BUSINESS.

- 1. Discussion and possible action regarding a Final Certified Survey Map, from Ron & Linda Drogsvold (owner) and Monica Gunderson (agent) to split off approx. 1.010 acres from parcel #0611-022-8001-2, located at 2005 Schadel Rd, and rezone the new parcel from FP-35 to RR-1, map number 250898.**

Supervisor Miller reported out. Linda Drogsvold, Monica & Tom Gunderson were in attendance. This request is to separate the farmstead. The driveway is noted on the Certified Survey Map. This was approved unanimously by the Plan Commission.

Motion by Supervisor Miller, second by Sup. Schuck, to approve the Final Certified Survey Map, from Ron & Linda Drogsvold (owner) and Monica Gunderson (agent) to split off approx. 1.010 acres from parcel #0611-022-8001-2, located at 2005 Schadel Rd, and rezone the new parcel from FP-35 to RR-1, map number 250898. Motion carried 5-0.

- 2. Discussion and possible action regarding a Final Certified Survey Map from Michael & Jennifer Waldner to split off approx. 5.4 acres from parcel #0611-253-9190-0, and rezone to RR-4 for the purposes of building a home, map number 9966.**

Supervisor Miller reported out. The Waldners were in attendance. This was unanimously approved by the Plan Commission. This is for the purpose of building a new home.

Motion by Supervisor Miller, second by Sup. Schuck, to approve the Final Certified Survey Map from Michael & Jennifer Waldner to split off approx. 5.4 acres from parcel #0611-253-9190-0, and rezone to RR-4 for the purposes of building a home, map number 9966. Motion carried 5-0.

- 3. Discussion and possible action regarding a land division request from Keith Comstock, to split off approx. 0.274 acres from parcel #0611-3212-0343, located at 2742 Kegonsa Rd, and retain the SFR-08 zoning for the purposes of creating an additional parcel.**

Supervisor Miller reported out. Keith Comstock was in attendance. The proposal was to split the lot into two lots. One lot over 11,000 sq ft (11,950) and the other is 16,640 sq ft. This meets all the set backs for SFR-08, however the towns comprehensive plan states a minimum of 8,000 sq. feet, but then then the comprehensive plan also states 15,000 sq feet. The Plan Commission voted 5-1 in favor of this. Chair Green stated this is a dilemma, currently under the 2017 comprehensive plan, it states 15,000 square feet is needed for a lot in the sewer district. The 2006 comprehensive plan had the same requirement. He stated the past 20 years anyone that had asked for a smaller lot were turned down. They had to have 15,000 sq ft. Keith is asking for a lot almost 12,000, but not 15,000, what do we do? Further discussion followed. Keith Comstock read a statement he prepared for the Board. He feels this is an appropriate request. He is requesting to create a new SFR-08 parcel, which is a little under 12,000 sq. ft. The remainder parcel 16,640 sq feet. He explained his intent for this request. The Sanitary District has approved this, he is not having any new roads or removing farmland or cause existing homes to be demolished. This would be a tax base increase for the town. None of the surrounding neighbors were in opposition. The County re-write was being worked on, since the Chapter 10 adoption these should be allowed. He has had conversations with Dane County Zoning employees on several occasions and they all indicated this would be alright in accordance to Chapter 10 regulations, where the lots would need to be a minimum of 8,000 sq ft. The Board could approve these requests on a case-by-case basis. He is simply asking to create one parcel. A

lengthy discussion took place. He made reference to 3-lots were approved in 2024 which were under the 15,000 sq ft minimum. His application is not to be considering or proposing any house of any size. It should not be used when considering this. This request is in within CARPC, Pleasant Springs Ordinance and Pleasant Springs and Dane County comprehensive plans. He asked that the town to not deny his request and let the Plan Commission to complete the review process, and approve the final CSM to be brought to the Town Board for final approval.

Further questions were asked of the Board members. Further discussion was held regarding lot sizes in Pleasant Springs and whether conforming or non-conforming, along with what deemed to be fair, and other concerns.

Comprehensive Plan on page 51 states sewer lot sizes should be a minimum of 15,000 sq feet. It was noted RR-1 no longer exists; the code is now SFR-08.

However, in 2024 some lot sizes were approved at less than 15,000 sq ft. due to vacating stub roads in the Town.

There was further discussion.

Motion by Supervisor Olson, second by Sup. Schuck, to approve the request regarding a land division request from Keith Comstock, to split off approx. 0.274 acres from parcel #0611-3212-0343, located at 2742 Kegonsa Rd, and retain the SFR-08 zoning for the purposes of creating an additional parcel. Motion fails 3-2 on a roll call vote with Supervisors Olson and Schuck voting in in favor to approve, and Supervisors Miller, Gouaux, and Chair voting in opposition.

Chair Green stated he had a proposal for Keith Comstock. He suggested approving the split of 0.274 acres off the parcel and deed restrict the new parcel to no residential development until the 2027 comprehensive plan is approved. Keith accepts the proposal.

A new motion was now made by Chair Green who voted in opposition:

*Motion by Chair Green, second by Sup. Miller, to approve the split of .274 acres off of the parcel for a land division request from Keith Comstock, to split off approx. 0.274 acres from parcel #0611-3212-0343, located at 2742 Kegonsa Rd, and retain the SFR-08 zoning for the purposes of creating an additional **parcel and to deed restrict the new parcel to no residential development until the adoption of the 2027 Comprehensive Plan.** Friendly amendment was made to add to the motion “adoption of the 2027 Comprehensive Plan” instead of “at this time” Friendly was accepted. Motion carried 5-0 on a roll call vote with Supervisors Olson, Schuck. Gouaux, Miller, and Chair Green voting in favor.*

- 4. Discussion and possible action regarding a rezone and lot line adjustment request from Pfeiffer Trust (owner) and Talarczyk Land Survey's LLC (agent) to create a new parcel by splitting off approx. 3.31 acres, from parcel #0611-321-8115-0, located at 1832 Oakview Dr, and rezone from SFR-08 to NR-C, and add the remaining acreage to parcel #0611-321-8145-0, located at 1838 Oakview Dr., for the purposes of reconfiguring the existing boundaries.**

Supervisor Miller reported out. David Pfeiffer was in attendance. This was approved unanimously by the Plan Commission.
