminates 5.0 FTE Deputy I II positions NET GPR EFFECT: <u>\$440,000</u>

Intent/Justification The Immigration Affairs Office (IAO) was established in 2017 in response to a growing immigrant community presenting with complex situations and language needs beyond what the Department could serve within existing resources. IAO filled a service gap to support families and connect them with allowable and available resources, thereby preventing more dire situations from emerging. Eliminating this position will decrease capacity to respond to critical community needs. There's approximately \$74,000 remaining in offset from PPJ O-2 which eliminates vacant deputy positions and there is approximately \$45,000 remaining in offset from PWT O-1 after funding the LWR Parks Div Volunteer Coordinator (the primary recipient of offset from PWT O-1)

Intent/Justification Tellurian gave notice that it would be terminating its contract at the end of December, 2025. Dane County has put out a request for proposals for intoxication monitoring and treatment readiness services but that RFP is still in process and does not include services for involuntary admissions. This budget amendment would provide funding to continue the existing contract under similar terms with Tellurian and fund 3-4 beds for 2-3 months, including involuntary admission bends. This additional time will allow the County to review the responses to the RFP and have further discussions with Tellurian and community system actors about the future of these services, including sustainable funding and involuntary admissions.

Intent/Justification			
As stated on its website, "the ADRC is a one-stop shop for older adults, people with disabilities and their caregivers and families. ADRC staff are unbiased and knowledgeable professionals who listen to your concerns, help clarify your options and direct you to appropriate resources. The ADRC is also the access point for information about long-term care options and applying for public benefits. Services provided by the ADRC are free and available to all Dane County residents regardless of income or assets." Retoring a lead I&A specialist will preserve needed capacity to connect vulnerable Dane County residents with benefits and resources for which they are eligible.

Motion: (revenue/expenditure/text effect) Increase expenditures by \$128,900 and revenues by \$64,450 to restore a 1.0 FTE Regional Housing Project Assistant three year project position (P9-#3621) and add the following language to 2025 RES-174: "Amendment ZLR-O-01 restored the Regional Housing Assistant position in the Planning and Development Department. This position will remain vacant until March 7, 2026. Prior to that date, the Department of Planning and Development will pursue 3 year commitments of outside revenue to support half of the position cost. If such efforts do not reveal adequate funding by March 7, 2026, then the position will not be filled during 2026 and will be deleted in the 2027 budget. The Department of Administration will evaluate the outside funding commitments in making the determination on the future of the position."

Intent/Justification The Village of Black Earth, The City of Sun Prairie, The City of Fitchburg and many other municipalities (about 22) will not see benefit from the RHS program in a way that addresses the supply of housing shortage that continues. Dane County's rural communities demand action to address the systemic problem that is the barrier while overall housing shortage grows. The lack of supply and the lack of action to address this is a large contributor to a lack of affordability. Non-Madison constituents want this addressed for their communities as promised in the last budget.
