2 2025 RES-224
3

4 REAUTHORIZATION OF DANE COUNTY'S
5 SELF-INSURED WORKER'S COMPENSATION PROGRAM
6 & PURCHASE OF EXCESS WORKER'S COMPENSATION COVERAGE
7

8 The Wisconsin Worker's Compensation Act ("the Act") requires all Wisconsin employers
9 to either purchase Worker's Compensation insurance or be self-insured (and thereby assume
10 the responsibility for Worker's Compensation risk and payment without an insurance policy).
11

12 In compliance with Wisconsin Administrative Code DWD 80.60(3), the Dane County
13 Board of Supervisors approves the continuation of the self-insured Worker's Compensation
14 program currently in effect. Dane County will continue to report faithfully all compensable
15 injuries to the Wisconsin Department of Workforce Development ("DWD") and will continue to
16 comply with the Act and all applicable DWD rules.
17

18 Dane County transfers some of the risk of operating its self-insured Worker's
19 Compensation program by purchasing excess Worker's Compensation insurance. The County
20 Controller is authorized to pay the premiums and deductibles associated with this coverage.
21 The specific amount for this policy is provided in the adopted 2026 budget.
