## DISABILITY AGING SERVICES (DAS)

### Philosophy & purview:

Purpose: Ensuring children with disabilities and older adults are supported to thrive in inclusive, safe, and just communities.

- Disability Services for Children- Support kids with intellectual or developmental disabilities from birth to 18+ through our Birth-3 and Children's Long-Term Support programs so they can thrive in our community.
- Community Services to Aging & Adults with Disabilities Populations –Provide unbiased access to information and resources, to include dementia support services and benefit specialists, through our ADRC for consumers age 18+ and fund community-based programs and supports for adults age 60+ to include nutrition, case management, socialization, caregiving and health/wellness through our Agency on Aging so they can age in place and continue contributing to the fabric of our communities.
- Adult Protective Services- Investigate abuse/neglect of persons with disabilities and older adults and case manage court ordered adult guardianship and protective placements to keep adults at risk and older adults safe in our community
