The Dane County Board of Supervisors hereby requests that DCSO hold a minimum of 2 public information sessions in the West precinct hosted prior to implementation, which should outline key principles and policies regarding the pilot.

The Dane County Board of Supervisors hereby requests that DCSO provide quarterly reporting to the Public Protection & Judiciary Committee in 2024 on measures of pilot success and lessons learned throughout the implementation, including significant changes to draft policies and procedures and resource needs.

The Dane County Board of Supervisors hereby requests that the Public Protection & Judiciary Committee hold a public meeting in the West Precinct in mid-2024 to gather public input on implementation of the pilot.

The Dane County Board of Supervisors hereby requests that prior to pilot implementation, pilot principles and vision, and draft policies and procedures for camera activation, deactivation, prohibited recording, and records retention, release, and redaction be posted online and available to the public. The County Board of Supervisors recognizes that the purpose of a pilot is to learn and test assumptions regarding body worn cameras, and that all policies and procedures will be reassessed and enhanced throughout the pilot period.

The Dane County Board of Supervisors hereby requests that all updated Body Worn Camera policies and procedures shall be posted online and easily accessible to the public within 18 months of the pilot start date.

The Dane County Board of Supervisors also requests that, pending implementation of a County Board of Supervisors Community Engagement Project in 2024, at least 2 focus groups shall be conducted in the West Precinct and should focus exclusively on perceptions of the implementation of the Body Worn Camera pilot, and that findings from these focus groups should be communicated to the Public Protection & Judiciary Committee and DCSO.

Finally, the Dane County Board of Supervisors requests that a third-party evaluation of the pilot should be included in the 2025 budget focusing on key success measures including increased accountability, transparency, and strengthened relationships with communities served. An evaluation should include focus group sessions for a qualitative evaluation of public perception of the pilot. This input should be targeted to residents of the county's West Precinct where the pilot will occur, and should include perspectives from victims of crime and other community members directly impacted by the pilot. The evaluation will produce a final report summarizing key findings which will be submitted to DCSO and the Public Protection & Judiciary Committee. The report will include recommendations for public reporting measures that should be made available for permanent implementation and/or expansion and summarize findings from the focus groups. The evaluation should prioritize seeking feedback from people of color and undocumented community members in the West Precinct. The evaluation will be dependent on funding available in the 2025 budget.

### DANE COUNTY BOARD OF SUPERVISORS 2024 CAPITAL BUDGET AMENDMENT

Amendment # PPJ-C-03	
Sponsor:	Supervisor Wegleitner

Department:	Sheriff
Program:	Sheriff - Capital Projects

# Motion:

### (revenue/expenditure/text effect)

Reduce expenditures and borrowing proceeds by \$320,000 for the body-worn camera pilot from the 2024 Capital Budget.

Line Item Detail:			
Org	Object	DESCRIPTION:	Amount
CPSHRF	57112	BODY CAMERA PILOT PROJECT	(\$320,000)
CPSHRF	84974	BORROWING PROCEEDS	(\$320,000)

# Intent/Justification

The draft policies, as admitted by the Sheriff, are a work in progress and could be changed. The draft policies, as written, give wide discretion to law enforcement in terms of activation and deactivation. The language does not appear to require activation in any instances because it uses the word "should" instead of "shall". It also uses permissive, not mandatory, language for informing individuals that they are being recorded. Further, BWC pilot language does not guarantee sufficient, timely access to the camera footage to impacted parties and the public. Finally, a body-worn camera pilot proposal should be subject to a racial equity analysis to determine if and how such a pilot should move forward.

### DANE COUNTY BOARD OF SUPERVISORS 2024 CAPITAL BUDGET AMENDMENT

Amendment # PPJ-C-04	
Sponsor:	Supervisor Weigand
Oversight Committee Action:	Public Protection and Judiciary
Personnel & Finance Action:	
Department:	Sheriff
Program:	Capital Budget Resolution

## Motion:

### (revenue/expenditure/text effect)

Add the following language to 2023 RES-191: "No expenditure shall be made from the Capital Projects Fund for the purpose of purchasing a Flock Automatic License Plate Recognition (ALPR) Safety Camera System unless such expenditure has been approved by the Public Protection and Judiciary Committee ("PPJ"). The Sheriff's Office is requested to present its policy on the use of the ALPR Safety Camera System prior to seeking approval for the expenditure.

There is created an Automated License Plate Readers Review Subcommittee under PPJ. The subcommittee shall meet as required to discuss best practices on the usage of ALPR to scan, detect, and identify vehicles or persons-of-interest, and present recommendations to PP&J. The subcommittee membership is as follows: 5 citizen members appointed by the County Board Chair. Four of the 5 members must reside in Dane County municipalities where the Sherriff is the primary law enforcement officer. One member of the Public Protection and Judiciary Committee appointed by the Committee Chair and the Sherriff or their designee."
