2024 DANE COUNTY PROGRAM BUDGET

Date: January 2, 2024

To: Residents of Dane County

From: Joe Parisi, Dane County Executive
Patrick Miles, Chair, Dane County Board of Supervisors

Re: 2024 Operating and Capital Budgets

The Adopted 2024 Dane County operating budget authorizes \$789,298,454 in expenditures while the capital budget authorizes \$179,216,700. The combined operating and capital budget expenditures total \$968,515,154. The budgets are supported by \$254,553,992 in property taxes and \$90,344,898 in sales tax revenue. The rate of spending supported by property taxes rose by 13.56%.

We would like to thank the County Board of Supervisors for their effective and timely work on this budget. With lots of work and cooperation, we produced a budget that controls spending and improves services for the residents of Dane County and did so quickly and efficiently.

We would also like to thank all of the county staff for their hard work on the budget and many other projects throughout 2023.

DANE COUNTY, WISCONSIN

CITIZENS

MISSION STATEMENT

Dane County government strives to provide high quality and efficient public services that respond to public needs and treat every individual with respect and dignity. Consistent with state statutory authority, county services promote health, welfare and safety for all Dane County residents. Services are provided in the areas of general government, public safety, courts, highways and transportation, health and human services, recreation and education, conservation, and economic development.

DANE COUNTY, WISCONSIN

BUDGET USERS GUIDE

The County's budget is a financial guide for its citizens, staff and elected officials. The purpose of the document is to communicate the initiatives authorized by the County Executive and County Board. This plan accounts for the County's anticipated "income" from various revenue sources (e.g. property tax, sales tax, user fees, etc.) and how those resources are to be used during the fiscal year. The reader will also find background information on County government, the community, and other pertinent statistical data about Dane County. The budget document is organized into ten sections:

INTRODUCTION: This section lists the names of the County Executive, the County Board Chair and the other thirty-six County Board Supervisors. There is an organizational chart of County government showing all of the county departments, elected officials, county board committees and other county boards and commissions. The County's mission statement is also found in this section. There is a profile of Dane County government, which discusses the County's elected officials, departments, and major facilities. There is also a profile of the Dane County community, including information on population and housing, employment and economic data, and quality of life.

BUDGET POLICIES AND STRUCTURE: This section contains the financial and management policies of the County, a discussion of the budget activity structure, basis of budgeting and fund structure, and a description of the County's budget process.

BUDGET OVERVIEW: Provides a summary of program highlights and staff changes for the budget year, as well as a discussion of the County's major revenue sources. This section also provides an overview of revenues and expenditures for all funds for the budget year along with comparative data for the prior and current years. In this section, expenditures are summarized by fund, appropriation and activity, and expenditure category. Revenues are summarized by fund, appropriation and activity, and revenue source category. There is also a schedule of budgeted positions by department and a schedule of changes in budgeted positions.

PROGRAM BUDGET NARRATIVES: This section provides budget information for each of the program budget areas of the County. Each program budget area includes a mission and description, and summary budget information for the prior year, current year and budget year.

2024 ADOPTED BUDGET

BUDGET USERS GUIDE (continued)

The County uses the decision item concept to build the program budgets. Under this concept a Base budget is established for each program which fully funds all existing positions, including anticipated salary and benefit adjustments, funds operating and contractual services at current year adopted amounts, zeros out all operating capital and removes any one-time items included in the current year budget. Base budgets are also adjusted for any expenditure and revenue changes that are required based on approved commitments, such as debt service and depreciation. Departments then request increases or decreases to the Base budget through decision items. Decision items group increases and decreases in various accounts according to their root cause (e.g. inflation, average daily population changes, new activity or service, etc). Decision items are intended to help decision-makers focus attention on the programmatic impact of the request rather than the individual account details. Each program is allowed up to seven different decision items. Each decision item has a brief narrative description of the department's request, a narrative of the County Executive's action on the decision item, and a narrative of the County Board's action on the decision item. In addition, decision items can be initiated at the County Executive and County Board stages of the budget process.

STATISTICAL AND SUPPLEMENTAL DATA: Contains a variety of historical data and charts on operating expenditures by activity, operating revenues by source, equalized valuation, and county taxes for the past 10 years. This section includes demographic information on Dane County, including population, per capita income, school enrollment, unemployment, principal taxpayers, and largest employers, followed a computation of the County's legal debt margin. There are also supporting schedules and information related to the adopted budget, including the County Board resolution establishing the tax levy for the budget, a schedule apportioning the tax levy out across the local municipalities and a schedule of the equalized values used in the apportionment of the levy. Finally, this section also includes salary schedules for the various employee groups of the county.

OPERATING BUDGET APPROPRIATIONS RESOLUTION: This section is the official operating budget adopted by the County Board and approved by the County Executive. The Operating Budget Appropriations Resolution includes the tax levy computation and fund balance analysis, a tax levy history, schedule of appropriations for operations, an operations expenditure and revenue history, list of operating budget carryforwards, schedule of principal and interest payments, and a schedule of budgeted positions.

BUDGET USERS GUIDE (continued)

CAPITAL BUDGET: The Capital Budget section includes an introduction that discusses the scope of the capital budget, the state imposed property tax levy limitation, the capital improvement planning and budgeting process, budget control policies, and financing of the capital budget. The Planned Project Overview is a schedule of capital budget items for the prior year, current year and budget year. The Project Detail Summaries contain a brief description, justification and financing summary for each project in the Capital Budget. When available, an estimate of the project's impact on the operating budget is also included on the project detail summary.

CAPITAL BUDGET APPROPRIATIONS RESOLUTION: This section is the official capital budget adopted by the County Board and approved by the County Executive. The Capital Budget Appropriations Resolution includes the tax levy computation and fund balance analysis, tax levy history, appropriations for capital, capital expenditure history, capital budget carryforwards, and a principal and interest payment schedule.

DEBT: This section includes a schedule of existing debt service by fund and information on the County's outstanding debt as a percent of its legal debt limit.

GLOSSARY: A glossary of common budget terms and acronyms.

INDEX: An alphabetical directory of the budget document.

PROFILE OF DANE COUNTY GOVERNMENT

Dane County government provides many functions and services for its 590,056 citizens through over 2,700 elected and civil service employees. The County acts as an agency for the State of Wisconsin to enforce both state and county laws for the protection of its citizens' livelihood, safety, health and welfare, and property.

The Dane County Board of Supervisors establishes policies for the County. Supervisors are elected from each of the County's 37 supervisory districts (see map above) in the spring of even numbered years. As the County's legislative body, the County Board also approves county ordinances, levies taxes, and appropriates funds for all county services.

The Office of the County Executive was established in 1972 to act as the Chief Executive Officer of the County. The County Executive is a countywide elected position that serves a four-year term, with elections in the spring.

In addition to the County Board and County Executive, there are six elected County officials whose offices are established by the constitution of the State of Wisconsin and who are elected in the fall of every even numbered year.

DANE COUNTY, WISCONSIN

PROFILE OF DANE COUNTY GOVERNMENT (continued)

These offices are the Clerk of Courts, County Clerk, District Attorney, Register of Deeds, Sheriff and Treasurer. Elected officials serve as the head of their respective agencies and carry out the policies established by the State Legislature, the County Board, and the County Executive.

In addition to the six elected officials, Dane County has numerous appointed department heads that administer County, State and Federal regulations specific to their departments. These departments are Administration, Airport, Alliant Energy Center, Corporation Counsel, Emergency Management, Extension, Family Court Services, Human Services, Juvenile Court, Land and Water Resources, Library, Medical Examiner, Office for Equity & Inclusion, Planning and Development, Public Safety Communications, Highway and Transportation, Veterans Service, Waste & Renewables, and the Zoo.

The Dane County Regional Airport plays a vital role in meeting the transportation needs of the Dane County area, as well as striving to enhance the community it serves. Every year, more than a million passengers use the airport. Commercial air service includes Delta, United, Frontier, American, and Sun Country. Typically more than 100 commercial planes depart and arrive the Dane County Regional Airport on an average day.

The Alliant Energy Center is a state-of-the-art convention and exposition center, situated on a landscaped 160-acre campus. The multi-use buildings that comprise the Center campus are typically home to nearly 500 events a year, including professional and amateur sports, concerts, family, trade and consumer shows, agricultural events, conventions and other activities such as the World Dairy Expo. These events typically draw more than 1,000,000 visitors annually. Among the buildings on the campus are the 255,000 square foot Exhibition Hall, the 290,000 square foot New Holland Pavilions, and the 10,000 seat Veterans Memorial Coliseum. The Center campus also includes 5,800 paved parking stalls.

Badger Prairie Health Care Center is a 120-bed, 24-hour nursing facility that provides care to residents paid either through public assistance or private resources. Badger Prairie is an important link in Dane County's health and long-term care systems for older adults and adults with disabilities. The nursing facility, which is operated by Dane County Department of Human Services, provides services and treatment to adults with behavioral emotional or psychiatric disorders that keep them from living with their own families, in the community or in other nursing homes.

DANE COUNTY, WISCONSIN

COMMUNITY PROFILE

Dane County was created by the first Wisconsin Territorial legislature in 1836 and was organized as a separate governmental unit in 1839. The County was named after Nathan Dane of Massachusetts, chairman of the committee that drew up the Ordinance of 1787 for the government of the Northwest Territory.

Population and Housing

Dane County is one of the fastest growing counties in Wisconsin. The 2020 census showed a population of 561,504, which was a 15% increase over the 2010 census. The County's citizens are well educated, with the 2020 census reporting 96% percent of the population age 25 and over as high school graduates, and 51% having a bachelor's degree or higher.

POPULATION BY RACE AND ORIGIN**Population by Age****DANE COUNTY, WISCONSIN**

COMMUNITY PROFILE (continued)

With an estimated 2022 population of 568,203 the County is second only to Milwaukee County for population in Wisconsin. Within the County's 1,238 square miles there are 33 townships, 20 villages and 8 cities. The City of Madison is the largest with 47% of the County's population and 43% of the equalized value. The City of Madison is the Capital of Wisconsin and home to the 45,540 Student University of Wisconsin-Madison.

The effects of this population increase can be seen in the number of residential building permits issued and in the number of housing units available.

DANE COUNTY, WISCONSIN

COMMUNITY PROFILE (continued)Employment and Economic Data

Dane County is home to Epic Systems, a leading healthcare software company, CUNA Mutual Group, a leading provider of financial services to the world's credit unions; American Family Insurance, Exact Sciences, and many other businesses and industries. In addition, Dane County is a leading Wisconsin county in agriculture and livestock production.

Dane County has a rapidly growing high-tech business community that has been fostered by the University of Wisconsin-Madison's world-wide leadership and academic teaching in the areas of biotechnology, medical/biomedical research, micro-electronics, pharmaceuticals, contract research and development, and software and other computer-related equipment.

The annual average unemployment rate in Dane County is consistently below state and national averages. The low unemployment rate can be attributed to the stability of the workforce and types of business located in the County.

DANE COUNTY, WISCONSIN

II. BUDGET POLICIES AND STRUCTURE

FINANCIAL AND MANAGEMENT POLICIES

Dane County is accountable to its citizens, businesses, employees, and other governmental units for the use of public dollars. Its resources should be used wisely to ensure adequate funding for the services, public facilities and infrastructure necessary to meet the community's present and future needs. These financial and management policies are intended to serve as a framework to achieve and maintain the fiscal stability required to accomplish the County's policy goals and objectives.

Balanced Budget

The budgeted expenditures shall equal the sum of revenues generated in the current period and undesignated fund balances applied from prior years. The Adopted 2024 Budget is a balanced budget.

Budget Control

- 1) Expenditures by departments and county officers shall be restricted to amounts designated as appropriations in the budget.
- 2) Where an appropriation contains both revenues and expenditures and revenues are less than projected, the department shall reduce its spending in proportion unless the Personnel & Finance Committee or the County Board approves otherwise in accordance with Section 65.90(5) of the Wisconsin State Statutes.
- 3) Expenditures in excess of the amount appropriated for any department or program shall require either Personnel & Finance Committee approval or County Board approval, in accordance with Section 65.90(5) of the Wisconsin State Statutes.
- 4) The Personnel & Finance Committee is authorized to approve transfers between separately appropriated items within a department and to supplement appropriations for a department from the contingent fund, subject to Section 65.90(5)(b) of the Wisconsin State Statutes. The Personnel & Finance Committee shall act in consultation with and upon the recommendation of the department's oversight committee.
- 5) No funds shall be expended nor committed for the purchase, lease, rent or building of real estate unless the Personnel & Finance Committee and the supervisor of the district in which any such real estate is located are

2024 ADOPTED BUDGET**FINANCIAL AND MANAGEMENT POLICIES (continued)**

notified in writing of the proposed purchase, lease, rent or building at least 15 days prior to introduction of the resolution authorizing the purchase, lease rent or building.

- 6) Notwithstanding provisions contained in Chapter 25, Dane County Ordinances, no disbursement of funds shall be made to non-county agencies for which a separate appropriation has been made, until a contract has been adopted by the County Board and approved by the County Executive.
- 7) The Department of Administration shall provide quarterly written reports to the County Board regarding actual year-to-date and projected year-end expenses and revenues compared to budgets for each program, showing totals by appropriation. The report shall highlight appropriations projected to be over-expended at year-end. The report shall be reviewed regularly with the Personnel & Finance Committee and shall be reviewed with other standing committees upon request.
- 8) No expenditure in excess of \$5,000 for operating capital items not included in the detail of the county's accounting system shall occur without County Executive approval.
- 9) Purchase of an operating capital item may not exceed 10% or \$100, whichever is greater, of the amount allocated in the detail of the county's accounting system provided a sufficient unexpended balance remains from previously purchased operating capital items.
- 10) No operating capital expenditures may be incurred prior to April 1 of each year without prior approval of the County Executive.
- 11) Capital Projects to be financed with borrowed funds may not proceed in advance of borrowing except with prior approval of the County Board and County Executive.
- 12) All agencies having limited term employee or overtime lines shall not expend in excess of the amount allocated in the detail of the accounting system in either category without the following approvals: 1) Up to 10% more than the amount allocated in the detail of the accounting system may be expended with the written approval of the County Executive. 2) Actual and anticipated expenditures greater than 10% more than the amount allocated in the accounting system may be expended only with the approval of the Personnel & Finance Committee.
- 13) The Executive's Office shall quarterly report in writing to the Personnel & Finance Committee on LTE/Overtime over-expenditures authorized by the County Executive.
- 14) Any department or office may employ students under a Work Study Program. Salaries of these students are to be paid by the appropriate academic institution in which they are enrolled. Dane County will reimburse participating institutions for the County's share of the cost.

FINANCIAL AND MANAGEMENT POLICIES (continued)

- 15) Contracting with temporary help agencies is prohibited for work in excess of fifteen (15) workdays unless approved in advance by the County Executive.
- 16) Any authorized budgeted position that remains vacant for more than six months shall not be filled without approval of the Personnel & Finance Committee and the County Executive.
- 17) Any permanent transfer of an authorized, budgeted position between departments, or within a department between programs or divisions if the appropriation is at the program or division level, shall be considered a change in the adopted budget which shall require prior authorization by the County Board under Section 65.90(5) of the Wisconsin State Statutes.
- 18) Any temporary transfer of an authorized, budgeted position between departments or within a department between programs or divisions if the appropriation is at the program or division level, for a period in excess of three months shall require an interdepartmental or other agreement, as appropriate, subject to prior review by the Personnel & Finance Committee.
- 19) Any department head may reassign staff within the department as necessary to meet day-to-day staffing needs. Any reassignment which creates a new function or organizational unit or which is intended to or will result in budgetary changes at the program level shall require the prior review of the Personnel & Finance Committee.
- 20) Prior to implementing a hiring or spending freeze, or both, the County Executive shall meet with and provide information to the County Board at a regularly scheduled County Board meeting concerning the financial situation that would require the imposition of such a freeze.
- 21) Revenues proposed by the Executive in the executive budget or approved by the Board shall not include revenue from the sale of a county asset unless there has been an accepted offer to purchase with a closing date during the ensuring fiscal year.
- 22) Revenue received from grants as a result of land acquisition shall only be used for the following purposes: to offset the expense incurred for the land acquisition resulting in the grant, to pay for additional land acquisitions, to pay current or future debt service on county debt, to pay outstanding debt principal – unless this conflicts with the specific grant conditions.

These policies are intended to avoid depleting the General Fund's reserve balance and ensure financial stability, control expenditures related to staff while maintaining good working relationships with the various organizations that represent members of the employee workforce and the employee groups, and ensure that County citizens are being provided with

2024 ADOPTED BUDGET**FINANCIAL AND MANAGEMENT POLICIES (continued)**

the necessary service levels in an efficient manner. These policies are authorized in the Dane County Code of Ordinances, Chapter 29.

Dane County Code of Ordinances, Chapter 7.56 (b) states: Whenever an ordinance amendment creates a new fee or changes an established fee, the ordinance amendment shall be accompanied by an analysis of the costs incurred in providing the service associated with the fee. All fee analyses shall be on a form approved by the Personnel & Finance Committee.

The Adopted Operating and Capital Budget Appropriation Resolutions may contain additional budgetary control provisions that relate to the specific budget year. The County Executive Guidelines may also include specific budgetary requirements related to the specific budget year.

Capital Improvement Plan Policies

- 1) The County shall balance the needs for both maintenance of capital assets and the provision of on-going direct services to citizens. In the process, the County will make every effort to maintain and, where appropriate, enhances its capital inventory.
- 2) The County shall only commit to implementing capital projects within its ability to finance improvements using short and long-term resources. The issuance of debt to finance capital improvements is predicated on the County's ability to service the debt over the life of the issue, without jeopardizing the availability of tax dollars for operating requirements.
- 3) Financing decisions shall balance the use of pay-as-you-go (current financial resources) financing with long-term financing (debt). This use of current financial resources to finance capital improvements reflects the County's restraint in incurring long-term obligations. At the same time, financing decisions should consider the useful life of improvements and spread the cost over their useful life. This ensures that projects are paid for by those who benefit from them.
- 4) The County shall encourage the leveraging of resources to maximize capital improvement efforts. This includes participation in intergovernmental programs, public/private partnerships, utilization of service charges/user fees, and the issuance of debt.

FINANCIAL AND MANAGEMENT POLICIES (continued)

- 5) Capital improvement decisions shall consider the impact of operating and maintenance costs to ensure the County's ability to maintain the capital asset and realize the best ongoing financial outcome.

Debt Policies

- 1) The County shall be conservative in its issuance of debt.
- 2) The County shall restrict long-term borrowing to capital improvements or projects that cannot be financed from current revenues and where the issuance of long-term debt is required; it will be repaid within the project's useful life.
- 3) The County shall, in most circumstances, issue 10-year notes instead of longer-term bonds.
- 4) The County shall issue longer-term bonds only for the Conservation Fund and major building projects.
- 5) The County shall maintain a segregated Debt Service Fund to provide to principal and interest payments.
- 6) The County shall not incur long-term debt to support ongoing operations.
- 7) The County shall maintain a sound relationship with all bond-rating agencies and keep them informed about current projects and other important fiscal events.
- 8) The County shall comply with State of Wisconsin Statute Section 67.03 that states, "The aggregate amount of indebtedness, including existing indebtedness, of any municipality shall not exceed 5% of the value of the taxable property located therein as equalized for state purposes".

Investment Policy

1. The County has adopted an Investment Policy Ordinance to define the county's cash investment policy and to establish the scope, objectives, standards of care and guidelines for safekeeping and custody of the county's investments. The policy provides a selection process for investment management and advisory firms; provides definitions of suitable and authorized investments; provides investment parameters and report requirements, and articulates maximum maturity dates and policy considerations. The investment policy applies to all investment transactions and related activities of the county.

FINANCIAL AND MANAGEMENT POLICIES (continued)

2. The primary objectives of the investment program are safety of principal, maintaining liquidity to meet anticipated requirements, and maximizing the rate of return given the safety considerations and liquidity needs.
3. The investment policy, in its entirety, may be viewed in the Dane County Code of Ordinances Chapter 26 Subchapter II.

THE BUDGET PROCESS

2024 ADOPTED BUDGET

THE BUDGET PROCESS (continued)

Chapters 7 (County Board Rules) and 29 (The Budget Ordinance) of the Dane County Ordinances establish basic parameters for the county budget process. The County's Annual Budget is developed over a nine-month period, beginning in March and ending in late November or early December, except for the budget document preparation, which is completed by January.

During the annual budget process, from March through July, departments develop 5-Year Capital Project and Equipment Plans. These plans include in-depth analyses of projects and equipment for the next five years. The Department of Administration (DOA) prepares recommendations regarding the Capital Improvement Plan requests for review by the County Executive. The priority items for the upcoming year become the basis for the Executive's Recommended Capital Budget.

From March through May, DOA provides staff support to the County Executive in the development of operating and/or capital budget guidelines for distribution to department heads. During this period, the Controller's Office develops the necessary budget materials and revise forms as needed, consistent with those guidelines. This information, along with internal changes and other budgetary information, is compiled into the Budget Manual that provides the basis for the development of each department's program budget(s). During May, the budget staff conducts budget-training sessions for County staff.

DOA provides BASE budgets to departments in the beginning of June. The BASE budget includes full funding of all positions, including anticipated salary and benefit changes, funding at the previous years' adopted amounts for operating expenditures and contractual services, no funds for operating capital, and eliminates any one-time items from the previous adopted budget. Adjustments are made for any expenditure and revenue changes that are required based on already approved commitments, such as debt service and depreciation. Departments may request changes to the BASE budget in the form of a decision item. A decision item is a request to increase or decrease the budget based on the same root cause, such as inflation or the increase in the average daily population of a program. The decision item is used to help the decision-makers focus attention on the programmatic impact of the request rather than the individual account details. The program budget pages identify the decision item, the amounts requested by the department for each decision item, and the action and justification taken on each decision item by the County Executive and County Board.

DOA also provides baseline data for a five-year forecast. Baseline data includes a cost to continue for current programs with assumptions for costs to continue and adjustments for one-time items or grants. Departments project other operating

THE BUDGET PROCESS (continued)

expenditures, revenues, and/or other adjustments for the five-year period. The data is collected along with the departmental budget requests and summarized for the compilation of budget requests.

Departments begin developing budgets no later than June. In July and August, departments meet with DOA to submit their budget requests to the County Executive. A compilation of department requests is provided to the County Board no later than 10 working days following the submission of the final departmental budget request, but no later than the Wednesday following Labor Day. In September, the DOA makes recommendations to the County Executive on individual decision items. The County Executive and County Board hold public hearings on the departmental budget requests. The County Executive uses DOA's recommendations and information from the requesting departments to develop the Recommended Budget and accompanying Operating and Capital Budget Appropriations Resolutions, which are submitted to the County Board by October 1st of each year.

In October County Board Standing Committees review the Recommended Budget and propose amendments to the Personnel & Finance Committee. From late October through early November, the Personnel & Finance Committee reviews the budget for financial, policy, and other issues and considers Standing Committee and other amendments. The County Board holds a public hearing on the budget in late October to provide for public comment. Upon completion of deliberations, the Personnel & Finance Committee forwards amendments to the Operating and Capital Appropriations Resolutions to the County Board.

In November, the full Board deliberates on the Executive's Recommended budget as amended by the Personnel & Finance Committee. The Budget Appropriations Resolutions are then adopted in mid to late November, based on the results of deliberations. Following Board adoption, the County Executive has until the next Board meeting that is at least six days, excluding Sundays, after Board adoption of the budget to submit vetoes. The Board meets to review vetoes, if any, and may override them with a two-thirds majority vote.

Once final budget action is completed, the adopted budget document is prepared and made available to staff and the public in mid to late January.

During the year, the budget may be modified by resolution or by funds transfer. Resolutions that modify any appropriation must be adopted (following introduction, debate and passage by simple majority of the department's oversight committee and the Personnel & Finance Committee) by two-thirds vote of the full County Board and approved by the County

THE BUDGET PROCESS (continued)

Executive. Agencies may draft and submit a resolution and fiscal note in the proper format to the County Clerk for introduction to the County Board. Resolutions proposed by department heads appointed by the County Executive must be submitted to the County Executive for approval at least five days prior to introduction to the County Board or any Committee, Board, or Commission. The County Board Chair shall refer the Resolution to the proper standing committee for study and consideration. After meeting to consider the Resolution and producing any substitutes, the committees may make recommendations to the County Board. The County Board shall consider the recommendations of the committees. After action by the County Board, the County Executive approves or vetoes the Resolution. In the event of a veto, the County Board may consider the veto of the Resolution and may override the veto by a 2/3 vote.

The Personnel & Finance committee is authorized to approve transfers between separately appropriated items within a department and to supplement appropriations for a department from the contingent fund, subject to sec. 65.90(5)(b). The Personnel & Finance Committee and the County Executive as well as the department's oversight committee must approve fund Transfers. The Personnel & Finance Committee shall act in consultation with and upon the recommendation of the department's oversight committee.

BUDGET ACTIVITY STRUCTURE

Dane County's budget is structured into seven organizational units, or activities, which group operating departments providing similar services to the community. Each department is further broken down into its functional units, or programs. Programs summarize key statistics involving revenue, expenditures and personnel needed to perform a given function.

BASIS OF BUDGETING AND FUND STRUCTURE

The Dane County budget is prepared in accordance with Generally Accepted Accounting Principles (GAAP). The accounts of the county are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that include its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which the spending activities are controlled.

The use of fund accounting is one of the differences between GAAP for governmental entities and business enterprises. GAAP for government classifies funds into four broad categories: Governmental, Proprietary, Fiduciary and Account Groups. Each of these categories is further sub-divided into generic fund types.

Governmental Fund Types (All of these funds are subject to appropriation)

General Fund

The General Fund accounts for the preponderance of the County's operations with the exception of the Human Services Department and the business type activities recorded in other major funds. It includes all resources not restricted legally to a specific use.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts and major capital projects) that are legally restricted to expenditure for specific purposes.

Board of Health – Accounts for funds that are part of the joint budget for the Board of Health for Madison and Dane County.

Library - Accounts for funds used to maintain and improve municipal public library services.

2024 ADOPTED BUDGET

BASIS OF BUDGETING AND FUND STRUCTURE (continued)

Opiate Settlement – Accounts for funds received as a result of Opiate-related litigation settlements.

Human Services - Accounts for funds used to provide financial assistance, aid to families with dependent children, food stamps, medical assistance and health/welfare services to elderly and physically and developmentally disabled.

Land Information - Accounts for funds used to improve the accessibility of land-related information and to provide a means to place the County in a state-of-the-art business posture to process land-related information.

Bridge Aid - Accounts for funds used for the construction or repair of culverts and bridges within participating municipalities in Dane County under Section 81.38(2) of the Wisconsin State Statutes.

CDBG Business Loan - Accounts for the issuance and repayment of loans from the Community Development Block Grant Business Loan Program.

CDBG Housing Loan - Accounts for the issuance and repayment of loans from the Community Development Block Grant Housing Loan Program.

CDBG HOME Loan - Accounts for the issuance and repayment of loans from the Federal Housing and Urban Development Department's HOME Grant Program.

Commerce Revolving Loan - Accounts for the receipt of grant funds from the Wisconsin Department of Commerce and subsequent issuance and repayment of loans to grant recipients.

DaneCom Fund – Accounts for funds used in support of DaneCom, a radio system used to allow public safety and public service officials to talk across disciplines and jurisdictions.

Debt Service Fund

The Debt Service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

BASIS OF BUDGETING AND FUND STRUCTURE (continued)

Capital Projects Fund

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Proprietary Fund Types (All of these funds are subject to appropriation)

Enterprise Funds

Enterprise Funds are used to account for operations where the intent of the governing body is that the costs of providing services to the general public on a continuing basis be financed or recovered primarily through user charges; or for which periodic measurement of net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Badger Prairie Health Care Center - Accounts for activity associated with the operations and maintenance of the County's health care facility.

Airport - Accounts for the operations and maintenance of the Dane County Regional Airport.

Highway - Accounts for funds used to maintain and improve roadways and alternative modes of transportation within the County's jurisdiction.

Printing & Services - Accounts for printing and related services provided by the Department of Administration to other County departments and other governmental units.

Solid Waste - Accounts for the operations and maintenance of a sanitary landfill serving as a solid waste disposal and recycling center for the entire County.

Methane Gas - Accounts for the operation and maintenance of the County's methane gas operations.

Internal Service Funds

2024 ADOPTED BUDGET

BASIS OF BUDGETING AND FUND STRUCTURE (continued)

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost reimbursement basis.

Workers' Compensation - Accounts for workers' compensation claims on a self-insured basis.

Liability Insurance - Accounts for the purchase of a wide variety of insurance, including property, equipment, computer, boiler, aviation liability, professional liability for nurses, auto comprehensive, and insurance for Emergency Medical Services (EMS) districts throughout the County.

Consolidated Food Service - Accounts for the activities of the food service operation that provides meals to the Badger Prairie Health Care Center, Dane County Jail System, Juvenile Detention Center, and other smaller agencies.

Fiduciary Fund Types (These funds are not subject to appropriation)

Trust Funds

Trust funds account for assets held by a governmental entity in a trustee capacity. For non-expendable trust funds, only the income derived from the principal may be expended in the course of the fund's designated operations - the principal must be preserved intact. For expendable trust funds, both the income and principal may be expended in the course of the fund's designated operations.

Blockstein Memorial Trust - Accounts for the Liesl Blockstein Awards for Distinguished Community Service in the Arts program. This is a non-expendable trust fund.

John T. Lyle Trust - Accounts for the John Lyle Memorial Scholarship program which awards scholarships to encourage the education of youth, both male and female, in the agricultural areas of Dane County, Wisconsin, in farming and in the making of farm life more enjoyable. This is a non-expendable trust fund.

BASIS OF BUDGETING AND FUND STRUCTURE (continued)

Lyman Anderson Trust – Accounts for the Lyman F. Anderson Agriculture and Land Conservation Center Trust Fund that was established to maintain and care for the conservancy land that is part of the Lyman F. Anderson Agriculture and Land Conservation Center.

Agency Funds

Agency funds account for the receipt and disbursement of various taxes, deposits and assessments collected by a governmental entity, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

Delinquent Special Assessments - Accounts for delinquent special assessments collected for municipalities within the County.

Clerk of Courts Agency Account - Accounts for fines and forfeitures to be disbursed to the County and other municipalities.

State Tax Levy and Special Charges - Accounts for receipts and disbursements for state charges included in property tax billings.

Other - The remaining agency funds account for receipts and disbursements of various taxes and deposits collected by the County, acting in the capacity of agent, for distribution to other governmental units or designated beneficiaries.

Major and Non-major Funds

For government-wide financial statements, funds are also classified as either major or non-major within the governmental and proprietary funds. A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

- ❖ Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or proprietary fund are at least 10 percent of the corresponding total for all funds of that category type, and

2024 ADOPTED BUDGET

BASIS OF BUDGETING AND FUND STRUCTURE (continued)

- ❖ The same element of the individual governmental fund or proprietary fund that met the 10 percent test is at least 5 percent of the corresponding total for all governmental and proprietary funds combined.
- ❖ In addition, any other governmental or proprietary fund that the County believes is particularly important to financial statement users may be reported as a major fund.

The following table summarizes the County's major and non-major funds used for its government-wide financial statements.

BASIS OF BUDGETING AND FUND STRUCTURE (continued)

Accounting and Budgeting Basis

Governmental funds, expendable trust funds and agency funds follow the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgements, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Proprietary funds and non-expendable trust funds are accounted for on the accrual basis. Revenues are recognized in the period in which they are earned; expenses are recognized in the period incurred.

For all funds, the basis of budgeting is the same as the basis of accounting.

Dane County budgets on a line item basis. The line item budget separately lists each expenditure and revenue item for each program, along with the dollar amount for each item. These line items are summarized into broad expenditure and revenue categories for presentation in the budget document. Expenditures are summarized as Personnel Costs, Operating Expenditures, Contractual Services and Operating Capital. Revenues are summarized as Federal, State, Program, Other and Equity.

The table on the following page lists the county departments and the respective funds in which they are accounted.

III. BUDGET OVERVIEW

BUDGET OVERVIEW

A. Spending and Revenue Totals

The 2024 County budget increases the County's net property tax rate from \$2.65 in 2023 to \$2.72 for 2024. The levy increase of \$30.4 million complies with the tax levy limit imposed by the State of Wisconsin which limits tax levy increases to the percentage change in equalized valuation attributable to net new construction, with legal exceptions for recent debt service and other specific allowances.

	2023	2024	Amount of Change	% of Change
Adopted Tax Levy	\$224,151,852	\$254,553,992	\$30,402,140	13.56%
Equalized Valuation	\$83,605,704,500	\$93,315,894,600	\$9,710,190,100	11.61%
Property Tax Rate	\$ 2.68	\$ 2.73	\$ 0.05	1.83%

The budget authorizes total expenditures of \$789.3 million for operations in 2024, which are financed by \$408.2 million of program and outside revenues, \$90.3 million of county sales taxes, \$254.6 million of county property tax levy funds, and \$36.2 million in fund balance. The separate Capital Budget includes \$179.2 million for capital spending in 2024, which is financed by \$182.5 million of borrowing proceeds, outside revenues and retained earnings.

2023 Adopted Budget Summary

	Operating	Capital	Combined
Expenditures	\$789,298,454	\$179,216,700	\$968,515,154

Total Revenue	\$789,298,454	\$179,216,700	\$968,515,154

2024 ADOPTED BUDGET**BUDGET OVERVIEW (continued)**

The combined capital and operating budget for 2024 of \$968.5 million is financed by \$590.7 million in outside revenues, \$90.3 million of county sales taxes, \$254.5 million of county property tax levy funds, and \$32.9 million in fund balance.

The adopted operating expenditures for 2024 show a 10.4% increase from 2023.

Over the past five years operating expenditures have increased an average of 7.18% per year. These increases include state and federal aid that pass through the County that are designated for clients of particular programs, such as Medical Assistance. These increases can be seen in the table below.

Dane County Adopted Operating Expenditures 2020 to 2024

Year	Adopted Operating Expenditures	Percentage Change From Prior Year
2020	\$593,707,780	6.29%
2021	\$615,596,386	3.69%
2022	\$660,707,896	7.33%

BUDGET OVERVIEW (continued)

Dane County arranges its departments within broad program activity categories, such as "general government," "public safety and criminal justice," "health and human services," and so on. As can be seen by the following chart, Health and Human Services expenditures account for more than 39% of the Adopted 2024 Operating Budget expenditures. The next largest percentage is Public Safety & Criminal Justice accounting for over 21% of the operating budget.

B. Staff Changes

The Adopted 2024 Budget includes a total of 2,833.55 FTE positions. This represents an increase of 60.95 FTE from the actual 2023 position total. The Changes in Budgeted Positions schedule, at the end of this section of the document, includes a complete breakdown of all the position changes included in the 2024 Adopted Budget. The following table summarizes by the changes by Public Safety & Criminal Justice, Health and Human Services, and Other County Government programs.

	Change in All County
<u>Function</u>	<u>Full-Time Equivalents</u>
Public Safety/Criminal Justice	18.50
Health and Human Services	19.50
Other County Government	<u>22.95</u>
Total Changes in County Positions	60.95

As the following chart shows, the Health and Human needs programs are the single largest percentage of County staff, making up 36.6% of the total FTE. The Public Safety & Criminal Justice related programs make up the next largest share with 34.7%.

MAJOR REVENUES

The County uses various techniques to forecast revenues depending upon the type and characteristics of a specific revenue line or category. These methods include trend and/or historical analysis, formula based calculations, department or agency advice, and/or estimates from external sources or legislation. Internal and external factors may also impact a revenue projection.

Revenues are classified into source categories and the total budgeted operating revenues are summarized in the following table. Each major category is discussed below the table.

County Property Tax Levy

The property tax levy is the County's largest source of general-purpose revenue. The property tax has been used to finance both the operating and capital budgets. Property taxes are set forth under Chapter 70 of the Wisconsin State Statutes. Due to the varying assessment policies of the 61 municipalities of the County, the property tax is established as a mill rate applied against the equalized value of taxable property in the County. The Wisconsin Department of Revenue, Bureau of Property Tax prepares the equalized value each year. The equalized value does not include Tax Incremental Districts (TID), which are not included in the taxable property upon which county taxes are levied. Property taxes are

2024 ADOPTED BUDGET

MAJOR REVENUES

levied in November or December of the year preceding the budget, based on adoption of the budget, for collection during the budget year.

State Imposed Tax Levy Limitation

Under Wisconsin statutes, county levy increases are limited to the percentage change in equalized valuation due to net new construction between the previous year and the current year. There are exclusions for levy increases from general obligation debt service for debt authorized before July 1, 2005, for debt authorized after July 1, 2005, and for the transfer of service provision between governmental units. Payments for library services and bridge aid are also excluded. The percentage change in net new construction for the 2024 budget is 2.761%. For 2024, the allowable levy is decreased by \$940,508 due to a state aid designed to compensate for the elimination of the tax on personal property. The Adopted 2024 Budget complies with these limitations.

The following table summarizes the property tax levy for the past 10 years.

Budget Year	Total Levy	Equalized Value	Tax Rate
2015	\$154,379,176	\$49,509,314,700	\$ 3.12

MAJOR REVENUES

County Sales Tax

Section 77.70 of the Wisconsin State Statutes allows counties to implement a ½ percent (0.5%) tax on the sale, lease or rental of personal property that is subject to the State of Wisconsin Sales Tax. Retailers remit funds collected to the Wisconsin Department of Revenue, which processes remittances, deducts an administrative fee, and forwards the balance to the County. Adoption of the sales tax was through Dane County Ordinance Amendment 10, 1990-91. The sales tax became effective April 1, 1991.

Sales tax projections are made based on a review of historical collections, current and projected economic conditions, and Wisconsin Department of Revenue projections for state sales tax. Dane County sales tax revenue has traditionally grown at a rate faster than the state sales tax. 2023 sales tax revenue is projected to be up 7.0% from 2022. 2024 sales tax is projected to increase 4.81% over the projected 2023 amount. The following table summarizes sales tax revenues for the last ten years.

MAJOR REVENUES

The increase projected for 2024 reflects strong recovery in economic activity from 2023 and adjusts the budget for expected activity for 2024. Dane County has a relatively stable employment base which typically helps mitigate the local impact of the national economic conditions.

Other Taxes

Other Taxes include statutory interest and penalties, county share of real estate transfer fees, county share of delinquent taxes, and payment in lieu of taxes. The increase in this category is due to an increase in TIF District revenue.

Intergovernmental Revenues

Intergovernmental Revenue is primarily federal and state aids, grant awards including pass-through grants, block grants, intergovernmental charges for services, and general transportation aids. Budgeted revenue in this category is estimated to decrease 4.0%. Approximately 64% of the total in this category is in the Human Services Fund which includes Medical Assistance Program Revenue. The following table shows a summary of Intergovernmental Revenues by Activity.

Activity	2024 Budget	2023 Budget
General Government	\$44,122,798	\$44,205,821
Public Safety & Criminal Justice	\$18,638,289	\$13,756,097

2024 ADOPTED BUDGET

MAJOR REVENUES

- **State Shared Revenue**

State shared revenue is another source of general purpose revenue included in the Intergovernmental Revenue Category. This revenue is expected to increase slightly for 2024. The State of Wisconsin distributes Shared Revenues to local units of government under Chapter 79 of the Wisconsin State Statutes. The payment is comprised of two sub-payments, County/Municipal Aid and Utility Aid. The public utility payment is restricted to municipalities and counties in which public utilities are located. Because public utilities are taxed by the State rather than the local units of government, the public utility component compensates the local unit for their services to the utilities and the possible loss of tax base.

All budget amounts for Shared Revenues are based on annual estimates provided by the Wisconsin Department of Revenue. The following table summarizes state shared revenue payments for the past 10 years.

Year	Aidable Revenue /Base Payment	Basic Utility Payment	Total Shared Revenue
2015 Actual	\$1,577,141	\$2,367,883	\$3,945,024
2016 Actual	\$1,577,141	\$2,365,147	\$3,942,288
2017 Actual	\$1,577,141	\$2,310,549	\$3,887,690
2018 Actual	\$1,577,141	\$2,744,799	\$4,321,940
2019 Actual	\$1,577,141	\$2,774,159	\$4,351,300
2020 Actual	\$1,577,141	\$2,709,728	\$4,286,869
2021 Actual	\$1,577,141	\$2,845,543	\$4,422,684
2022 Actual	\$1,577,102	\$3,017,291	\$4,594,393
2023 Projected	\$1,577,102	\$2,956,277	\$4,533,379
2024 Budget	\$1,577,102	\$3,058,531	\$4,635,633

MAJOR REVENUES

The following chart shows the State Shared Revenue amounts by payment component for the past 10 years.

Licenses & Permits

Licenses and permits revenue is generated by the sale of building permits, dog and marriage licenses, vehicle registration fee, and public health related permit and inspection fees. This category is expected to increase slightly in 2024.

MAJOR REVENUES

Fines, Forfeitures, and Penalties

Fines, forfeitures, and penalties represent revenue received from county ordinance violations, jail penalty assessments, the County's share of State fines and forfeitures, and County parking ramp fines. A slight decrease is anticipated in this category to reflect current expectations.

Public Charges for Services

Public charges for services are revenues received by the County for services provided to non-governmental entities. This category is expected to increase by 3.7% to reflect current expectations.

- **Register of Deeds Fees**

Under Wisconsin State Statutes the Register of Deeds is responsible for providing the official county repository for real estate, personal property and vital records. Sections 59.57 and 69.22 of the Wisconsin State Statutes establish fees for recording real estate documents, making certified copies of birth, death and marriage records, making paper copies of real estate documents and for faxing documents to and from the office. A Wisconsin Real Estate Transfer Return must accompany every deed and land contract that is recorded with the Register of Deeds. Section 77.22 of the Statutes sets a fee of 30 cents per \$100 of market value being transferred. The County retains 20% of the fee and the State gets the remaining 80%. These revenue sources are directly dependent upon the number of documents recorded. Unlike interest earnings, there tends to be an inverse relationship between interest rates and real estate transfer fees. Generally speaking, lower interest rates encourage property sales and mortgage refinancing activity.

MAJOR REVENUES

The table below summarizes these revenue sources for the past 10 years.

Year	General Fees/Real Estate Fees	County Share of Real Estate Transfer Fee	Vital Records *	Total
2015 Actual	\$1,332,017	\$2,037,421	\$250,438	\$3,619,876
2016 Actual	\$1,421,206	\$2,299,558	\$255,928	\$3,976,692
2017 Actual	\$1,201,242	\$2,416,971	\$280,653	\$3,898,866
2018 Actual	\$1,392,837	\$2,390,154	\$295,273	\$4,078,264
2019 Actual	\$1,387,255	\$2,614,610	\$290,627	\$4,292,492
2020 Actual	\$1,938,624	\$2,677,086	\$238,752	\$4,854,462
2021 Actual	\$1,685,667	\$3,638,985	\$242,982	\$5,567,634
2022 Actual	\$1,365,841	\$3,361,366	\$246,678	\$4,973,885
2023 Estimated	\$1,700,000	\$2,696,200	\$237,000	\$4,633,200
2024 Budget	\$1,261,900	\$2,696,200	\$237,000	\$4,195,100

In 2014, Real Estate recordings declined primarily due to changes in banking regulations and interest rates impacting refinancing activity. 2015 - 2020 remained at a strong and stable level, while 2021 saw a substantial upturn due to historic levels of mortgage and refinancing activity. 2022 and beyond ushered in another downturn in financing activity due to significant increases in interest rates.

MAJOR REVENUES

Miscellaneous Revenue

Miscellaneous revenue consists primarily of interest income, vending and commissary income, and the sale of recyclable materials.

- Interest on Investments**

The Treasurer, under Sections 59.25(3)(s) and 59.62 of the Wisconsin State Statutes, is responsible for the investment of county funds. Chapter 26, Subchapter II of the Dane County Code of Ordinances, Investment Policy, sets forth the types of investment that the Treasurer can invest in.

The amount received as interest on investments is attributable to two factors – the amount of money on deposit throughout the year, and the interest rates in effect. There is a direct relationship between both of these items and the interest income received, in that higher amounts on deposit and higher interest rates singularly and together result in higher earnings.

The following table summarizes the Treasurer's investment earnings for the last 10 years.

Year	Interest on Investments
2015 Actual	\$87,910
2016 Actual	\$106,337
2017 Actual	\$595,008
2018 Actual	\$1,785,441
2019 Actual	\$2,713,748
2020 Actual	\$922,998
2021 Actual	\$66,982
2022 Actual	\$2,247,078
2023 Projected	\$8,950,000
2024 Budget	\$9,495,960

2024 ADOPTED BUDGET**MAJOR REVENUES**

Interest rates had been low after declining significantly since mid-2007. 2017 – 2019 Interest rates and investment income increased. 2020-2021 declined significantly, but 2022 saw interest rates start to increase with 2023 and 2024 showing rates and income likely at historic levels.

Other Financing Sources

Other financing sources represent contributions toward debt service payments by outside parties and debt service related operating transfers.

Mission:

To effectively represent the people of Dane County, coordinate the administration of Dane County government, and ensure that public resources are effectively and efficiently used to meet citizen needs.

Description:

The County Executive is the chief executive officer of Dane County and is responsible for the overall administration and management of county government. The Executive is also responsible for preparing and submitting the county budget to the County Board. The Executive makes appointments to boards, commissions and committees as set forth in state law or county resolution or ordinance and appoints and supervises the department heads of all county departments except elected department heads and the director of the County Library Board. Also, by state law, the County Executive makes an annual report to the Board and the general public stating the condition of county government. The Office of the County Executive includes Cultural Affairs, Legislative Lobbyist, and Office of Energy & Climate Change.

Dept:	County Executive	09	COUNTY OF DANE	Fund Name:	General Fund
Prgm:	Legislative Lobbyist	104/00		Fund No:	1110

Mission:

To work with the County Executive, the County Board and county departments to develop a legislative agenda for Dane County and lobby the state legislature, the Governor and state agencies to implement that agenda. Also, to lobby where appropriate and necessary on Federal issues.

Description:

The expanding role of the county in providing additional services in partnership with the state and federal governments has increased the need to represent the county's diverse interests at the state and federal levels. The Legislative Lobbyist works with the County Executive, the County Board and other county elected officials and county agencies to develop positions on issues and lobbying strategies. The Lobbyist is responsible for communicating those positions to the Governor, state legislators and state agencies, for drafting legislation and preparing testimony. The Lobbyist also provides ongoing reports to the Dane County Board's Executive Committee.

<p><u>Mission:</u></p> <p>To support public participation in local arts and historical activity; increase public access to the cultural resources of the county; and forge working alliances among the arts producers, cultural institutions, businesses and governmental units of Dane County.</p>								
<p><u>Description:</u></p> <p>Recognizing that artistic enterprise is vital to a strong economy, that the rich and diverse cultural assets of Dane County are indispensable to the public welfare, and that county government maintains an interest in the development and preservation of these resources, the Dane County Board of Supervisors established the Cultural Affairs Commission in 1977. The County Executive appoints the Commissioners, who are approved by County Board. The Commission serves the public through three program areas. Grants: Grants are awarded on a competitive basis two times a year to individuals and nonprofit organizations seeking supplementary support for arts and historical projects. Commission-sponsored projects: These include commissioned art and placement of artwork by Wisconsin artists on governmental publications. Information & referral services: The Commission publishes an annual art poster, an annual art calendar, and produces other materials which promote cultural events and resources.</p>

Mission: To work with elected officials, such as the County Executive, the County Board, Sheriff, District Attorney as well as county departments, community-based organizations and Dane County residents on improving the County's efforts in promoting racial, gender and disability equality in the county's workforce, contracting and service opportunities.								
Description: The Office for Equity & Inclusion furthers Dane County's proven and ongoing commitment to addressing racial, gender and disability disparities. The Office directs Dane County's Equal Opportunity, Affirmative Action, Contract Compliance and Civil Rights compliance functions in order to achieve the most effective outcomes to affirmatively enhance employment and contracting opportunities for minority persons, women, and people with disabilities within County government, in addition to ensuring a safe and harassment free workplace for all county employees. The Office plays a critical role in supporting all county departments, including those led by constitutional officers in developing and implementing a countywide equity plan, conducting policy and program assessment of equity initiatives, and providing ongoing technical support and training. The Office also develops and administers community wide programs which enhance the opportunities for minority persons, women, and people with disabilities in employment, housing, recreation, and economic development with the assistance of the Dane County Equal Opportunity Commission, OEI Advisory Committee and the Racial Equity Strategic planning committees.

Mission:

To provide efficient, effective, accountable, professional, and responsible service in a continuously improving manner to the public in the issuance of marriage licenses and distribution of dog licenses. The County Clerk is also statutorily the secretary for the County Board of Supervisors, and as such, is the preparer of the County Board Proceedings and the custodian of County Board records.

Description:

Under Chapter 59.17 of the Wisconsin Statutes, the Clerk's responsibilities include these areas: coordinating county-wide elections (see Elections Program page); issuing marriage licenses (issuing approximately 3,000 annually, and collecting and paying funds); administering the dog licenses (receiving and distributing licenses to municipal treasurers). Finally, the Clerk serves as recording secretary to the County Board of Supervisors, monitors compliance with open meetings and records laws and maintains files of contracts, resolutions, ordinances, committee minutes and other documents.

Mission:

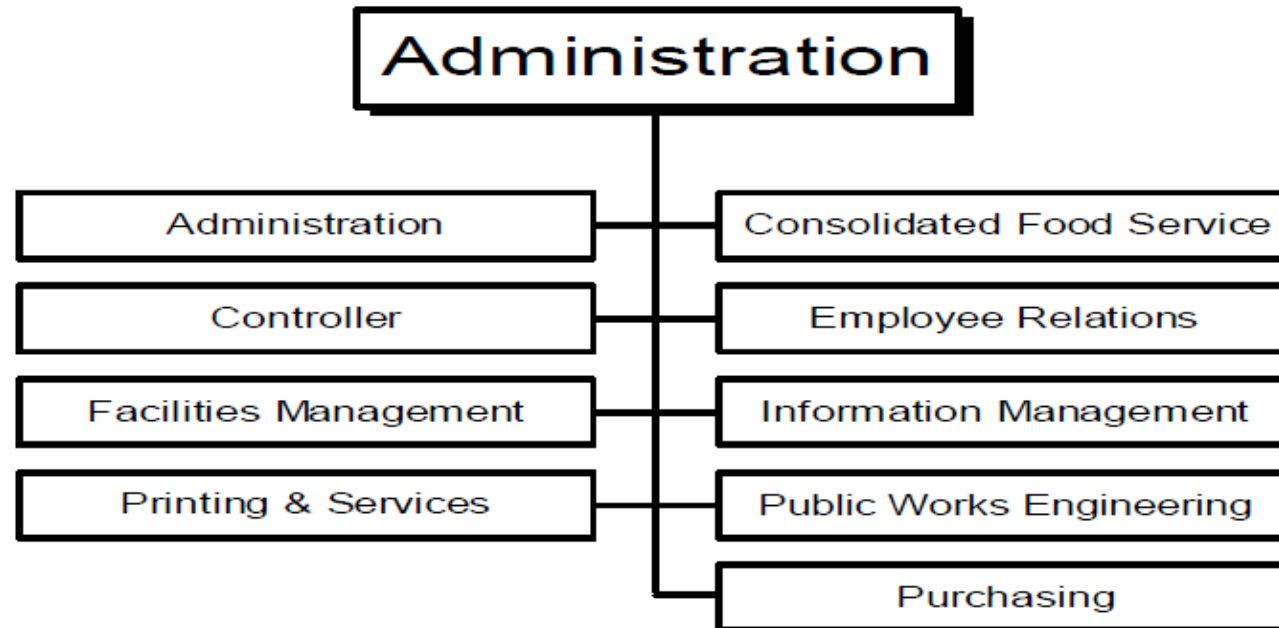

To provide information to the public and training to the municipal clerks and poll workers in the coordination of county-wide elections. To promote a county-wide election system for Dane County.

Description:

Under Chapter 59.17 of the Wisconsin Statutes, the Clerk is responsible for coordinating county, state, and national elections, including publishing notices; preparing, printing and distributing ballots; tabulating returns; training poll workers and municipal clerks; monitoring candidate financial reports for county officers; and storing and maintaining election records. The Clerk is the filing officer for nomination papers and campaign finance reports for County elected offices. Through the filing of various election forms, the Clerk determines whether County candidates qualify for ballot placement. The Clerk, when not a candidate for elections, also serves as a member of the County Board of Canvassers.

Dept:	Administration	15	COUNTY OF DANE	Fund Name:	Workers Compensation
Prgm:	Workers Compensation	146/00		Fund No:	5310

Mission:

To administer a self-insured workers compensation program as authorized by the Wisconsin Workers Compensation Act, Chapter 102 of the Wisconsin State Statutes.

Description:

The Workers Compensation program mandated by state law prescribes certain benefits due injured workers. The County self-finances the cost of this program. Fund costs are allocated to departments based on the type of work performed and actual loss experience, in order to encourage management to actively participate in loss control. The Department's Risk Management staff attempt to improve safety, process claims as due by law, control costs of claims, and assist injured workers to an early return to work.

<u>Mission:</u> Provide information services which improve service quality and efficiency of all county departments. Install and support information management technology for use by county departments.								
<u>Description:</u> The Information Management Division develops administrative policies and procedures designed to improve and coordinate the management information systems of county government. Systems are designed to eliminate non-productive procedures, and accommodate increased program activity, and organize management information to support program evaluation. More than eighty automated systems are operable as a result of data processing applications. The Division supports workstations and the underlying network infrastructure equipment such as file servers, backup systems, and other network communications devices. The Division also implements and maintains application software, Internet web pages, network operating systems, desktop operating systems, and is responsible for security and data administration. End user/customer support is provided through the Dane County Help Desk.

<u>Mission:</u> To procure goods and services, professional and non-professional, required for the operation of Dane County government at the lowest possible cost to the taxpayer, while maintaining the fairness and integrity of public purchasing laws. To administer the Contract Compliance Program. To dispose of surplus property.								
<u>Description:</u> The Purchasing Division evaluates the product and service needs of county government, ensuring availability at the most advantageous cost. Product suitability is determined through application and information research which identifies quality and economic impact. Professional services are acquired through contract administration, which includes development of written requests for proposals, evaluation, interviews (if necessary), negotiations and final vendor selection. The Contract Compliance Program enforces and monitors contractor performance relative to workforce representation of protected groups/members, and promotes and oversees participation and contracting opportunities for businesses operated by minorities, women and people with disabilities.

Prgm:	Printing & Services	142/00:96				Fund No:	5110	
Mission: To provide high quality and economical printing and general administrative services to Dane County and local units of government.								
Description: The Printing and Services Division delivers and processes mail, designs and reproduces printed copies, provides record storage service and manages a vehicle pool for departments and divisions of county government and local units of government. The cost of the Division's services is allocated to departments and local governments based on use; fees encourage agencies to use services efficiently. City of Madison and Dane County agencies located in the City-County Building use a consolidated convenience copier system which combines volume and flexibility to provide high quality reproductions at low cost.

COUNTY OF DANE

Fund Name:

General Fund

Fund No:

1110

Mission:

To provide for the orderly collection, disbursement, and recording of all monies received or disbursed by Dane County. The Dane County Treasurer is also charged with maintaining records of transactions affecting taxes and the safekeeping of all County funds, including the investment of those funds in compliance with State Statutes and County Ordinances.

Description:

Chapter 59.20 of the Wisconsin State Statutes requires the County Treasurer to receive all county monies as directed by statute or ordinance; to disburse funds on order of the County Executive and County Board; to keep a true and accurate account of the receipt and expenditure of all funds processed by the Treasurer's Office; provide the State Treasurer, Department of Revenue and other entities with reports; to keep safe and invest all county funds consistent with state and county policy; to take tax certificates and process foreclosures; and to collect and distribute second installment and delinquent taxes and sell foreclosed property. The Office also calculates and prepares tax bills for 60 municipalities, certifies plats and pays special assessments to taxation districts. The Treasurer serves as Treasurer of the Drainage Board and is a member of the Land Information Office.

Mission:

To provide the official county repository for real estate, birth, death, marriage, domestic partnership and military discharge records affecting citizens in this county. To provide safe, archival storage and convenient access to these records; and to implement statutory changes, system modernization, program and procedure evaluation, and staff development to assure a high level of timely service for users.

Description:

Under Chapters 16, 59, 69, 236, 409, 703, 706, 779, 867 and others of the Wisconsin Statutes, the department provides services in three main areas: Reception and Real Estate reviews, records and indexes documents that affect the rights and interests of citizens in Dane County real estate and the department maintains a tract index of recorded documents making reference to approximately 327,410 parcels in Dane County; Vital Records reviews, indexes and files the legal records of all births, deaths and marriages in Dane County, providing certified copies of these records upon request, and provides a repository for military discharges for veterans; Records Maintenance preserves images of real estate documents according to archival standards and provides public access to these images. The Register of Deeds is also part of the County Land Information Office and collects funds for the Wisconsin Land Information Program to modernize land record keeping systems.

Dept:	Clerk of Courts	30	COUNTY OF DANE	Fund Name:	General Fund
Prgm:	General Court Support	200/00		Fund No:	1110

Mission:

The mission of the Clerk of Courts Office is to provide services essential to the smooth operation of Dane County's court system. The Department strives to be the administrative link between the judiciary and the public in the most efficient, courteous and professional manner possible. The Clerk of Courts/Register in Probate is dedicated to establishing procedures and practices that promote quality public court services in Dane County.

Description:

Chapter 753 of the Wisconsin Statutes established a unified court system, providing for state funding of judge and court reporter salaries. Dane County, in the Fifth Judicial Administrative District, presently has seventeen branches, Clerk of Court's administrative office, as well as the Dane County Legal Resource Center.

The Clerk of Courts/Register in Probate provides administrative services, including case processing, records maintenance, and accounting services related to the receipt and disbursement of fines, forfeitures, restitution and other court-ordered obligations. These responsibilities increase significantly each year as the office undertakes additional collection efforts and the public's demand for open records increases.

Prgm:	Court Commissioner Center	201/00		Fund No:	1110

Mission:

The mission of the Court Commissioner Center is to provide an environment appropriate for the efficient and timely resolution of legal disputes while treating all people with dignity and respect.

Description:

Circuit Court Commissioner functions in Dane County are authorized by the Dane County Board in compliance with Ch. 757.68 Wis. Stats., in order to assure the efficient administration of judicial business in Dane County. Court Commissioners fulfill a quasi-judicial function intended to bring small claims, family, paternity, criminal, juvenile and probate cases to prompt disposition. The volume of cases they hear, particularly those that are presented by pro-se litigants, provide incalculable support to the Dane County judiciary, allowing our judges to focus on more critical in-court activities.

Mission: To provide quality court-ordered legal representation services that serve the best interests of children and incompetent adults.								
Description: Chapter 48.235 of the Wisconsin State Statutes state a guardian ad litem is a court-appointed independent evaluator of the circumstances surrounding a particular court proceeding, who advises and makes recommendations to the court. Guardians ad litem are most often appointed in juvenile, family, paternity and mental health proceedings. The statute mandates that on order of the court, compensation is to be paid by the county.

Mission:

To provide mediation and evaluation services to families referred by the court in divorce and paternity cases.

Description:

Family Court Services provides mediation and evaluation services to Dane County families and courts as directed by the Wisconsin State Statutes. Child custody and placement decisions, reached through mediation, reduce the emotional and financial stressors on families. Custody and placement studies provide Dane County judges with expert opinions based on the best interests of children and save taxpayers the cost of many court hours.

Mission:

To complete inquests of the dead as authorized by Chapter 979 of the Wisconsin State Statutes.

Description:

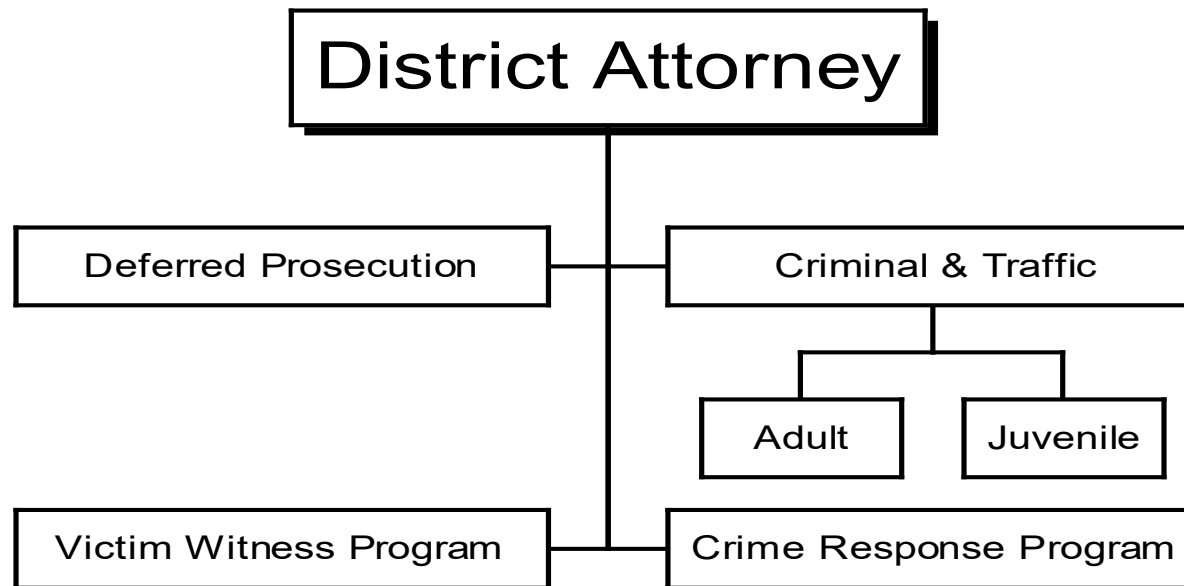

Wisconsin law requires that any person, particularly physicians, and authorities of hospitals or sanitariums, having knowledge of the death of another, shall report such death to the Sheriff, Police Chief, Medical Examiner or Coroner. If the law enforcement officer receiving such a report of death determines that the death may have resulted from unusual, unexplained, or suspicious circumstances, such as homicide, suicide, abortion, poisoning, or accident, with no physician in attendance, or from any other for which a physician refuses to sign a death certificate, the death must be referred to the Coroner or Medical Examiner of the county for investigation. The Medical Examiner must make the investigation to determine how the death occurred, and report the findings of the investigation to the proper authority.

Mission: To represent the interests of the people of the State of Wisconsin and Dane County in adult criminal cases, juvenile delinquency cases, and in any other areas mandated by the Legislature.								
Description: Pursuant to statutes that include but are not limited to Sec. 978.05, Wis. Stats., district attorneys have a mandated responsibility to prosecute all criminal actions in their respective counties, as well as a variety of forfeitures and appeals. These mandatory responsibilities are magnified by the terms of Chapter 950 of the Wisconsin Statutes, which creates civil liability for Dane County if victims and witnesses of crime are not given adequate notice of court events and given opportunities to confer with staff of this office about outcomes on cases and other rights

Prgm:	Victim/Witness Unit	212/00		Fund No:	1110

Mission:

To provide comprehensive services to crime victims and witnesses in an effort to ease the pain of victimization and reduce the confusion and inconvenience caused by involvement in the criminal justice system. All services provided by the Victim Witness Unit are mandated by the Wisconsin Constitution, Chapter 950 of the Wisconsin Statutes, and the Wisconsin Children's Code. Failure to provide these services can result in the assessment of fines against Dane County.

Description:

Victim Witness Unit staff provide the following services to crime victims and witnesses: orientation to the criminal justice process; notice of charging decisions; bail information; notice of case status; confer with victims regarding case disposition; notice of all court hearings; assistance in resolving any court appearance problem; court preparation and accompaniment; travel and hotel arrangements; orientation and referral to the State Compensation Program; assistance with property return; assistance with obtaining restitution; assistance with submitting victim impact statements; notice of case disposition; information regarding Department of Corrections resources; notification regarding appellate proceedings; and referrals to community services. Under Chapter 950 of the Wisconsin Statutes, the State is to reimburse up to 90% of the Victim Witness Unit's costs for provision of mandated services; the remaining costs are covered by the county.

Deferred Prosecution Program

214/00

COUNTY OF DANE

Fund Name:

General Fund

Fund No:

1110

Mission:

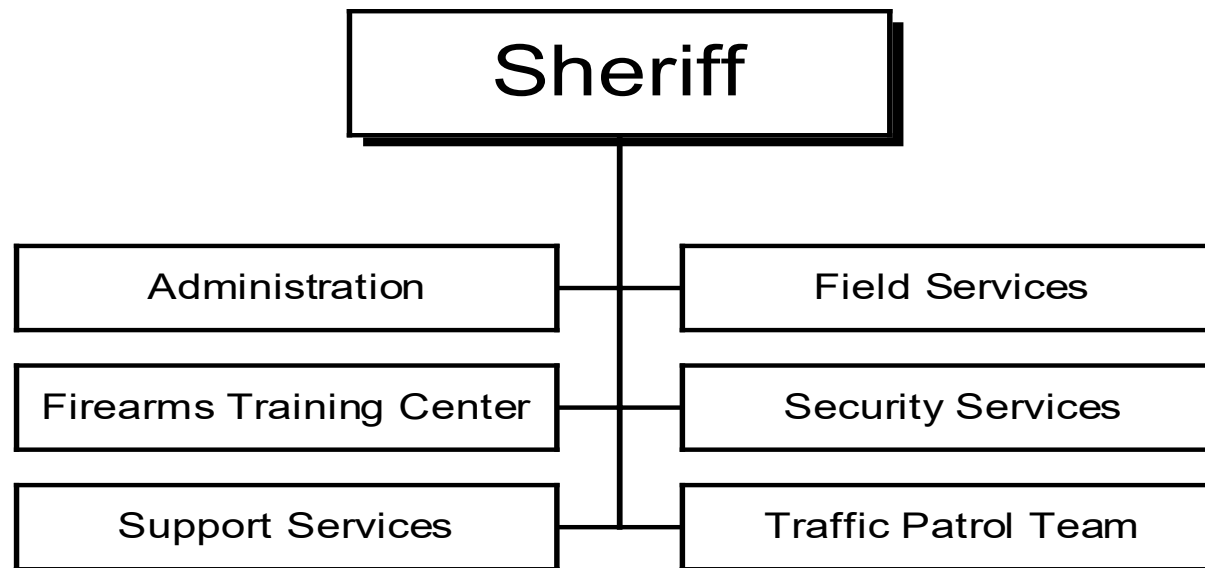

The Deferred Prosecution Unit (DPU) operates within the District Attorney's Office as an alternative to conviction and sentencing. The DPU plays a major role in avoiding overuse of the Dane County Jail by placing certain defendants into appropriate treatment and/or counseling. Supervision of first time offenders is done through contracts and referrals to community resources. The participants benefit from the education and counseling received, as well as the a chance to avoid a criminal conviction.

Description:

The Deferred Prosecution Unit (DPU) takes first time offenders into its program. Approximately 1,000 cases are referred each year. An offender is referred to the program by a prosecutor, returning to court for adjudication only in the event of a failure by the offender to fulfill the terms of his or her contract with the District Attorney's Office. If assessed as appropriate for the program, the offender signs a contract that creates a course of action to limit the chances that the person will repeat the criminal behavior. Offenders agree to attend classes, make restitution, engage in community restitution work, secure needed psychiatric, alcohol and drug treatment, and vocational counseling. The length of the contract averages 9 to 36 months. In return for successful completion of the program, the court agrees to dismiss the case. If the participant does not fulfill the contract, the contract is terminated and the offender is returned to court for further proceedings.

Mission:

To provide budgetary and personnel administration, including hiring and training, for the Dane County Sheriff's Office. To provide, through the Officer in Charge (OIC), command and control for all times other than normal business hours.

Description:

The Dane County Sheriff's Executive Services Division provides command and control of the Dane County Sheriff's Office during evenings and weekends accomplished through the Lieutenant Officer-In-Charge (OIC) Section which is supplemented by Sergeants being assigned to that Section, as required. In addition to being the OIC, Lieutenants are responsible for the supervision of Deputy Sheriff's assigned to second and third shift Task Force. The Division is responsible for preparation and submission of the budget including budget control efforts, projections and adjustments. The Division is also responsible for training. Members of the Training Section consist of a Lieutenant, Sergeant, and 5 Deputy Sheriff III's that administer training including firearms training and are responsible for staff recruitment and retention efforts to ensure a highly diverse and qualified workforce. The Training Section is also responsible for evaluating job performance, including recommendation of Deputies successfully completing probation. The clerical staff in the Division is responsible for scheduling, payroll, accounts payable, hiring, and personnel functions.

<p><u>Mission:</u></p> <p>To provide firearms and other specialized training for county, state, local, and federal law enforcement and military personnel. To provide a facility for firearms safety programs for civilians in and around Dane County.</p>								
<p><u>Description:</u></p> <p>The Firearms Training Center in the Town of Westport has five firearms shooting ranges. Range One is designed for military small arms training and qualifications. Ranges Two and Three are designed for civilian law enforcement agencies to train and qualify with pistols and handguns. Range Four is designated for carbine and shotgun training and qualifications. Range Five is a tactical combat shooting range, designed to allow setup in a variety of situational and scenario programs. It allows not only for training and testing of psychomotor shooting skills, but decision-making skills as well. The facility also has a training building with multiple classrooms and training rooms for general and physical training programs, weapons and ammunition storage, firearms cleaning and armorer's rooms, and office space for facility staff. The Wisconsin Air National Guard uses the facility for training of general military personnel assigned to Truax Field, as well as the Air Security Police detachment.</p>

Mission: To provide a safe, secure and humane environment for individuals committed to the Sheriff's custody, treating those individuals firmly, but with respect and dignity. To provide legal operation of the Dane County Jail within the guidelines provided by Wisconsin State Statutes and the Wisconsin Department of Corrections.								
Description: The Security Services Division is responsible for the operation of a maximum security jail located on the 6th and 7th floors of the City-County Building, a minimum security jail located in the Ferris Center, 2120 Rimrock Road, and the Public Safety Building Jail, 115 West Doty Street, which is a maximum security intake center on the first floor and a medium security jail on the upper floors. The Division holds pre-trial residents for all law enforcement agencies in Dane County, houses sentenced residents, and administers the work release program. The Division also maintains a jail diversion program monitored by deputies, as well as a volunteer resident program where residents donate their time to various community projects.

Mission: Provide support and assistance to individuals, agencies, and local governments to effectively plan for and manage hazards associated with major emergencies and disasters.								
Description: The program operates under the Federal Robert T.Stafford Disaster Relief and Emergency Assistance Act (PL 93-288), Chapter 323 of the Wisconsin State Statutes and Chapter 36 of the Dane County Code of Ordinances, and is a joint responsibility of local, state and federal governments. The Integrated Emergency Management Systems (IEMS) recognizes elements common to all disasters and provides a credible, responsible, effective approach to emergency management.

Mission:

To improve public safety by enabling citizens, businesses, public institutions, emergency responders, and governments to effectively mitigate, prepare for, respond to and recover from major hazardous materials emergencies.

Description:

This program is mandated by P.L. 99-499 (Title III of SARA) and Chapter 323 of Wisconsin Statutes. Section 36.04 of the Dane County Ordinances established the role and responsibilities of the County Local Emergency Planning Committee. P.L. 99-499 mandates development of a comprehensive hazardous material (Hazmat) program to include a county-wide hazmat response plan, off-site facility plans, reviewing and exercising emergency plans, and provision for community outreach and right-to-know programs.

Mission:

Provide for coordination, administration, and maintenance of the county-wide emergency medical service system.

Description:

Under Chapter 15.21 of the Dane County Code of Ordinances, the Dane County Emergency Medical Services (EMS) Commission has the authority and responsibility to ensure the provision of emergency medical services in Dane County. The emergency medical services system includes the arrangement of personnel, facilities, and equipment for the effective and coordinated delivery of health care services under emergency conditions. Dane County and its EMS Commission, through cooperative contractual agreements with local municipalities and respective EMS districts, provide citizens with quality prehospital emergency medical service. The Dane County Emergency Medical Service System is comprised of 24 contracting EMS districts providing medical care and transport to more than 30,000 patients a year. Additional EMS districts from outside the County contract with Dane County for Advanced Skills Training (including EMT-Defibrillation, Advanced Airway, Albuterol, Aspirin, Glucogan, and Epinephrine) and quality improvement services. Dane County EMS fulfills statutory requirements for the provision of program medical director through a contractual agreement with an area physician. The Dane County EMS system is one of the largest cooperative regional programs of its type in the country with more than 1,700 volunteer and paid EMS personnel providing out-of-hospital patient care.

Mission: To provide administrative oversight and supervision of all department programs and all contractual services in the Juvenile Court Program; to provide physical custody intake services under Chapter 938 for juveniles referred for custody by law enforcement as the result of a delinquency allegation and assist the Dept. of Human Services with intake under Chapter 48 (child welfare); and to provide management related to the functioning of the Juvenile Court system.								
Description: This program combines the non-residential and administrative aspects of the Juvenile Court Program into a program unit under the direction of the Juvenile Court Administrator. A variety of programming has been developed in and administered through this department in the past, including the development of a stress challenge program, youth gang prevention programming, the Neighborhood Intervention Program, disproportionate minority contact interventions and other community-based programs which work in conjunction with local law enforcement and service agencies. The physical custody intake portion occurs in the Juvenile Reception Center. 443 juveniles were referred to the department in 2022, including juveniles referred for other custody/intake reasons (e.g. sanctions, violations of existing orders, other counties, etc.). The pandemic continued to reduce the number of referrals for intake in 2022.

Mission: To provide in-house supervision, monitoring and support for juveniles in need of those services, pending court and human service disposition or pending placement in an intensive community-based supervision program.								
Description: Home Detention provides in-home supervision and support to children and families experiencing problems prior to court disposition. Staff seek to do what is necessary to maintain a child at home, pending the involvement of needed treatment resources. In 2022, 151 juveniles were assigned to Home Detention, which was an increase from 121 juveniles in 2021. Approximately 87% of the juveniles assigned in 2022 were minority youth, 83% were male and all juveniles assigned were as the result of a delinquent offense. The range of involvement with the program was 1-162 days in 2022 and the average was approximately 30 days. Home Detention also provides transition supervision for youth waiting to be placed in one of the longer term Intensive Supervision programs operated by the Department of Human Services or a contracted vendor Briarpatch Youth Services.

Prgm:	Detention	234/00				Fund No:	1110	
Mission: To provide safe and secure temporary physical custody and services for juveniles placed in secure custody upon intake and/or by court order or for juveniles placed in detention on a sanction for failing to comply with prior court orders.								
Description: The Juvenile Detention Center, located in the City-County Building, has the capacity to provide secure custody for 30 juveniles and had 244 youth placed in 2022, an increase from 213 in 2021. 81% of the juveniles in residence in 2022 were male and minority youth made up 82% of juveniles in the Detention ADP. 46% of juveniles placed were referred and placed on new delinquency allegations. The remainder were placed for a variety of reasons (missing court, held for Dept. of Corrections, sanctions, violation of interim conditions of custody, juveniles from other counties, etc.). The average length of stay was 11.5 days in 2022, up from 9.5 days in 2021. System wide placement and resource issues seem to have had an impact on the numbers of youth in placement in 2022. Detention has also been able to accept juveniles from other counties and was able to generate outside revenue during 2022 by partnering with these counties. The ADP of these youth was 1.6, up from 0.7 in 2021.

Dept:	Juvenile Court Program	51	COUNTY OF DANE	Fund Name:	General Fund
Prgm:	Shelter Home	236/00		Fund No:	1110

Mission:

To provide short-term residential care and supervision to juveniles in need of out-of-home placement, pending court and human services disposition. Shelter Home continues to be used for a variety of transitional and assessment services for youth either prior to or returning from other treatment programs or terminated from other placements. Shelter Home's mission is "To provide quality services and foster safe passage to youth in need of a temporary home while instilling accountability, teaching competency skills and ensuring community safety".

Description:

The Shelter Home provides short-term custody and care for male and female juveniles, pending return home or placement in other longer-term placements (foster home, group home, residential treatment, etc.). In 2022, 127 juveniles were placed at the Shelter Home, an increase from 101 in 2021. Of the juveniles placed at Shelter Home, minority youth made up 72% of the population and 52% were male, which was a significant decrease from 69% in 2021. The average length of stay was 8.8 days, the average daily population at Shelter Home was 3.3 and the average age of juveniles placed was 14.6. The pandemic and related protocols continued to have an impact on the numbers of youth in placement in 2022. Shelter Home has also been able to accept juveniles from other counties and was able to generate outside revenue during 2022 by partnering with these counties.

Mission: Provide long-term nursing and rehabilitation services to those individuals who are unable to cope in a less restrictive setting due to the complexity of their psychosocial and/or medical needs. A structured therapeutic milieu supports and protects the residents during their treatment. The goal of the facility, made possible by an interdisciplinary collaborative model, is to provide consistent, effective treatment respecting all rights granted to the resident by state/federal law.								
Description: Badger Prairie Health Care Center (BPHCC) is a 120-bed nursing home licensed by the State of Wisconsin to provide skilled medical/psychiatric care to Dane County residents. The facility is governed by state and federal regulations and provides a full range of health care services to residents who are, at least temporarily, unable to effectively function in a community setting or other community treatment facility.

<u>Mission:</u> The mission of the Area Agency on Aging of Dane County is to: <ul style="list-style-type: none">• Advocate for older adults to enable them to maintain full potential and enhance their quality of life;• Affirm the dignity and value of older adults by supporting their choices for living in and giving to our community;• Create and promote opportunities for communication among the entire community.								
<u>Description:</u> Pursuant to the Federal Older Americans Act, the Wisconsin Elders Act, and in cooperation with the Area Agency on Aging Board, staff provide and purchase the following: senior nutrition program, case management services, transportation, elder benefit specialist services, volunteer opportunities, and supports for caregivers of elders and for older adults who are primary caregivers of minor aged family members. AAA also conducts ongoing assessments of service system capacity and gaps, develops a three year County Aging Plan including initiatives consistent with identified needs and gaps. AAA coordinates services offered by Dane County and community agencies, prepares and submits reports required by various bodies, and promotes/coordinates working alliances with public and private sectors to increase awareness of aging programs and major issues facing older people. As the proportion of older adults in the population continues to increase, long range planning, including resource development to meet future needs, is a critical component of the work of the Area Agency on Aging.

COUNTY OF DANE

Fund Name:

Human Services

Fund No:

2610

Mission:

The Mission of the ADRC is to support seniors, adults with disabilities, their families and caregivers by providing useful information, assistance and education on community resources, services and long term care options and by serving as the single entry point for publicly funded long term care services while at all times respecting the rights, dignity and preference of the individual.

Description:

The ADRC welcomes the whole community to an attractive, accessible, non-threatening facility. The ADRC serves older adults and people with disabilities, regardless of their income, health condition and long term care needs. Among its services are information and assistance, counseling regarding long term care options, eligibility screening, benefits specialist services, transition services for youth approaching age 18, and wellness/prevention programming. The ADRC provides reliable and objective information about a broad range of community resources of interest to older adults and people with disabilities. It enables people to make informed, cost-effective decisions about long term care and strives to delay or prevent the need for long term care services and/or public funding for them. ADRC staff complete the long term care functional screen to determine eligibility for long term care programs in the County. ADRC staff enroll customers in the Family Care, IRIS (Include, Respect, I Self-Direct) and Partnership Programs. The ADRC identifies people at risk and with needs and connects them to needed services. To assess whether callers' needs have been met, the ADRC makes follow up contacts with individuals and conducts other quality assurance activities. The ADRC seeks and implements grant funded programs consistent with the ADRC's mission.

Mission: To improve the safety and independence of vulnerable adults who are victims of financial exploitation, abuse, neglect, or self-neglect.								
Description: The Adult Protective Services Program is responsible for receiving reports from the community alleging abuse, neglect, self-neglect, or financial exploitation of vulnerable adults. The program investigates reports and intervenes when necessary to protect vulnerable adults. This intervention can include prompting court action to establish or maintain protection for elderly or disabled adults who are in need. Activities in this unit are guided by sections of the State Statutes that include Elder Abuse Reporting System as set forth in ss. 46.90, Guardianships and Conservatorships as set forth in Chapter 54, and Protective Service System as set forth in Chapter 55. This unit manages services such as supportive home care and adult day care that provide support to seniors and other vulnerable adults so they may remain in the community. This unit also provides referrals to resources that will serve to support and maintain certain adults in the community.

<u>Mission:</u> To provide proactive support services for families raising a child with an intellectual or developmental disability.								
<u>Description:</u> Disability Services is responsible for carrying out the Birth to Three and Children's Long Term Support Programs, consistent with State statutes and funding regulations. In carrying out those programs, this unit does the following: offers public information and referral; determines eligibility for services; assesses family-based strengths and needs; creates and contracts for community-based support services; develops or contributes to family support plans; manages waiting lists; provides case management; procures and maximizes generic and specialized funding sources; evaluates ongoing effectiveness of services; coordinates service with other funding/government entities; provides specialized services for children with autism; and provides state mandated early intervention (Birth to Three) services. This Unit provides proactive intervention to develop complex care plans and to prevent institutional placement for certain adults in the community and coordinates discharge planning for individuals to return to the community from an institutional placement. This unit coordinates transportation needs across multiple Managed Care Organizations and IRIS Consulting Agencies, and prepares transitioning youth for sustainable employment as adults.

Mission:

Comprehensive Community Services, or CCS, is a program that provides mental health and substance use services to people of all ages. The intent of CCS services is to assist people in identifying their personal goals and in working towards those goals at their own pace. In the CCS program you are in charge of your own recovery.

Description:

This program is a Medicaid benefit for individuals who have a mental health and/or substance use diagnosis that provides psychosocial rehabilitation services. Once eligibility is confirmed by meeting State-determined criteria, the individual and a service facilitator assemble a recovery team that works with the individual to establish and make progress toward recovery goals at a pace set by the individual. CCS embraces many core values in its approach to the delivery of mental health and substance use services. CCS values include:

- Respect of client values—what is important to you?
- Inclusion of natural supports and family—who is important to you?
- Flexibility of services—what you need, when you need it.
- Community—services will be provided where you need and want them.
- Respect of client choice—it's up to you!

Mission:

Dane County Department of Human Services provides individual and group transportation services which enable persons with disabilities and older adults to access their communities and needed services. Transportation assistance may also be provided for low-income families or persons with unique medical transportation needs.

Description:

This unit manages a number of grant-funded programs that foster independence for individuals in the community. By operating a Transportation Call Center as a single point-of-entry for transportation information in Dane County, staff provide information on all available transportation resources, including public transit, human services programs, vehicle acquisition and repair loans, ride sharing, and other programs. Call Center staff can determine eligibility, arrange for individual and group rides, authorize specialized transportation and related programs, and enroll individuals in mobility training and bus-buddy programs.

Mission: The Children, Youth and Families Division supports families and individuals in promoting and providing safe and nurturing home and community environments for children. Family and community members shall be treated with respect and dignity, focusing on strengths and assets as well as addressing problems and concerns. Quality services will be provided to consumers based on principles of equality, diversity and individual worth.								
Description: The Division's services are described in its two program areas: Youth Justice and Child Protective Services. Administration includes the Division management/supervisory personnel who provide leadership for continuous improvement and support, working in partnership with line staff, contract agencies, schools, other service providers and funders, private business, and community residents. The Division has effective services and is developing strategies for more accessible, proactive, responsive, and cost-effective amenities to meet the growing needs of children and families within available resources. The Division is continuously improving its methods of assuring quality Child Protection and Youth Justice services.

Dept:	Human Services	54	COUNTY OF DANE	Fund Name:	Human Services
Prgm:	Youth Justice	305/53		Fund No:	2610

Mission: Dane County has aligned its Youth Justice (YJ) Services around the Balanced Approach in response to the needs of youthful offenders and the protection needs of the community. This is accomplished through a coordinated planning and implementation process focused on expanded allocation of resources; establishment of a youth risk assessment; determination of required types and levels of supervision services; coordination of Department, Juvenile Court Program, purchase of service providers, and other youth services; and evaluation of service effectiveness. The Balanced Approach promotes individualized, holistic services with children, youth, and families together with community-based, collaborative prevention and intervention wherever possible.

Description: The needs of juvenile offenders differ in terms of offense, offense history, and likelihood of recommitting crimes, emotional needs, educational levels, acceptance of criminal behavior, and other factors. The needs of the community for protection have heightened in recent years due to increases in serious juvenile crime. Effectively addressing youthful offender needs and community expectations requires an understanding of the individual and community, as well as knowledge and flexibility in applying different delinquency supervision methods and strategies. The Neighborhood Intervention Program (N.I.P.) is a significant part of the Children, Youth, and Families Department of Human Services YJ area. N.I.P. offers innovative Community Supervision Services and Early Intervention Services to boys and girls ages 10-17 that are delinquent or at risk for delinquency. Programming seeks to redirect youth, promote prosocial behaviors, building youth competencies, and protecting the community while holding youth accountable for their behavior.

Dept:	Human Services	54	COUNTY OF DANE			Fund Name:	Human Services	
Prgm:	Child Protective Services	305/54				Fund No:	2610	
<u>Mission:</u> The CYF Division uses the Statewide model premised on the belief that the role and purpose of Child Protective Services (CPS) is to assess family conditions, circumstances, and behaviors to determine if families need agency services to keep their children safe and to provide and coordinate such services when needed. Health and safety of the child is the paramount value in CPS intervention, and the best environment for providing health and safety is a permanent family. Successful prevention and intervention requires various levels of family involvement in determining the focus and design of participation, treatment and safety plans. Child safety is a product of family and community systems, as well as, the actions of individuals.								
<u>Description:</u> Wisconsin State Statute 48.13 presents the situations in which Courts have jurisdiction over children alleged to be in need of maltreatment-related protection or services. Intake staff assess allegations of child abuse and neglect and perform initial assessments on cases that are screened in. Once the assessment is complete, a decision is made as to whether the allegations are substantiated or not and whether to open the case formally or informally for ongoing services. The goal of the ongoing Social Worker is to assist the family to successfully complete the conditions of the court order or voluntary agreement. Assistance includes supervision and case management services, oversight of out-of-home placement situations, and referrals, as appropriate, to community-based services. Chapter 938.13 directs Dane County Department of Human Services (DCDHS) to work with juveniles who are either children in need of protection or services or are delinquent (children who have committed law offenses). DCDHS attempts to work with juveniles and families on a voluntary, non-court basis.

Mission:

The Prevention and Early Intervention Division seeks to strengthen communities, families and individuals through innovative, accessible and equitable services.

Description:

The Division's services are in four program areas: Prevention, Community Programs, Out of Home Care, and Counseling & Therapy. Administration supports needed infrastructure, management and supervisory personnel who provide leadership for continuous improvement, and implementation of Department rules and initiatives. Administration works in partnership with line staff, contract agencies, schools, community partners, private business, and community residents. The Division offers a continuum of innovative and effective services to support youth development, strengthen families, and build on community strengths. Services are accessible, innovative, responsive, collaborative and cost-effective to meet the growing needs of children and families in Dane County.

Mission: The Dane County Department of Human Services (DCDHS) provides prevention services for children, youth and families throughout the county including after school youth development programs, family stability and support services, job readiness training, health and wellness, and sexual assault prevention services.								
Description: Partners for After School Success (PASS) AmeriCorps is federal grant program that places AmeriCorps members at school and community center sites to provide academic coaching and run youth development programs to build social-emotional learning skills. The Dane County Youth Commission is a County ordained body charged with youth advocacy. Since 1980, the Commission has surveyed youth in grades 7-12 regarding their opinions, concerns, attitudes, behaviors and experiences. Survey results provide essential data and “youth voice” to educators, service providers, parents, policy-makers and funding bodies to inform grant writing, program development and public policy. An array of prevention purchased services provide programming to support youth, adults and families.

<p><u>Mission:</u></p> <p>The primary goal of DCDHS community programs is to provide resources and services that support families and children. Our mission is to prevent and mitigate risk factors while supporting and providing opportunities for positive early childhood development, adult educational and employment opportunities, and that promote family strengths and stability. All services are offered through an equity and racial justice lens.</p>								
<p><u>Description:</u></p> <p>The Community Restorative Court (CRC) is a diversion program that provides young adults ages 17-25, who have committed municipal, misdemeanor or felony law violations in Dane County, with an opportunity to repair the harm their actions have caused. Its primary goal is to prevent future involvement with the criminal justice system. The Early Childhood Initiative (ECI) and Early Childhood Zones offer voluntary home visitation, 2-Generation model of services to pregnant women and families with children aged 0 to 4, offering educational, employment, housing and mental health support services as needed. The Immigration Affairs Office (IAO) provides outreach, case management and advocacy services to DCDHS clients and non-Department involved immigrants and refugees residing in Dane county. IAO staff actively collaborate with local partners to coordinate services and mobilize resources. Joining Forces for Families (JFF) is a community-based social work model located in fifteen neighborhoods and communities throughout Dane county to support families and adults, allowing direct access to services in the community. JFF workers partner with area schools, neighborhood centers, and other stakeholders to support local families and build capacity in communities.</p>

Prgm:	Alternate Care	307/73				Fund No:	2610	
Mission: The mission of Alternate Care is to provide the best possible resources for children between birth and 18 years old who are in need of out-of-home care. Consistent with the Prevention and Early Intervention Division's mission and philosophy, all reasonable efforts are made to help families remain intact and to keep youth in the community. However, for those children and youth unable to remain in their parental home, the Department funds a continuum of alternate care resources. Children are placed in the least restrictive setting that effectively meets their needs, and efforts are undertaken to reintegrate children with their families whenever feasible and to keep institutional stays to a minimum.								
Description: Alternate care services are provided along a continuum from least to most restrictive and are consistent with State Statutory mandates of Chapters 48, 51 and 938 and Administrative Code DCF 56. These services include Children Come First, foster parent recruitment, mentoring and training, foster care, treatment foster care, kinship care, group homes, residential care centers and youth correctional institutions.

Mission:

To provide quality clinical services for youth and adults who need assistance with a mental illness or substance use disorder.

Description:

This program is responsible for three primary levels of intervention:

1. Meeting the clinical needs for adult residents of Dane County who are either uninsured or are covered by Medicaid.
2. Meeting the clinical needs for youth who are struggling with a mental illness or substance use disorder and also are involved with other parts of the human services continuum.
3. Providing opportunities for adults who are involved with the criminal justice system to meet their recovery needs as at least a partial alternative to criminal sanctions.

Mission:

Comprehensive Community Services, or CCS, is a program that provides mental health and substance use services to people of all ages. The intent of CCS services is to assist people in identifying their personal goals and in working towards those goals at their own pace. In the CCS program you are in charge of your own recovery.

Description:

This program is a Medicaid benefit for individuals who have a mental health and/or substance use diagnosis that provides psychosocial rehabilitation services. Once eligibility is confirmed by meeting State-determined criteria, the individual and a service facilitator assemble a recovery team that works with the individual to establish and make progress toward recovery goals at a pace set by the individual. CCS embraces many core values in its approach to the delivery of mental health and substance use services. CCS values include:

- Respect of client values—what is important to you?
- Inclusion of natural supports and family—who is important to you?
- Flexibility of services—what you need, when you need it.
- Community—services will be provided where you need and want them.
- Respect of client choice—it's up to you!

<p><u>Mission:</u></p> <p>To develop viable urban communities by providing decent housing, a suitable living environment, and by expanding economic opportunities, principally for low-and-moderate income persons in the participating communities of the Dane County Urban County Consortium in a manner consistent with funding requirements and local and County land use plans and development goals.</p>								
<p><u>Description:</u></p> <p>Dane County receives an annual allocation on a formula basis, as an Entitlement Community, from the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG) program. Funded projects must be a part of the County's Consolidated Plan and Annual Plans developed with encouragement of and opportunities for citizen participation. Every CDBG funded activity must meet one of three national objectives: benefitting low-and-moderate income persons; preventing or eliminating slums or blight; or meeting other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available, such as for natural disasters. 70% of funds must be used for activities that benefit low-and-moderate income persons. The CDBG Program provides grant and loan funding for housing, economic development, public facilities, and public services to local municipalities and public and private entities that serve participating communities of the Dane County Urban County Consortium.</p>

COUNTY OF DANE

Fund Name:

General Fund

Fund No:

1110

Mission:

To provide efficient and quality services to Dane County veterans, their families, survivors, and the community at large; to sustain successful outreach delivery in outlying Dane County communities; to establish eligibility for state and federal VA benefits and process applications for federal, state and county benefits; to serve as an advocate for Dane County veterans and a focal point to inform, coordinate, and integrate services for veterans and their dependents among other agencies; to refer to other services and resources when appropriate.

Description:

Per Wisconsin State Statute Chapter 45, the County Veterans Service Office (CVSO) is available to serve nearly 30,000 veterans, dependents, and survivors who reside in Dane County. Office assists county residents in securing a wide-range of federal, state, and local VA benefits. The CVSO played a role in generating \$298,302,000 in federal benefits (including VA health care, disability compensation and pension benefits, and education dollars) to Dane County veterans and families in 2022. Most notably, the CVSO was instrumental in helping Dane County veterans and survivors obtain more than \$106M in disability compensation and needs-based pension benefits; this is money going directly into the pockets of those served, greatly impacting the lives therein. Through the Veterans Service Commission, the department administers county emergency assistance to veterans and their families to prevent eviction or utility disconnect. Office also provides donate aid (gas/grocery \$). Vets Ride with Pride bus pass program for VA service-disabled and VA Pension recipient veterans sees about 150-175 regular users annually. Office partners closely with VA and other community-based organizations, including having a sitting member on the Dane County Veterans Treatment Court team. In 2022, 3,442 veterans and family members were seen in the office or at an outreach location/events. Totals were down during Pandemic and due to being short-staffed, as compared to our 5-year average; however, we expect an increase substantially in the years to come due to PACT Act and other legislative VA benefit changes.

<p><u>Mission:</u></p> <p>To maintain the Real Estate Ownership Property List for all of Dane County, except the City of Madison. To maintain the records of the Dane County Surveyor's Office, including the Public Land Survey System information on tie sheets, Plats of Survey completed by private land surveyors, and geodetic control information on Dane County.</p>								
<p><u>Description:</u></p> <p>The staff of this division includes the Department Director, Land Records Administrator, Deputy Land Records Administrator, and County Surveyor. It provides general administrative support services for all programs in the Planning & Development Department. This division staffs Dane County's real property listing program, working with local assessors and clerks to maintain a list of legal descriptions, ownership, property valuations and other items of use to the tax system. The program also operates all aspects of the County Surveyor's Office, handling inquiries from the general public on property description, maintaining the county's GIS parcel database, and managing files for use by the private land surveyors of the county for general survey work. These files include general purpose and historic information about all of the Public Land Survey System (PLSS) as it relates to Dane County. The division provides geographic information system (GIS) mapping and spatial analysis support to the department, public, and other county agencies as needed. The office also distributes a large amount of information to firms and individuals which relate to property records and ownership through the sale of maps, computer printouts and digital data products. In collaboration with Dane County Information Management, it also maintains the AccessDane property information portal.</p>

<u>Mission:</u> To assist Dane County residents, communities and decision-makers in addressing short-range and long-range comprehensive planning issues related to community and regional development; transportation and other infrastructure, like broadband development; farmland preservation; environmental resources; community services; affordable/workforce housing; and economic development. The division assists towns in interpretation and development of local comprehensive plans as they relate to zoning and other regulations. It provides technical assistance to other county agencies and assists in the coordination of programs. The division prepares and implements plans, policies, and programs that enhance the quality of life for all Dane County residents, and it provides technical expertise, conducts research, and collaborates with public and private sector partners to facilitate a resilient, sustainable, diverse, inclusive, and equitable future for Dane County communities.								
<u>Description:</u> The Planning Division includes 5 Senior Planners and a Broadband Coordinator. Staff conduct research, administer planning programs, and provide planning assistance for County decision-makers, other departments, town officials, and the general public. The Division Work Program includes 5 components: (1) Inter-Departmental Assistance, including technical assistance and support to other departments on planning-related issues and policy analysis; (2) Current Planning, including Dane County Farmland Preservation Plan implementation, including support for staff reports for the Zoning and Land Regulation Committee and town implementation assistance; and special short-term projects and/or support to other county committees and the County Executive; (3) Information, Outreach, and Assistance, including ongoing town planning assistance; outreach sessions coordinated with the towns; ongoing information and education to landowners; and public participation and implementation activities of the County Comprehensive Plan; (4) Mid and Long-Range Planning, including work on the County Comprehensive Plan; assistance with TDR, transportation, and broadband studies; and (5) Community and Economic Development, particularly focused on affordable/workforce housing Initiatives and other related efforts.

Prgm:	Capital Area Regional Planning Commission	403/00		Fund No:	1110

Mission:

To serve as the regional planning and areawide water quality management entity for the Dane County region, consistent with Wis. Stats. §66.0309 and State Administrative Code NR 121. The Commission is charged with the duties of preparing and adopting a master plan for the physical development of the region, and maintaining a continuing areawide water quality management planning process in order to manage, protect, and enhance the water resources of the region, including consideration of the relationship of water quality to land and water resources and uses.

Description:

The Commission's work will be carried out by various staff, consisting of a Deputy Director, Director of Environmental Resources Planning, a Senior Community Planner, an Environmental Planner, a Community Planner, an Environmental Engineer, a GIS Specialist, and an Administrative Services Manager. Work activities will be consistent with federal and state rules and requirements and will focus on land use and water resources planning related to the managed growth of the region, which will include the orderly expansion of urban service areas and the identification of Future Urban Development Areas (FUDA). The FUDA planning process will be based on the identification of growth areas that minimize adverse environmental impacts of development in collaboration with local units of government. Commission staff will also provide contractual community planning assistance on a relatively limited basis. County levy funds will be collected by Dane County and remitted to the Capital Area Regional Planning Commission under Wis. Stats 66.0309, based CARPC's certified levy charge.

Prgm:	Zoning & Plat Review	408/00		Fund No:	1110

Mission:

The Zoning and Plat Review Division is charged with protecting and promoting the public health, safety, and general welfare of Dane County by administering County Zoning Ordinances, Sign Regulations, Shoreland Regulations, Floodplain Regulations, Mineral Extraction/Reclamation ordinances, Airport Height Regulations, Road Name/Addressing Ordinances, and Land Division Regulations in the unincorporated areas of Dane County. The Division reviews development activities within the unincorporated areas of Dane County through the administration of these chapters of the Dane County Code of Ordinances. Staff in the Zoning Division has contact with members of the public on a daily basis providing educational information, guidance, and enforcement of the various regulations.

Description:

The specific duties of the Zoning Division is to administer Chapter 10 (Zoning Ordinance), Chapter 10 Subchapter II (Sign Regulations), Chapter 11 (Shoreland Regulations), Chapter 17(Floodplain Regulations), Chapter 74 (Non-Metallic Mining), Chapter 75 (Land Division Regulations), Chapter 76 (Road Naming and Addressing), and Chapter 78 (Airport Height Limitations) of the Dane County Code of Ordinances. In addition to issuing permits and reviewing land divisions, the Division enforces the referenced county regulations and applicable provisions of Wisconsin State Statutes and State Administrative Code; provides accurate and consistent zoning information to the public; strives to eliminate unnecessary litigation through early identification of potential zoning violations; inspects properties and monitors them for compliance with the specified ordinances, and conducts enforcement actions as warranted; and provides information to citizens, attorneys, surveyors, and other agents of the public on the processes involved with regulatory compliance. The Zoning Division currently consists of 1 Zoning Administrator, 3 Assistant Zoning Administrators, and 4 Zoning Inspectors. The Division is also supported by 2 administrative staff that are shared by the Planning and Development Department. The FTE dedication of these clerical staff exclusively to the Zoning and Land Division Review program is 0.5 FTE of a Clerk IV and 0.25 FTE of a Clerk I-II. There is a total of 8.75 FTE positions dedicated to this program area.

Mission:

To provide an efficient and cost effective hazardous waste disposal and recycling program which protects the environment and conserves natural resources.

Description:

The Clean Sweep is responsible for the operation of the household hazardous waste program, including public education and the safe disposal and reuse of hazardous products from residents, agricultural operations, and small businesses. Clean Sweep keeps hazardous materials out of landfills and lowers the environmental risks associated with improper disposal, resulting in a cleaner, healthier environment.

Mission: Dane County Library Service guarantees equitable access to library service for all Dane County residents.								
Description: DCLS offers a range of library services to all residents of towns and villages upon which the county library tax is levied. These residents are free to use any municipal public library through a system of reimbursement contracts. The Bookmobile provides mobile library service to 16 communities with weekly service, as well as a dynamic Summer Reading Program. Daily delivery service to municipal libraries is provided through South Central Library System. Delivery costs are managed and billed to Dane County libraries through DCLS. Specialized Outreach programs provide age-appropriate books and curriculum kits to children enrolled in licensed and registered daycare through a partnership with those providers. DCLS Outreach coordinates services and library material delivery to residents of senior living facilities, residential care facilities, and patrons who cannot leave their homes. County residents have remote access to a rich collection of electronic resources including downloadable audio and ebooks. The Dream Bus provides mobile services to isolated urban areas. These services are reimbursed by the municipal bodies that receive them.

Mission: The Alliant Energy Center will effectively and efficiently meet the public assembly needs of all Dane County to do business, pursue recreation, be entertained, and otherwise gather for purposes positively beneficial to life in the County of Dane, WI.								
Description: The Alliant Energy Center complex encompasses over 160 acres of land, a variety of multi-purpose buildings and paved parking for over 5,800 cars. The Center provides a variety of activities for the citizens of Dane County, the State of Wisconsin, and neighboring states. Events include conventions, consumer shows, amateur sports, concerts, family shows, trade shows, agricultural events, youth hockey events, outdoor festivals, banquets, retail sales, and other activities such as the World Dairy Expo, The Midwest Horse Fair, and the Dane County Fair. Annual attendance at Center activities is approximately 1 million people. The Administration of the Center includes Event Service & Operations Service; Sales, Promotions and Public Relations; General Administration; and Physical Plant divisions. Approximately 12% of the Center's Administration expense budget is indirect charges from the Dane County General Fund. Expenses associated with 7,400 square feet of the Center's Administration Building are included in this cost center.

Mission: Dane County Parks, a division of the Land & Water Resources Department, strives to preserve and restore the natural, cultural, and historic resources of Dane County and provide the county's residents with a broad array of accessible, high quality resource-based recreational facilities, services and programs.

Description: Dane County Parks is responsible for the stewardship of a diverse and inclusive parks system to meet the demand of Dane County residents. Dane County Parks maintains park facilities such as dog parks, campgrounds, shelters, restrooms, and trails. Dane County Parks provides valuable ecosystem services and climate resilience through the protection and restoration of the park land's natural resources. Dane County Parks provides extensive visitor services, including volunteer opportunities, stewardship education, and park rule enforcement. The Dane County Parks & Open Space Plan is updated every five years to guide future protection, facility development priorities, and regional trail connections. These large-scale development priorities and refined through property master plans and are incorporated throughout the park system through specific capital improvement projects.

Mission:

Lussier Family Heritage Center is a multi-use, educational and interpretive facility serving a diverse population that provides opportunities for youth and adult learning, volunteerism, outdoor recreation and special events.

Description:

The Lussier Family Heritage Center is a solar-powered, Dane County Parks facility that serves a diverse population and provides outdoor and environmental educational experiences for people of all ages and abilities. Location in William G. Lunny Lake Farm County Park, the Heritage Center is surrounded by a native prairie, freshwater marshes, and oak savanna habitats on the rolling hills of glacial drumlins. The Heritage Center is home to the Prairie Learning Center, which surrounds the grounds of the facility. The Prairie Learning Center features two pollinator gardens, a sensory garden, natural play area, prairie seed beds, a monarch waystation, a self-guided interpretive trail and a 300+ year old Heritage Oak Tree.

Mission: To improve Dane County's natural resources by implementing innovative conservation soluutions, at watershed scales, while quantifying ecosystems services.								
Description: The Watersheds & Ecosystem Services Division works with internal and external partners on developing innovation conservation solutions that help achieve our County's environmental goals. Current goals include; protecting and improving surface water quality, building community flood resilience, and increasing carbon sequestration. Progress towards these goals is broadly tracked through five Ecosystem Service areas. The include; phosphorus abatement, carbon sequestration, runoff infiltration, stream restoration, and wetland restoration. Metrics are measured, tracked, and calculated using the most up-to-date and practical methods available to report progress at different watershed scales.

Mission: To protect and enhance soil and water resources in Dane County by providing landowners with conservation planning, technical services, and cost-sharing funding assistance.								
Description: The Land Conservation Division works to protect and enhance local soil and water resources providing benefits to the environment while maintaining a vibrant agricultural community. The division manages a variety of voluntary conservation programs providing conservation planning, design, and implementation of agricultural practices to improve water quality, build soil heath, provide flood mitigation, encourage infiltration, enhance wildlife habitat, and sequester carbon. The division also administers Chapar 49: Agricultural Performance Standards and Manure Management, Dane County Code of Ordinances, which addresses agricultural performance standards and manure management requirements to protect human health and safety as well as protect surface water and groundwater resources of Dane County.

Mission:

UW-Extension in Dane County provides current research-based information and programming for county residents. Extension educators provide practical education in agriculture, horticulture, youth development, family relationships, financial education, nutrition education, community & economic development, food systems and natural resources. The Dane County UW-Extension staff are supported by UW-Madison and Extension specialists and the department has many collaborating program partners in the county.

Description:

Under Chapter 59.87 of the Wisconsin Statutes, this office is the official community outreach arm of the University of Wisconsin, and is authorized to make available the educational resources of the University system to county residents who are not primarily campus students. This information spans many subject areas: agriculture, horticulture, business and industry, community development, natural and environmental resources, family living education, nutrition, and youth development. Educators work with committees, individuals, and families, as well as varied citizen and professional groups which include people of every age, socio-economic status, ethnicity and race. The Dane County Extension Office, which has been serving area residents since 1917, currently has educators in crops & soils, dairy, organic vegetable production, home horticulture, financial education, family relationships, 4-H and youth development, natural resources, community & economic development, food systems and the FoodWise nutrition program.

Mission:

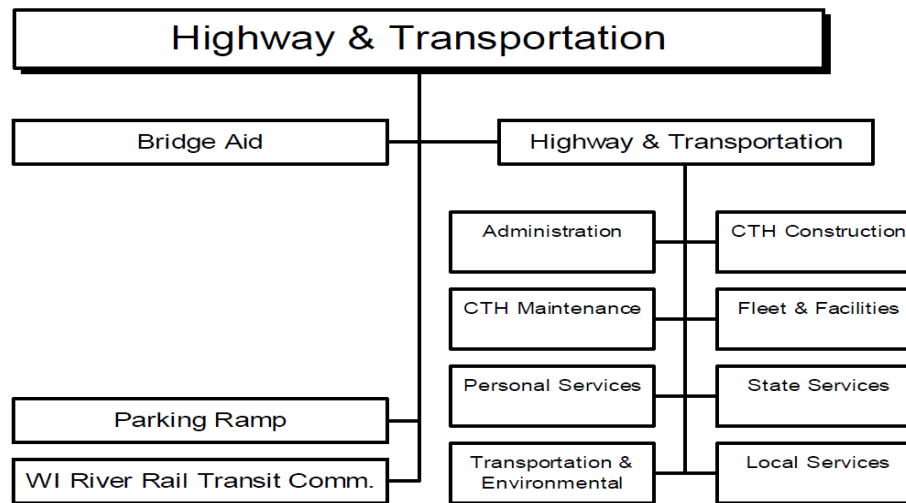

To document and preserve the historical record of Dane County.

Description:

The Society documents and preserves the historical record of Dane County by increasing public awareness of an appreciation for the history of Dane County, through such programs as erecting and maintaining historical markers commemorating Dane County history and maintaining the Dane County Historic Records Archives. The Society also provides public programs on historic and archival subjects. In addition to County support, the Society also actively seeks private and membership support and makes extensive use of volunteers, including its broad-based Board of Directors.

Dept:	Public Works, Highway & Transportation	71	COUNTY OF DANE	Fund Name:	Highway
Prgm:	Fleet & Facilities	610/00		Fund No:	4210

Mission:

To provide and maintain equipment and facilities necessary to effectively carry out the department's highway construction and maintenance activities.

Description:

The department has approximately 371 units of equipment that are used in the maintenance and construction operations on the state and county highway systems and for projects for local government entities. These units are maintained and stored at facilities at Madison, Mt Horeb, Springfield and the Eastside campus in McFarland.

Equipment revenue is the offset to the equipment charged to each program for actual hours or units of usage. The hourly or unit rate is based on Actual Cost Agreement with the Wisconsin Department of Transportation. The charge rate is calculated to cover all operating costs (fuel, lubricants, repair labor and parts, insurance, etc.) and depreciation. Overhead revenue includes costs associated with shop and facilities operations, excluding salt storage facilities, equipment storage facilities and the administrative office area.

Prgm:	WI River Rail Transit Commission	602/21		Fund No:	1110

Mission:
To preserve rail service or the potential for rail service on the branch lines running between Prairie du Chien and Fox Lake, Illinois, and to influence policy relative to the future use of the rail corridor should the rail service be discontinued.

Description:
The Wisconsin River Rail Trail Commission (WRRTC) is a joint county commission created in 1980 under the provisions of Wisconsin Statutes 59.968 and 66.30, for the purpose of providing for the continuation of branch line rail service. This includes acquisition and rehabilitation of branch lines; operation and maintenance of these lines; lease of lines to an operator; or contract with any operator to use these lines. Current WRRTC member counties include Crawford, Dane, Grant, Iowa, Rock, Sauk, Walworth, and Waukesha. WRRTC has an operating contract with Wisconsin and Southern Railroad for the rail line. WRRTC is an eligible recipient of grants from the Wisconsin Department of Transportation (WisDOT) for the cost of acquiring track and structures, and the cost of line rehabilitation.

Prgm:	Parking Ramp	602/25		Fund No:	1110

Mission:

To provide a safe, economically self-sustaining parking facility responsive to the parking and transportation needs of Dane County.

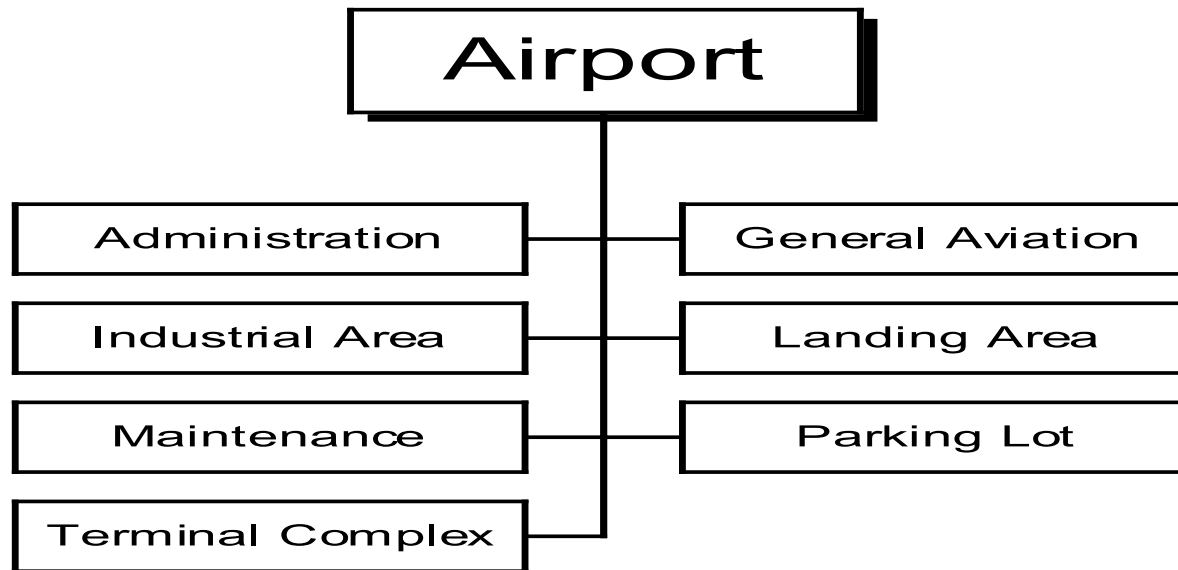

Description:

The Dane County Parking Ramp accommodates 1,000 vehicles. Revenues are derived from public parking at meters, reserved employee parking, departmental parking passes, prepaid parking contracts, and fines.

An ongoing multi-year renovation of the ramp, which was built in 1958, combined with continued preventative maintenance, will ensure the continued usefulness and safety of the facility. Two full-time employees operate the ramp during regularly scheduled shifts, with part-time (LTE) help on weekends.

Mission: To ensure safe, efficient air transportation facilities and services responsive to user needs.								
Description: The Dane County Regional Airport is responsible for operation, maintenance, and development of facilities in accordance with standards established and enforced by the Federal Aviation Administration & TSA (Transportation Security Administration). The Airport is an integral part of the national and state air transportation systems, providing services to all four classes of aviation users: scheduled air carriers, commuters, general aviation, and the military. The Airport operates twenty-four hours daily and is located on a 2,900 acre site, which includes 80 leased buildings whose tenants employ over 4,500 personnel. Commercial airlines serve 2.4 million travelers from Illinois, Iowa, Minnesota, and Dane and eight surrounding counties. General aviation aircraft carry approximately 1/3 million inter-city travelers. The Airport has an economic impact in excess of a half billion dollars annually, and receives over \$3 million of federal and state grants for airfield capital projects which are not reflected in the budget.

<u>Mission:</u> Provide efficient, cost effective operation and maintenance of general aviation facilities.								
<u>Description:</u> The General Aviation cost center identifies expenditures necessary to maintain general aviation aircraft aprons, terminals, hangars, and leased properties required to meet the unscheduled air transportation needs of Dane County. Fixed-base operators provide private flight instruction, air taxi/charter service, aircraft fueling, and maintenance service to corporate and private aircraft at the airport. General Aviation aircraft provide inter-city transportation to approximately 300,000 passengers annually through the airport. Approximately 174 aircraft are based in the general aviation areas.

VI. OPERATING BUDGET APPROPRIATIONS RESOLUTION

Sub. 1 to 2023 RES-190
2024 DANE COUNTY OPERATING BUDGET APPROPRIATIONS RESOLUTION

The 2024 Operating Budget is a financial plan for the operational needs of the County and was developed in accordance with the Uniform Accounting Manual for Wisconsin Counties and the pronouncements of the Governmental Accounting Standards Board (GASB).

This resolution constitutes the 2024 Adopted Operating Budget, formulated in accordance with s. 65.90 Wis. Stats., and consists of several parts, as follows:

TABLE 1:	TAX LEVY COMPUTATION AND FUND BALANCE ANALYSIS
TABLE 2:	TAX LEVY HISTORY
TABLE 3:	2024 APPROPRIATIONS FOR OPERATIONS
TABLE 4:	EXPENDITURE & REVENUE HISTORY - OPERATIONS
TABLE 5:	CARRY-FORWARDS
TABLE 6:	INDEBTEDNESS
TABLE 7:	2024 BUDGETED POSITIONS

Together with the 2024 Adopted Capital Budget Appropriations Resolution, this document shall constitute the County Budget as defined in s. 65.90, Wis. Stats.

NOW, THEREFORE, BE IT RESOLVED that in accordance with s. 65.90, Wis. Stats, the Dane County Board of Supervisors hereby appropriate for 2024 fiscal year operations, the expenditures and revenue amounts on lines designated as appropriations in the attached Table 3. Amounts on lines not designated as appropriations are for informational purposes only. Expenditures in excess of the amounts appropriated or use of general purpose revenues in excess of the amounts listed on the lines designated as appropriations shall require County Board authorization in accordance with s. 65.90(5), Wis. Stats.

BE IT FURTHER RESOLVED that the Dane County Board of Supervisors authorize carry-forward of expenditures and revenues from 2023 to 2024 as recommended in Table 5.

BE IT FURTHER RESOLVED that the Dane County Board of Supervisors authorizes positions for the 2024 fiscal year as shown in Table 7.

BE IT FURTHER RESOLVED that encumbrances on purchase orders outstanding at the end of 2023 are re-appropriated in 2024.

BE IT FURTHER RESOLVED that payments are authorized as required under sec. 74.41(5), Wis. Stats.

BE IT FURTHER RESOLVED that 2024 operating expenditures and revenues shall be subject to the following provisions and controls in addition to all budget control policies enumerated in D.C. Ord. sec. 29.52:

- The budgets for all departments having fifteen or more employees shall include a "Salary Savings" line that will be 2% of the budgeted "Salaries & Wages" account for that department.

Sub. 1 to 2023 RES-190
2024 DANE COUNTY OPERATING BUDGET APPROPRIATIONS RESOLUTION

- 41
- 42 • As of the first pay period of 2024, the hourly wage of any non-represented employee will be increased by 4.5%.
- 43
- 44 • The wage scale for employees within the Building & Construction Trades Council of South Central Wisconsin will be increased by the amount negotiated
- 45 in collective bargaining plus an additional non-negotiated amount not to exceed the difference between the negotiated increase to the hourly rate and a
- 46 4.5% increase to the hourly rate beginning in pay period 1 of 2024.
- 47
- 48 • Dane County seeks to expand the “CARES” mobile crisis program currently administered by the City of Madison to other communities. Several local
- 49 leaders have expressed an initial interest in financially contributing toward such expansion so “CARES” be made available in their communities. The
- 50 budget creates a \$200,000 “CARES” Community Grant Program so the county can help facilitate the growth of this innovative behavioral health
- 51 program model. The Dane County Department of Human Services will establish criteria for how applications will be reviewed and scored, and will
- 52 recommend awards to interested communities. Grants will be awarded via county resolution by the County Board and County Executive.
- 53
- 54 • The operating budget includes the creation of one Public Health Nurse position and related expenses to improve birth outcomes with the total county
- 55 share being \$63,686. The creation of this position and the related expenses are contingent upon the City of Madison adopted budget funding the City's
- 56 share of these costs.
- 57
- 58 • The 2024 budget includes an estimated \$1,150,000 in the Opioid Mitigation line item in the Department of Human Services along with \$35,000 in the
- 59 Emergency Management and \$175,000 in the Public Health budgets to purchase Nalaxone. After reserving \$100,000 for the African American Opioid
- 60 Coalition of Safe Communities to continue ongoing outreach and harm reduction focusing on Black people, \$180,000 for Expand implementation of
- 61 evidence-based harm reduction and primary prevention educational curricula (contract with Safe Communities, partner with local schools) and \$70,000
- 62 Distribution of fentanyl test strips, naloxone among Recovery Coaches, Community Organizations, Housing Providers (contract with Safe
- 63 Communities), the prioritization of the remaining \$800,000 in the Human Services budget will be determined by recommendations of an Opioid
- 64 Settlement Subcommittee of the Health and Human Needs Committee. The Subcommittee will be composed of 8 members including the Director of
- 65 the Department of Human Services or their designee, the chair of the Board of Health or their designee, six members appointed by the Chair of the
- 66 Health and Human Needs Committee including three County Board Supervisors at least one of which will be a member of the HHN Committee, and
- 67 three stakeholders from the community that come from diverse backgrounds: one person with lived experience of addiction, one person with AODA
- 68 expertise and a youth voice. The subcommittee will be staffed by the Department of Human Services. Based upon priorities established by the
- 69 subcommittee, the Department of Human Services will issue requests for proposals for services.
- 70 The subcommittee will make recommendations for the remaining \$800,000 for 2024 to the Health and Human Needs committee no later than April 1st,
- 71 2024 for 2024 and then by July 1 of each year for the following budget cycle until the Opioid settlement revenue payments are complete and
- 72 expended.
- 73
- 74 • Prior to 2020 Dane County was required by law to seek judgments for birth costs for any woman receiving Medicaid. The State of Wisconsin authorized
- 75 Dane County to stop pursuing birth cost recovery judgments in 2020, but there are approximately 4,000 old judgments that were entered prior to that time
- 76 that continue to burden people and result in tax refunds being intercepted by the State of Wisconsin to satisfy old judgment debts. People with these
- 77 judgment debts are disproportionately low income and people of color. Dane County seeks to eliminate the harmful impact of this debt as soon as

Sub. 1 to 2023 RES-190
2024 DANE COUNTY OPERATING BUDGET APPROPRIATIONS RESOLUTION

possible. Of these 4,000 judgments, approximately 3,000 cases are ones that the Child Support Agency is authorized to expunge, pending Bureau of Child Support review and approval.

The Dane County Board of Supervisors hereby requests that the State of Wisconsin release all birth cost recovery judgments entered in Dane County Circuit Court.

The Dane County Board of Supervisors further seeks a cessation of all collection efforts related to these judgment debts and to prevent any further tax refund interceptions against judgment debtors and requests that the State inform any of its agents or assigns to immediately cease debt collection efforts.

The Dane County Board of Supervisors requests the Child Support Agency to take action to in circuit court to vacate and/or modify birth cost recovery judgments and requests the State of Wisconsin to cease tax refund intercepts as soon as possible.

In its efforts to eliminate birth cost recovery debt, the Child Support Agency should seek no consideration, bargain, or negotiation from the judgment debtor in exchange for elimination of the birth cost recovery debt.

GPR funding for the child support manager and child support investigator positions shall be used exclusively to support the expeditious elimination of birth cost recovery debt.

Child Support will also provide quarterly reports to the Public Protection & Judiciary Committee on progress of the project including data on expungements, barriers to eliminating debts, and communication with the State of Wisconsin related to expungement.

Finally, \$41,000 in one-time funds will be awarded via RFP for education and outreach related to expungement of birth costs. These funds will be used to address outstanding birth cost debts for individuals that are low-income and financially impacted by the onset of the COVID-19 pandemic and will provide a direct service to improve their financial stability.

- Pursuant to DCO 25.501(b), the Human Services contracts listed in Appendix A may be executed by the Director of Human Services.
- It is the policy of Dane County that the projected unassigned general fund balance remain equal to or greater than 10% of the combined budgeted operating expenditures of the General Fund, including the Alliant Energy Center, the Human Services Fund, and the Badger Prairie Health Care Center Fund.
- The following procedure will be applied at the end of fiscal year 2024. First, all fiscal activity in all funds will be closed according to Generally Accepted Accounting Principles, and any budgeted transfers other than between the general fund and the human services and badger prairie funds will be made. To the extent that the GPR requirement to balance the Human Services Fund is less than the amount budgeted, any surplus will be applied toward any deficit in the Badger Prairie Fund. The unassigned general fund balance shall be no less than 10% of the combined adopted expenditures in the General Fund, the Human Services Fund, and the Badger Prairie Fund. To the extent funds are available after the above items are applied, the remaining surplus of GPR budgeted for the human services fund will be retained in the human services fund and applied to future budgets for expenditures.
- The Controller is authorized to make technical corrections to the Budgeted Position List, subject to the review and approval by the County Board Chair.

Sub. 1 to 2023 RES-190
2024 DANE COUNTY OPERATING BUDGET APPROPRIATIONS RESOLUTION

- 118 • The Controller's Office may add standard "Personal Services" lines to department's budgets to properly account for Personal Services expenditures not
119 specifically budgeted for. The new accounts added will not change the department's total appropriation.

Appendix A
Human Services Client Service Contracts in Excess of \$100,000

The Human Services Department has prepared the following information to comply with Dane County Ordinance Ch. 25.50 Human Services Contracts allowing the Director of the Human Services Department to sign client services contracts with purchase of services agencies in excess of \$100,000 if approved as a part of the County budget process. The information is divided into four distinct categories: 1) purchase of services (POS) contracts, 2) community based residential facility (CBRF) contracts, 3) substitute care contracts, and 4) comprehensive community service (CCS) contracts.

Purchase of Services (POS) Contracts

The information below identifies agencies with whom the Human Services Department will enter into purchase of service contracts in 2024. The table below identifies the Division within Human Services, the provider and the amount of funding included in the 2024 budget. Contracts of POS providers with contracts in more than one division whose sum is in excess of \$100,000 are discretely listed.

Community Based Residential Facility (CBRF) Contracts

The information below identifies agencies with whom the Human Services Department may enter into contracts based on historical contracting. CBRF contracts are person specific, and rates paid to CBRF providers are dependent on the needs of individual consumers. For this reason, the annual amount of the contract with any one provider varies from year to year depending on the number and needs of the consumers served. Funding for CBRF contracts is included in several lines within the DAS budget.

Substitute Care Contracts

The information below identifies agencies with whom the Human Services Department may enter into contracts based on historical contracting. Substitute care providers provide services to children placed in out of home care by court order. In most instances, the rate is established by the State of Wisconsin Department of Children and Families. The annual amount of the contract with any one provider varies from year to year depending on the number of children placed with the provider. Funding for substitute care contracts is included in several lines within the PEI budget.

VII.(a) CAPITAL BUDGET INTRODUCTION

Capital Budget Introduction

A. CAPITAL BUDGET SCOPE

The 2024 capital budget continues the policy originated in the 1992 Adopted Budget requiring completely separate operating and capital budgets to be submitted to the County Board that show total capital and operating expenditures being adopted in each document.

Capital projects are generally defined as major investments in public facilities and infrastructure, including buildings, highways, equipment, and land. Projects included in the capital budget usually cost at least \$50,000 and are anticipated to have a substantial useful life. Smaller projects may be included if they have a substantial life.

Dane County debt issues are typically 10 years in length. Items with a shorter useful life are repaid more quickly. Certain construction projects and Conservation Fund acquisitions are amortized over 20 years. In this budget, any item authorized for borrowing has a useful life of at least the term of the borrowing.

Capital budget items typically have included:

- Major remodeling or new construction of buildings, exceeding \$50,000 in value, and related architectural and engineering costs.
- Highway reconstruction or major maintenance assuming the maintenance is anticipated to have a substantial useful life.
- Conservation fund land purchases.
- Purchases of equipment.
- Smaller remodeling projects involving a package of related improvements with a useful life of ten years.

Capital Budget Introduction

B. THE CAPITAL IMPROVEMENT PLANNING AND BUDGETING PROCESS

The Capital Budget is one part of a cycle of long-range and short-range capital improvement planning and budgeting. It represents the annual authorization of projects that typically were previously considered in a multi-year capital planning process.

The process of developing the Capital Improvement Plan involves multi-disciplinary planning for the long-term maintenance or replacement of these types of assets. Capital projects are expensive, have a significant useful life, and may require more than one year to complete. As in the operating budget environment, the County must allocate a limited amount of resources among an ever-growing number of competing capital project requests. It is only through an organized planning process that all capital requests can be effectively evaluated, resources allocated, and assets adequately maintained.

The goals of capital improvements planning are as follows:

- to meet obligations to maintain all existing facilities and equipment in good repair, address potential liability problems, and conform to Federal and State regulations;
- to respond to opportunities to achieve economies in operation through automation, energy efficiency, or other capital investments;
- to consider long-range financing strategies for major capital projects that balance capital needs, operational needs, and fiscal responsibility in a framework that supports priority setting by policy-makers.
- to provide a basis for justifying and approving capital projects and accountability for implementation.

Capital Budget Introduction

The annual capital planning and budgeting cycle is expected to involve the following steps and time frames:

- April-August - Departments develop and submit capital requests to the Department of Administration.
- September - County Executive Develops Capital Budget recommendations.
- October - County Executive's annual Capital Budget recommendations are submitted to the County Board.
- December - Decisions on Capital Budget are formalized.

C. BUDGET CONTROL POLICIES

Total expenditures shall be controlled for each capital project such that its authorized appropriation will not be exceeded.

Capital projects to be financed with borrowed funds may not proceed in advance of borrowing except with prior approval of the County Executive and County Board through resolution.

D. CAPITAL IMPROVEMENT FINANCIAL STRATEGIES

Projects that acquire, create, or improve capital assets require a significant commitment of resources. These large, up-front expenditures benefit the county and its citizens by extending the useful life of existing assets and creating new ones. Decisions regarding the financing of these capital improvements affect the availability of resources for any other purpose.

Funding decisions are therefore made in light of overall budgetary priorities and needs. Also, funding considers short- and long-term resource availability and coincides with the useful life and cost of proposed projects. Financial strategies of the county are described below.

2024 ADOPTED BUDGET

Capital Budget Introduction

1. The county balances the needs for both maintenance of capital assets and provision of on-going direct services to citizens. In the process, the county makes every effort to maintain and, where appropriate, enhance its capital inventory.
2. The county implements capital projects within its ability to finance improvements using short- and long-term resources. The issuance of debt to finance capital improvements is predicated on the county's ability to service the debt over the life of the issue.
3. Financing decisions balance the use of pay-as-you-go financing (current financial resources) with long-term (debt) financing. The county may make cash contributions to capital improvements.
4. The county encourages the leveraging of resources to maximize capital improvement efforts. This includes participation in intergovernmental programs, public/private partnerships, utilization of service charges/user fees, and the issuance of debt.
5. Capital improvement decisions consider the impact of operating and maintenance costs to ensure the county's ability to maintain the capital asset and realize the best ongoing financial outcome.

E. OPERATING & CAPITAL BUDGETS – THEIR RELATIONSHIP

Dane County's operating and capital budgets have a direct relationship. The capital budget can impact the operating budget in three ways. The primary impact is on debt service payments. The majority of the County's capital improvement costs have been funded through the issuance of general obligation bonds and notes that are repaid over a period of up to twenty years. The Debt section of this budget shows the projected principal and interest payments due to capital project borrowing.

The second way the capital budget can impact the operating budget is through cash-funded projects. Financing capital projects on a pay-as-you-go basis minimizes the need for issuing bonds and substantially reduces current and future debt service costs. Historically, cash-funded projects in the county have been limited to the enterprise funds.

Capital Budget Introduction

The final way capital projects can impact the operating budget arises when a project is completed and the county must now operate and maintain it. Capital projects can have either a positive or negative impact on future operating budgets due to an increase or decrease in maintenance costs, or by providing capacity for new programs or services.

2024 ADOPTED BUDGET**Capital Budget Introduction - Overview**

The 2024 Capital Budget includes total funding of \$179.2 million in capital projects. A table of the 2024 budgeted project amounts by department is shown below. Projects in Airport, Alliant Energy Center, and Land Information Office and Solid Waste projects are supported by revenues from those operations.

Major Capital Budget Projects:

- ◆ The single largest project in the 2024 Capital Budget is the PSC building at \$36.5 million.
- ◆ The 2024 Capital Budget includes over \$21.5 million for Heart of the Zoo project.
- ◆ The budget includes \$3.25 million of outside revenue for taxiway improvements at the Airport.
- ◆ The 2024 Capital Budget continues and increases funding of the Conservation Fund (\$10 million), Land & Water Legacy Fund (\$1.66 million), Election Security Facility (\$3 million), Men's Shelter Project (\$1.5 million) and provides \$1.35 million for the St John's Housing Project.
- ◆ Also included is continued funding of the Affordable Housing Development Fund (\$15 million in new capital for 2024).

Capital Budget Introduction - Overview**THE CAPITAL BUDGET - DETAIL**

The next section of this document provides a detail schedule of authorized expenditures and revenues for capital projects. It also shows information about 2022 expenditures; 2023 budgets, spending to date, and estimated year-end amounts.

Following this schedule, Project Detail Summaries are provided for each authorized project. This includes a description of the project ("what" it does), its justification ("why" it is being proposed), timing ("when"), and in some cases its location ("where"). Financial information is also indicated by category of expense and revenue source.

Finally, there is the 2024 Dane County Capital Budget Appropriations Resolution. This is the capital budget legally enacted by the County Board and approved by the County Executive.

<p>Location/Description: This funding would supplement the 2023 budget allocation of \$330,000 (CPFACMGT 57379) for design and construction of a high efficiency geothermal heating and cooling system that leverages waste heat from the RNG facility. The system would be designed to serve existing facilities at the East District Campus, including the East Highway Garage as well as planned future facilities such as the 911 Center.</p> <p>Justification: Transitioning the East District Campus to geothermal heating and cooling will reduce Dane County's use of natural gas and thus reduce our overall greenhouse gas emissions. The project will reduce emissions to zero for the new East District Campus facilities, which is consistent with our leadership on climate action. This project is one of two design projects prioritized out of the benchmarking effort associated with the 2022 Comprehensive Energy Assessment. Staff prioritized this project because the savings are substantial and this is the ideal time to design a system to serve all of the facilities at the East District Campus. Initially the East District Campus received waste heat from the landfill's system to generate electricity from landfill methane. The system design will include feasibility analysis and design for a geothermal system serving the two existing facilities as well as coordination with the 911 Center design and the County Clerk's facility planned for the site.</p>		<table border="1"> <thead> <tr> <th>PROJECT FINANCIAL SUMMARY</th> <th>2023</th> <th>2024</th> </tr> </thead> <tbody> <tr> <td>TOTAL EXPENDITURES</td> <td>\$ 330,000</td> <td>\$ 150,000</td> </tr> <tr> <td colspan="3">PROJECT FUNDING SOURCES</td> </tr> <tr> <td>DEBT</td> <td>\$ 330,000</td> <td>\$ 150,000</td> </tr> <tr> <td>FEDERAL</td> <td>0</td> <td>0</td> </tr> <tr> <td>STATE</td> <td>0</td> <td>0</td> </tr> <tr> <td>MUNICIPAL</td> <td>0</td> <td>0</td> </tr> <tr> <td>OTHER</td> <td>0</td> <td>0</td> </tr> <tr> <td>TOTAL FUNDING SOURCES</td> <td>\$ 330,000</td> <td>\$ 150,000</td> </tr> </tbody> </table>		PROJECT FINANCIAL SUMMARY	2023	2024	TOTAL EXPENDITURES	\$ 330,000	\$ 150,000	PROJECT FUNDING SOURCES			DEBT	\$ 330,000	\$ 150,000	FEDERAL	0	0	STATE	0	0	MUNICIPAL	0	0	OTHER	0	0	TOTAL FUNDING SOURCES	\$ 330,000	\$ 150,000

Utility Infrastructure for East District Campus Development																																																																		
PROJECT DESCRIPTION / JUSTIFICATION / LOCATION																																																																		
<p>The East District Campus consists of two existing facilities and greenfield space that will accommodate the new Public Safety Communications (911) Facility along with sites for future development. This entire property was annexed into the City of Madison in 2023 and will need to be developed in a manner that meets the needs of the City of Madison Comprehensive Plan, WI DOT and the Dane County Master Plan to meet the needs of the new PSC building that is currently in design.</p> <p>Installation of approved utilities will be achieved through a Developers Agreement with the City of Madison. Scope of infrastructure will include but not be limited to the following components. 1.) Extension of existing water main and establishing a dual feed to provide adequate pressure for fire protection, mechanical and domestic needs of existing and future site development. 2.) Sanitary sewer extension from current termination point on City Hwy AB eastward to allow for facility connection and future expansion. 3.) Comprehensive storm water management plan will dictate construction of approved basins and duct for site development. 4.) Potential requirements for street lighting, sidewalk, paving and fine grading. 5.) Internal facility upgrades as needed to connect to municipal services.</p> <p>Costs for design, bidding, construction and construction administration are all included within this budget request.</p> <p>Without funding this infrastructure and site development the PSC facility construction will not be possible. The Highway and Medical Examiners facilities will remain on well and septic which has proven to be problematic over the years with no redundant water supply. A conceptual brine production facility also will not be possible without a dedicated water supply.</p>	<table><thead><tr><th colspan="2">Quantity and/or descriptive information</th><th>Cost</th></tr></thead><tbody><tr><td colspan="2">Sanitary Sewer - 2,750 In ft. @ 350</td><td>\$ 962,500</td></tr><tr><td colspan="2">Water Main - 3,035 In ft. @ 350</td><td>1,062,250</td></tr><tr><td colspan="2">Loop Closure- Water Main - 3,120 In ft. @ 400</td><td>1,248,000</td></tr><tr><td colspan="2">Storm water - 2,000 In ft. @ 350</td><td>700,000</td></tr><tr><td colspan="2">Paving/ Fine Grading tons @ 85</td><td>150,000</td></tr><tr><td colspan="2">Lighting</td><td>100,000</td></tr><tr><td colspan="2">Internal facility infrastructure</td><td>300,000</td></tr><tr><td colspan="2">Contingency @ 20%</td><td>904,560</td></tr><tr><td colspan="2">TOTAL</td><td>\$ 5,427,400</td></tr></tbody></table> <table><thead><tr><th colspan="3">NON-DEBT REVENUE SOURCE (Type/Object/Description/2024 Amount)</th></tr></thead><tbody><tr><td>N</td><td>NONE</td><td>\$ 0</td></tr></tbody></table> <table><thead><tr><th>PROJECT FINANCIAL SUMMARY</th><th>2023</th><th>2024</th></tr></thead><tbody><tr><td>TOTAL EXPENDITURES</td><td>\$ 0</td><td>\$ 5,427,400</td></tr><tr><td colspan="3">PROJECT FUNDING SOURCES</td></tr><tr><td>DEBT</td><td>\$ 0</td><td>\$ 5,427,400</td></tr><tr><td>FEDERAL</td><td>0</td><td>0</td></tr><tr><td>STATE</td><td>0</td><td>0</td></tr><tr><td>MUNICIPAL</td><td>0</td><td>0</td></tr><tr><td>OTHER</td><td>0</td><td>0</td></tr><tr><td>TOTAL FUNDING SOURCES</td><td>\$ 0</td><td>\$ 5,427,400</td></tr></tbody></table>			Quantity and/or descriptive information		Cost	Sanitary Sewer - 2,750 In ft. @ 350		\$ 962,500	Water Main - 3,035 In ft. @ 350		1,062,250	Loop Closure- Water Main - 3,120 In ft. @ 400		1,248,000	Storm water - 2,000 In ft. @ 350		700,000	Paving/ Fine Grading tons @ 85		150,000	Lighting		100,000	Internal facility infrastructure		300,000	Contingency @ 20%		904,560	TOTAL		\$ 5,427,400	NON-DEBT REVENUE SOURCE (Type/Object/Description/2024 Amount)			N	NONE	\$ 0	PROJECT FINANCIAL SUMMARY	2023	2024	TOTAL EXPENDITURES	\$ 0	\$ 5,427,400	PROJECT FUNDING SOURCES			DEBT	\$ 0	\$ 5,427,400	FEDERAL	0	0	STATE	0	0	MUNICIPAL	0	0	OTHER	0	0	TOTAL FUNDING SOURCES	\$ 0	\$ 5,427,400

Verona Campus-CFS and Geothermal	<u>Quantity and/or descriptive information</u>	<u>Cost</u>
PROJECT DESCRIPTION / JUSTIFICATION / LOCATION		
<p>Description/Location:</p> <p>Funding would supplement 2023 budget allocation of \$550,000 (CPFACMGT 58935) for design and construction of a high efficiency heating, cooling and ventilation (HVAC) system for Consolidated Food Services facility as well as expanding the district geothermal system that will supply/supplement the heating and cooling to all three facilities at the Verona campus: Consolidated Food Services, Badger Prairie Needs Network and Badger Prairie Health Center. This project is one of two design projects prioritized out of the benchmarking effort associated with the 2022 Comprehensive Energy Assessment.</p> <p>Justification: This upgrade will substantially reduce the County's energy use and greenhouse gas emissions, consistent with our climate goals. Currently the three facilities at the Verona Campus have substantial natural gas usage. This project will reduce natural gas consumption, thereby reducing Dane County emissions. Geothermal heating and cooling systems are substantially more efficient than the systems currently installed in these facilities. Given the age and complexity of the existing heating and cooling system at Consolidated Food Services, the design effort will include a redesign of that HVAC system along with the district geothermal, which will serve all three facilities. Staff prioritized this project because the savings are substantial and the existing heating system at Consolidated Food Services is nearing the end of its useful life. More, the heating and cooling systems in these facilities are relatively inefficient compared to a district geothermal system</p>	<p>Funding would supplement 2023 budget allocation of \$550,000 for the design and construction of a high efficiency HVAC system for the Consolidated Food Services facility and expand the geothermal system to supplement the heating and cooling to all three facilities at the Verona campus.</p> <p style="text-align: right;">TOTAL \$ 150,000</p>

This project connects Dane County's multiple facilities to our fiber network for faster and more reliable connections.

In 2024 this project will continue connecting remaining facilities and continue in the construction of redundant divergent paths. Redundant divergent paths help prevent downtime due to malfunctions or inadvertently cut fiber optic lines. This will reduce operating costs by eliminating the lease payments paid to AT&T and other telecom providers while also increasing the speed of network connections. Expansion of the south Madison fiber loop as well as replacements of old BadgerNet connections are the primary expenses expected for 2024.

<p>This project continues to build on previous investments to Dane County's Network Infrastructure. This project is used to upgrade older routers, switches, UPS devices and other networking equipment throughout the county. This project is also used to upgrade network closets throughout the county.</p> <p>Information Management attempts to keep equipment on a regular rotation to prevent systems from being too far out of date - the continued investment in this project line allows switches and routers to be replaced before they become a problem. Ideally we replace this equipment every 5-7 years. Failure to do so results in equipment that is unable to keep up with modern requirements such as increased power output needs for PoE devices or more secure encryption technologies. This project continues to replace devices that improve reliability and performance of all Dane County facilities which results in higher productivity for Dane County staff and partners. This project funds upgrades to network closets to improve airflow which extends the life of equipment and to expand network connections to county offices.</p> <p>Location: Various County Buildings</p>	PROJECT FINANCIAL SUMMARY		2023	2024

PROJECT DESCRIPTION / JUSTIFICATION / LOCATION <p>In the 2022 budget, funds were approved for the architectural and engineering fees to develop plans for an expansion of the x-ray suite, which had been planned for in the original design of the building. This also require the addition of a storage area inside the building. The expansion of the x-ray suite will significantly reduce the personal protective equipment (PPE) storage area. The purpose of this project is to reduce the likelihood of damage to the CT unit by traversing unleveled floors in the autopsy suite. It will also reduce staff time, as two staff members are required to move the unit from where it is parked to where it is used. The unit has very low thresholds for an operational surface. In 2023, the department received funds for the completion of this project. Expected start date for this project is November 2023; however, the department of public works recommended an additional \$150,000 for the project to account for increasing cost of building materials and construction.</p>	NON-DEBT REVENUE SOURCE (Type/Object/Description/2024 Amount) <table border="1"> <thead> <tr> <th>N</th> <th>DESCRIPTION</th> <th>2023</th> <th>2024</th> </tr> </thead> <tbody> <tr> <td></td> <td>NONE</td> <td>\$</td> <td>0</td> </tr> </tbody> </table>			N	DESCRIPTION	2023	2024		NONE	\$	0

<p>Request \$9,400 funding for the purchase of 30 UTM rated training masks/helmets with cooling fans and chin straps.</p> <p>The Sheriff's Office, specifically the Tactical Response Team, regularly conducts force-on-force training, utilizing UTM training munitions, which are high speed, less lethal, marking rounds fired from rifles. The masks/helmets requested for purchase are rated to protect from UTM rounds, and to allow for full field of view. A common problem with existing helmets is that they fog up rapidly, obscuring field of view, negating training value. The UTM rated helmets have more ventilation and powered fans to cool the user, further reducing fogging, are Berry compliant, and made in the USA.</p>

<p>Request funding of \$143,000 for berm mining at the Dane County Law Enforcement Training Center (DCLETC).</p> <p>The berm at the DCLETC is the impact point behind the targets and is the primary repository of lead. Berm mining is required to abate concentrated levels of lead and to minimize lead contamination and movement through the environment.</p> <p>The berms at the DCLETC have not been mined since 2010. Over 7.9 million rounds have been shot at the DCLETC since 1997. The continued use of the ranges without lead recovery may result in increased ricochets of bullets and fragments, which could cause potential injury to range users. The berm backstop may lose its slope and integrity because of "impact pockets" that develop. Berm mining would reduce a potential source of lead migration to the soil, surface water and ground water, and mitigate negative environmental impacts.</p>		Berm Mining	143,000

<p>Request funding of \$320,000 to purchase 32 body worn camera units at \$10,000 per unit, including associated equipment, to conduct a Body-Worn Camera (BWC) Pilot Project.</p> <p>BWCs are deployed to generate an objective record of police officers' interactions with members of the public. Video documentation of such interactions is intended to enhance accountability and transparency by giving investigators and the public a view into cases of alleged misconduct. The knowledge that a recording is underway may also temper officer and community member behaviors, increasing lawful and respectful policing practices and reducing false complaints. Also, BWC video footage can supply useful evidence to corroborate a victim's or officer's statement, ensure chain of custody for recovered contraband, and identify people who engage in violence during mass protests.</p> <p>A BWC Pilot Project is required to explore pros and cons of BWCs by the Sheriff's Office to determine short and long-term costs associated with equipment purchasing and maintenance, sustainability, staffing requirements including personnel costs in responding to requests for video information, training, supervision, appropriate policies, oversight, video storage and maintenance costs, IT infrastructure needs, software licenses, and liability issues regarding implementation of BWCs for the Department, moving forward.</p> <p>A BWC Pilot Program will assist the Sheriff's Office in developing policies that guide training requirements; expectations surrounding camera activation and when and how officers should notify community members that the camera is recording; and how video recordings will be tagged and uploaded by officers and secured, retained, and destroyed.</p>		<table border="1"> <thead> <tr> <th>PROJECT FINANCIAL SUMMARY</th> <th>2023</th> <th>2024</th> </tr> </thead> <tbody> <tr> <td>TOTAL EXPENDITURES</td> <td>\$ 0</td> <td>\$ 320,000</td> </tr> <tr> <td>PROJECT FUNDING SOURCES</td> <td></td> <td></td> </tr> <tr> <td>DEBT</td> <td>\$ 0</td> <td>\$ 320,000</td> </tr> <tr> <td>FEDERAL</td> <td>0</td> <td>0</td> </tr> <tr> <td>STATE</td> <td>0</td> <td>0</td> </tr> <tr> <td>MUNICIPAL</td> <td>0</td> <td>0</td> </tr> <tr> <td>OTHER</td> <td>0</td> <td>0</td> </tr> <tr> <td>TOTAL FUNDING SOURCES</td> <td>\$ 0</td> <td>\$ 320,000</td> </tr> </tbody> </table>		PROJECT FINANCIAL SUMMARY	2023	2024	TOTAL EXPENDITURES	\$ 0	\$ 320,000	PROJECT FUNDING SOURCES			DEBT	\$ 0	\$ 320,000	FEDERAL	0	0	STATE	0	0	MUNICIPAL	0	0	OTHER	0	0	TOTAL FUNDING SOURCES	\$ 0	\$ 320,000

PROJECT DESCRIPTION / JUSTIFICATION / LOCATION			
<p>Request funding of \$48,000 to purchase a body screening system for the Courthouse.</p> <p>The Spectrum 6040 DV body scanning system has excellent threat inspection and detection capabilities. It was specifically designed to meet the needs of demanding markets that depend on high quality and robust security systems, such as airports, prisons, stadiums, and courts. The equipment operates with powerful X-ray generators, achieving high levels of penetration and provides quality image generation for fast and effective inspection, automatic discrimination of organic, inorganic, and mixed materials by colorization, combined with an automatic detection algorithm for drugs, explosives and high density materials.</p> <p>Weapons Screeners in the Courthouse are staffed with 10 civilians and Sheriff's Office Deputy presence on the first floor of the Courthouse.</p> <p>The Courthouse has 17 Circuit Court Branches and 11 Court Commissioners. Additionally, there are several departments housed in the Courthouse including the District Attorney's Office, Clerk of Courts, the Law Library, etc. Courthouse Weapons Screeners provide controlled access to the Courthouse to prevent weapons, and other suspicious items, from entering the premises. On any given day, Weapons Screeners screen in excess of 1,000 individuals entering the Courthouse.</p> <p>Weapons Screeners are positioned in the interior lobby of the entrance of the courthouse and have two work stations that patrons can enter through for the screening process. Both stations have a scanner. The scanner needing replacement is approximately 11 years old and is failing with outdated software. The older scanning device is also not as easy or efficient to use as the Spectrum 6040 DV. Adding the Spectrum 6040 DV will improve the visibility and clarity of the images, enabling the weapons screeners to identify and analyze suspicious items more effectively. Request funding of \$28,300 for the purchase of the following Dive Team equipment: 3 drysuits at \$4,500/drysuit - \$13,500 8 Decent Mk2i Dive computers at \$1,850/computer - \$14,800 The main function of the Sheriff's Office Dive Team is search and recovery, including missing persons and evidence. Drysuits, currently in use, have significant leak issues at the seams and at flex points. This is a safety issue since drysuit diving is used in colder water conditions, as in Wisconsin. In water temperatures of 60° F or less, drysuit diving is recommended as thermal layering is usually required. If water seeps inside the drysuit, the divers body temperature can be effected, which can lead to functionality problems and medical issues. Water inside the drysuit also effects the buoyancy of the diver. A drysuit filling with water can send the driver into a decent that could be dangerous and deadly and, the weight of water in the drysuit also makes it difficult to exit the water to a boat or on to the shore. The purchase of drysuits is required to replace deteriorated suits insuring diver safety. Dive computers (watches) offer greater safety for divers. Watches calculate surface time and stop intervals while in ascent, provide air gauge readings, and link to other Dive Team members. When linked on, divers can monitor other diver's computers and, those in the boat can also monitor the divers. GPS function is beneficial when conducting searches, insuring no areas are missed. The purchase of dive computers is required for diver safety.	<table><thead><tr><th>PROJECT FINANCIAL SUMMARY</th><th>2023</th><th>2024</th></tr></thead><tbody><tr><td>TOTAL EXPENDITURES</td><td>\$ 6,900</td><td>\$ 28,300</td></tr><tr><td colspan="3">PROJECT FUNDING SOURCES</td></tr><tr><td>DEBT</td><td>\$ 6,900</td><td>\$ 28,300</td></tr><tr><td>FEDERAL</td><td>0</td><td>0</td></tr><tr><td>STATE</td><td>0</td><td>0</td></tr><tr><td>MUNICIPAL</td><td>0</td><td>0</td></tr><tr><td>OTHER</td><td>0</td><td>0</td></tr><tr><td>TOTAL FUNDING SOURCES</td><td>\$ 6,900</td><td>\$ 28,300</td></tr></tbody></table>			PROJECT FINANCIAL SUMMARY	2023	2024	TOTAL EXPENDITURES	\$ 6,900	\$ 28,300	PROJECT FUNDING SOURCES			DEBT	\$ 6,900	\$ 28,300	FEDERAL	0	0	STATE	0	0	MUNICIPAL	0	0	OTHER	0	0	TOTAL FUNDING SOURCES	\$ 6,900	\$ 28,300

PROJECT DESCRIPTION / JUSTIFICATION / LOCATION <p>Request funding of \$397,100 for duct cleaning in the City County Building (CCB) and the Public Safety Building (PSB).</p> <p>It is recommended that the ducts in commercial facilities be cleaned every 3 to 5 years. Facilities Management and local duct cleaning providers have completed smaller, isolated duct cleanings in the past few years however, the whole system for the CCB and the PSB has not been done to Facilities Management's knowledge. This is believed to be a major contributing factor to the stress and lack of performance the HVAC system is experiencing in both the CCB and the PSB. Request funding for a full system duct clean for CCB and PSB.</p> <p>Dust, dirt, mold, chemicals, and other contaminants can develop in the HVAC air filters and build up in the system. These contaminants can compromise the quality of the air inside the building, leading to respiratory infections, allergies, and serious illness.</p> <p>Clean ducts help HVAC system perform at peak efficiency. Regular duct maintenance keeps dust and debris out of HVAC components which prevent costly repairs and extends the life of the HVAC system.</p>	NON-DEBT REVENUE SOURCE (Type/Object/Description/2024 Amount) <table border="1"> <tbody> <tr> <td>N</td> <td>NONE</td> <td>\$ 0</td> </tr> </tbody> </table>			N	NONE	\$ 0

Request funding of \$160,400 for the purchase of 25 MDC's, 25 docking stations, 10 printers, and 10 printer housings, 25 air cards, and 5 radar units. MDCs and squad printers are on a 5 year replacement schedule. 25 MDCs, 25 docking stations, 10 printers, 10 printer housings, 25 air cards, and 5 radar units have reached the end of life and require replacement. Updated MDCs, with sufficient processor speeds and memory, are required to keep pace with resource intensive software (squad video, TraCS, Tri-Tech Mobile, Spillman, and Spillman Mobile). Fully functional printers are necessary for deputies to complete duties. Ruggedized air cards are necessary in resolving connectivity issues throughout the County. Radar units are used to enforce speeding. Excessive speed is a contributor in a majority of fatality and incapacitating injury crashes. Reducing speeding is a high-priority objective and effective speed enforcement is an essential countermeasure to reduce speeding and lowering crash risk. Patrol vehicles are equipped with rifle rated shields however, pistol threats are more commonly encountered. Rescue shields currently in use are heavy and unwieldy resulting in a safety hazard for officers and the public. A lighter weight shield with view port, LED lights, and sheriff placard allows for improved situation assessment and faster response to critical incidents.</p> <p>The rifle rated shields for patrol vehicles are entering the ends of their rated service lives and are on a 5-yr replacement cycle, replacing the oldest shield first.</p>	<table border="1"> <thead> <tr> <th colspan="3">NON-DEBT REVENUE SOURCE (Type/Object/Description/2024 Amount)</th> </tr> </thead> <tbody> <tr> <td>N</td> <td>NONE</td> <td>\$ 0</td> </tr> </tbody> </table>			NON-DEBT REVENUE SOURCE (Type/Object/Description/2024 Amount)			N	NONE	\$ 0

Request funding of \$34,500 for the following rifle equipment: 6 sniper rifle suppressors @ \$1,250/unit -- \$7,500 2 heavy caliber sniper rifle setups @ \$13,500 /setup -- \$27,000 Rifles equip law enforcement officers with tools to solve problems they are unable to handle with a handgun. Handguns do not have the accuracy and range of a rifle. Given the increase in active shooter incidents, law enforcement officers require tools and training to match the firepower of weaponry used by violent offenders. The Sheriff's Office is the lead Automated Law Enforcement Response Team (ALERT) for the region, requiring response in southwest Wisconsin. Call volume has increased annually. Increased requests for the sniper unit has led to a need for the higher caliber rifles to be added to the unit. Upcoming elections and the volatility of political gatherings necessitates greater use of the team. Having this additional defense available is necessary for public and officer safety. Current rifle suppressors have loosened causing issues with targeting. Officer safety can be compromised when unable to reliably pinpoint targets.

<p>Request funding of \$54,200 for security updates in the Courthouse and the Public Safety Building (PSB) for installation of 8 locking solenoids, 8 card readers, cable, conduit, and wiring including 5 camera licenses, 1 network switch, cables, mounting accessories, programming, configuration, and labor costs .</p> <p>This funding is requested to install key card access to Courthouse gun lockers to make them more accessible to sworn staff when emergencies arise. Also, there is currently a blind spot in the PSB, 2nd floor, public hallway. Installation of 2 (Bosch IP 12 MP Fisheye Camera's and 3 Bosch IP 2MP Dome Cameras is required to provide public and staff safety as this area is frequented by individuals regularly including the 2nd floor lobby and the DNA Office, etc. Installation of this equipment will assist in addressing and ameliorating issues that arise in the hallway.</p> <p>Funding will also provide for the installation of 1 key card reader to PSB, Stairwell D, staff entrance, to make Stairwell D accessible coming in to the secure entrances versus physical key access. Keycards are more versatile than regular metal keys. Cards can be reprogrammed, and in the event of a security breach, an access card can be revoked and access barred ensuring only authorized individuals can enter designated areas of the building.</p>	<u>Quantity and/or descriptive information</u>		<u>Cost</u>

Four of the six current operators have older and outdated UAV's. Several of the UAV batteries are swelling, making them inoperable. Purchasing replacement batteries is becoming nearly impossible as the UAV manufacturer and/or supplier no longer make/sell the batteries needed.</p> <p>Some tasks UAV Operators are utilized agency-wide for are:</p> <ul style="list-style-type: none">• Crime Scene Documentation• Event Planning• Area Searches for People• Accident Reconstruction <p>Response time and quality equipment are critical to the success of UAV operators and missions. Within the past year, Sheriff's Office UAV operators have had two UAV's drop from the sky midflight, rendering them useless. Aging technology played a part in the UAV's malfunctioning. Repair costs exceed the value of the UAV's and will not eliminate the issues operators are experiencing with the older UAV's. Equipping each UAV operator with quality UAV's and up-to-date technology will allow the Sheriff's Office to maximize its ability to be successful with each deployment. Each successful UAV mission benefits the community and as technology evolves so does expectation of the public.</p> <p>To date, the Sheriff's Office UAV Program has responded to 112 incidents. We'd like to improve our backup infrastructure with more storage capacity to allow us to backup more devices for longer time frames as well as increase redundancy by having copies of backups stored off site to increase security and isolate from physical threats. <p>The City of Fitchburg has budgeted funds to explore the feasibility of establishing a teen center. This project allocates \$1 million for feasibility and development of a teen center in Fitchburg. Initially, up to \$75,000 of these funds will be made available to Fitchburg to study the feasibility of establishing a teen center. This funding will be dependent upon an intergovernmental agreement with Fitchburg, and the City contributing no less than 50% of the cost of the study. The study must include a projection of capital development costs and future operating costs for the center and identify sources to fund future operations. When completed, the results of the study will be presented to the Health and Human Needs Committee. Based on the results of the study, the balance of the funding may be made available for capital expenditures for development of the center pursuant to an intergovernmental agreement that provides that Fitchburg will provide the balance of the cost for the development of the center from City sources or private fundraising.</p>

<p>The Dane County Land Information Office (LIO) is proposing a Fly Dane Digital Terrain project for all of Dane County in 2024. The project would acquire county wide, detailed terrain data, using airborne Light Detection and Ranging (LiDAR) technology.</p> <p>Dane County is partnering with a group of Wisconsin counties that are applying for USGS-3DEP funding to offset the cost of LiDAR in 2024. This project will acquire LiDAR data at Quality Level 1 (QL1) accuracy, or 8 points/square meter. This data is 4 times more accurate than the data acquired in 2017. The \$376,200 expenditures will be offset by utilizing USGS-3DEP funding of \$238,260. The remaining the LIO is requesting a capital expenditure of \$137,940.</p> <p>Geographic Information Systems (GIS) are an integral part of the daily operations of Dane County departments and other local governments. The current digital terrain data is over 7 years old and needs to be updated. Activities like view shed analysis, storm water modeling, steep slope analysis, development of 1-foot contours depend on accurate and updated terrain data. Departments that rely on this data and the derivative products that they help support, include Land & Water Resources (LWRD), Planning & Development, Highway, Regional Planning Commission, and Emergency Management. In addition, online tools such as AccessDane and DCiMap depend on current information to assist residents and in turn reduce public calls to County staff and allow staff resources to be focused on other tasks.</p>		2024 Financing Resources: Dane County: 137,940 USGS: 238,260 Total: 376,200

<p>Many of the Dane County Park System properties have unique cultural features and rich histories. Evidence of early Native American tribes has been documented on many Dane County park lands including campsites, villages, and earthworks such as mounds. Dane County Parks staff will work with a professional design team to develop interpretive signage to be installed throughout the park system at Native American cultural sites. Members of the Ho-Chunk Nation will be invited to participate from the very beginning of the planning stages; as it is important that they tell the story from their perspective. The design will also include approaching a local Ho-Chunk artist with a request to create custom illustrations for the interpretive signage. This capital request includes contracted design, fabrication and contracted installation of interpretive signage at Native American cultural sites through the Dane County Park System.</p>	Planning, design, fabrication, installation	\$	100,000

<p>This fund was established in 1990 in response to a growing need for protecting natural and cultural resources thought the County. The fund supports acquisition efforts, both independently and in concert with other governmental units and the non-profit sector, in areas of the parks, open space, natural resources and other unique features.</p> <p>This program has assisted Dane County Parks in preserving more than 10,000 acres of key park and natural resource lands over the past years. As one of Wisconsin's fastest growing counties, land preservation has been a key element of service requested by the residents of the county.</p>		<p style="text-align: right;">TOTAL \$ 10,000,000</p>

PROJECT DESCRIPTION / JUSTIFICATION / LOCATION	Quantity and/or descriptive information	Cost	
<p>Henry Vilas Zoo focuses on world-class, AZA-accredited animal care as well as access and inclusiveness for all guests. This means facilities and grounds are in regular need of updates, improvements and maintenance. The "Edge of Africa - Giraffe" exhibit is the first portion of the zoo's "Heart of the Zoo" master plan.</p> <p>This project will replace the outdated rhino barn and build a new open giraffe barn that has a large indoor herd room, and back holding areas that will be visible to the guests so our animal care staff can showcase the care they give our animals every day. Additionally, this will add a large outdoor savannah that will host the herd of giraffe in a mixed species exhibit including African birds and smaller African mammals.</p> <p>Guests will be able to see several views both inside and out and there will also be special meet and greet experiences built into the exhibit to promote empathy and connection between our guests and the animals.</p> 	Heart of the Zoo "Edge of Africa" phase	\$	21,548,300

<p>This initiative will fund an RFP for design documents and the construction of up to six (6) new solar installations at the Henry Vilas Zoo.</p> <p>This project is based on a recommendation in the Comprehensive Energy Assessment (funded in 2022 and completed in fall 2023). In the Assessment report consultants identified six opportunities to add solar at the zoo. These installations will reduce the zoo's energy and operating costs while also serving as an inspiration to zoo visitors.</p> <p>The opportunities are:</p> <ul style="list-style-type: none">- Bear Holding 17.2 kW- Canopy 14.4 kW- Seals Pumping Station 14 kW- Aviary 14.8 kW- Glacier Grill 14.4 kW- Primate House 17.6 kW <p>In total this is approximately 100 kW of additional solar power. The project is consistent with Dane County's commitment to 100% renewable electricity as well as our efforts to lead by example.</p>	Solar Installations at the Henry Vilas Zoo	\$	300,000

The AEC requests capital funding for the services of a qualified and professional consultant to lead a comprehensive and strategic business planning initiative that will result in overall operational effectiveness.

The outcome of the initiative and plan should include but not be limited to:

- Assessing Business Trends and Challenges
- Mission, Values, Goals and Objectives with Staff Involvement
- Key Performance Indicators
- Workforce and DEI Development
- Finance Goals: P&L, Operating Revenue and Expenses, Subsidy and Economic Impact Data
- Sustainability
- Business line assessment
- Community Engagement

AEC Campus Lighting & Electrical Safety Review	<u>Quantity and/or descriptive information</u>		<u>Cost</u>	
PROJECT DESCRIPTION / JUSTIFICATION / LOCATION This is a continuation of the 2023 project. This code compliance and life safety and security project provides a campus-wide lighting study, including fixture replacement at the Alliant Energy Center, as well as an electrical safety review and upgrade. During the summer of 2022 staff from the Alliant Energy Center and Dane County Public Works did an assessment of the building systems on the Alliant Energy Center campus and these upgrades are a result of that assessment. The Alliant Energy Center has converted the majority of the lights in the public areas of its campus to energy efficient LEDs. The majority of the back of house areas have not been converted to LEDs as of yet. The lighting study would look at the back of house areas as well as the lobby and stairwell emergency lighting and controls in the Coliseum and Exhibition Hall. The electrical safety review and upgrade component of this project will look at code compliance throughout the campus, as well as fencing and bollard placement for security and safety. There are many areas of the campus that are not up to current code standards, but are in compliance because they of the age of the buildings - particularly the Coliseum. This study would identify those areas that do not meet current standards and make the appropriate changes to ensure the campus is up to current standards. A campus lighting engineering study is currently being worked on and will be completed in early 2024. this funding is designed to continue the work from 2023 to further create electrical safety and energy efficiency on campus and uses our Facility Condition analysis as a base-line for the capital request amount. VII.(c) CAPITAL BUDGET APPROPRIATIONS RESOLUTION

Sub. 1 to 2023 RES-191
2024 DANE COUNTY CAPITAL BUDGET APPROPRIATIONS RESOLUTION

The 2024 Capital Budget is a financial plan for the capital needs of the County and was developed in accordance with the Uniform Accounting Manual for Wisconsin Counties and the pronouncements of the Governmental Accounting Standards Board (GASB).

This resolution constitutes the 2024 Adopted Capital Budget, formulated in accordance with s. 65.90, Wis. Stats., and consists of several parts, as follows:

TABLE 1:	TAX LEVY COMPUTATION AND FUND BALANCE ANALYSIS
TABLE 2:	TAX LEVY HISTORY
TABLE 3:	2024 APPROPRIATIONS FOR CAPITAL EXPENDITURES
TABLE 4:	CAPITAL EXPENDITURE HISTORY
TABLE 5:	CAPITAL BUDGET CARRY-FORWARDS
TABLE 6:	COUNTY INDEBTEDNESS

Together with the 2024 Adopted Operating Budget Appropriations Resolution, this document shall constitute the County budget as defined in s. 65.90, Wis. Stats.

NOW, THEREFORE, BE IT RESOLVED that in accordance with s. 65.90, Wis. Stats., the Dane County Board of Supervisors hereby appropriate for the 2024 fiscal year capital projects, the expenditure and revenue amounts shown for each capital project in the attached Table 3. Total amounts for each department are for informational purposes only. Expenditures in excess of the amounts appropriated or use of outside revenues, county general purpose revenues, or borrowing proceeds in excess of the amounts appropriated shall require County Board authorization in accordance with s. 65.90(5), Wis. Stats.; and

- 1) The capital budget includes \$1 million for feasibility and development of a teen center in Fitchburg. Initially, up to \$75,000 of these funds will be made available to Fitchburg to study the feasibility of establishing a teen center. This funding will be dependent upon an intergovernmental agreement with Fitchburg and the City contributing no less than 50% of the cost of the study. The study must include a projection of capital development costs and future operating costs for the center and identify sources to fund future operations. When completed, the results of the study will be presented to the Health and Human Needs Committee. Based on the results of the study, the balance of the funding may be made available for capital expenditures for development of the center pursuant to an intergovernmental agreement that provides that Fitchburg will provide the balance of the cost for the development of the center from City sources or private fundraising.
- 2) The 2024 Capital Budget includes \$2 million to provide a grant to the Dane County Housing Authority to make funds available to Habitat for Humanity for the purchase of land to be used for the development of affordable housing. The funding would be offered as a grant and would be available to Habitat for Humanity of Dane County (HFHDC) to purchase vacant land or existing housing stock in need of rehabilitation. The constructed, or rehabbed homes, would be sold to income eligible homebuyers under HFHDC eligibility criteria. Funds will be granted to the Dane County Housing Authority (DCHA) that will then grant funds to HFHDC. Individual lots to be acquired will be approved by Dane County, prior to DCHA granting funds to HFHDC.

Sub. 1 to 2023 RES-191
2024 DANE COUNTY CAPITAL BUDGET APPROPRIATIONS RESOLUTION

- 39 3) The \$1,350,000 in the Capital Budget designated for the St. Johns affordable housing project is contingent upon the project increasing
40 the number of units set aside for people on Dane County's Homeless Services Consortium coordinated entry list from 5 to 11 and an
41 increase in the contribution from the City of Madison in the amount of \$1,350,000.
42
- 43 4) The 2024 Affordable Housing Development Fund RFP shall require the awardees to set aside 10% of the total project units for referrals
44 from the Homeless Services Consortium coordinated entry list, incorporate the Tenancy Addendum which enhances tenant protections
45 and protects against arbitrary and discriminatory non-renewals, and set forth an expectation that the developer is providing financial
46 support to the supportive services partner(s).
47
- 48 5) The capital budget includes \$21,548,300 for construction of the Heart of the Zoo giraffe exhibit. Four million dollars of this total is
49 identified as donations from a yet to be initiated fundraising campaign. Design work on the project may continue, but construction of the
50 project may not proceed until these funds have been secured.
51
- 52 6) The Dane County Board of Supervisors hereby requests that DCSO hold a minimum of 2 public information sessions in the West
53 precinct hosted prior to implementation, which should outline key principles and policies regarding the pilot.
- 54 The Dane County Board of Supervisors hereby requests that DCSO provide quarterly reporting to the Public Protection & Judiciary
55 Committee in 2024 on measures of pilot success and lessons learned throughout the implementation, including significant changes to
56 draft policies and procedures and resource needs.
- 57 The Dane County Board of Supervisors hereby requests that the Public Protection & Judiciary Committee hold a public meeting in the
58 West Precinct in mid-2024 to gather public input on implementation of the pilot. Public access to any footage will be through the existing
59 records request process and in accordance with Wisconsin's Open Records Law.
- 60 The Dane County Board of Supervisors hereby requests that prior to pilot implementation, pilot principles and vision, and draft policies
61 and procedures for camera activation, deactivation, prohibited recording, and records retention, release, and redaction be posted online
62 and available to the public. The County Board of Supervisors recognizes that the purpose of a pilot is to learn and test assumptions
63 regarding body worn cameras, and that all policies and procedures will be reassessed and enhanced throughout the pilot period.
- 64 The Dane County Board of Supervisors hereby requests that all updated Body Worn Camera policies and procedures shall be posted
65 online and easily accessible to the public within 30 days of a change.
- 66 The Dane County Board of Supervisors also requests that, pending implementation of a County Board of Supervisors Community
67 Engagement Project in 2024, at least 2 focus groups shall be conducted in the West Precinct and should focus exclusively on
68 perceptions of the implementation of the Body Worn Camera pilot, and that findings from these focus groups should be communicated to
69 the Public Protection & Judiciary Committee and DCSO.
- 70 Finally, the Dane County Board of Supervisors requests that a third-party evaluation of the pilot should be included in the 2025 budget
71 focusing on key success measures including increased accountability, transparency, and strengthened relationships with communities
72 served. An evaluation should include focus group sessions for a qualitative evaluation of public perception of the pilot. This input should

Sub. 1 to 2023 RES-191
2024 DANE COUNTY CAPITAL BUDGET APPROPRIATIONS RESOLUTION

be targeted to residents of the county's West Precinct where the pilot will occur, and should include perspectives from victims of crime and individuals who are most directly impacted by the criminal legal system. The evaluation will produce a final report summarizing key findings which will be submitted to DCSO and the Public Protection & Judiciary Committee. Input from the evaluation will be considered but may not influence future decisions on the body worn camera project. The evaluation will be dependent on funding available in the 2025 budget.

- 7) No expenditure shall be made from the Capital Projects Fund for the purpose of purchasing a Automatic License Plate Recognition (ALPR) Safety Camera System unless such expenditure has been approved by the Public Protection and Judiciary Committee ("PPJ"). The Sheriff's Office is requested to present its policy on the use of the ALPR Safety Camera System prior to seeking approval for the expenditure.

For 2025 capital expenses and beyond, there is created an Automated License Plate Readers Review Subcommittee under PPJ. The subcommittee shall meet as required to discuss best practices on the usage of ALPR to scan, detect, and identify vehicles or persons-of-interest, and present recommendations to PP&J. The subcommittee membership is as follows: Four citizen members appointed by the County Board Chair. Three of the 4 members must reside in Dane County municipalities where the Sheriff is the primary law enforcement officer. Two members of the Public Protection and Judiciary Committee appointed by the Committee Chair and the Sheriff or their designee. Input from the subcommittee will be considered by PP&J but will not be binding on its funding decision.

BE IT FINALLY RESOLVED that the Dane County Board of Supervisors authorize carry-forward of expenditures and revenues from 2023 to 2024 as recommended in Table 5 and that encumbrances on purchase orders outstanding at the end of 2023 are re-appropriated in 2024.

VII.(d) DEBT SECTION

Capital Budget Financing/Debt

DEBT MANAGEMENT AND EXISTING DEBT

Financing long-term capital improvements often requires the issuance of debt. This section describes the county's debt management strategies, and discusses issues related to debt management and information on debt limits and credit ratings.

The county continues to be conservative in its issuance of debt. The county limits the amount of its debt and structures its debt issues with the goal of controlling costs for taxpayers and continuing to get the best possible interest rates in the market.

The county typically has borrowed far less than allowable amounts. State of Wisconsin Statute Section 67.03 imposes limits on the amount of debt that can be issued by a county:

"The aggregate amount of indebtedness, including existing indebtedness, of any municipality shall not exceed 5% (five percent) of the value of the taxable property located therein as equalized for state purposes."

The December 31, 2023, net amount of debt applicable to the statutory limit is \$668,086,967 which is considerably below the maximum of \$4,957,024,595.

When the county anticipates issuing debt, an assessment is made of the condition of the county by an independent credit rating agency. The credit agency considers the county's financial health and debt situation, the economic condition of the area and the county's management of its resources as factors in determining its rating.

The rating is utilized by potential investors to assess their risks in terms of the county's ability to pay them back when the bonds or notes sold become due. The level of risk an investor must assume translates into the interest rate that will be charged to the county to borrow money. The County's current bond ratings are: Standard & Poor's Rating Services (S&P) AAA. The S&P rating of AAA is the most prestigious in lending and provides the lowest interest available to the county in terms of interest on its debt.

2024 ADOPTED BUDGET**Capital Budget Financing/Debt**

Other county debt management strategies are listed below:

When appropriate, the county will sell ten-year notes instead of longer-term bonds. Debt will be structured to reduce overall cost of repayment, and to enhance the confidence of investors in Dane County's ability to repay the debt.

The county will maintain a segregated Debt Service Fund to provide for principal and interest payments.

The proceeds from the sale of notes and bonds will not be used for operations.

Debt will not be sold without integrating the costs of debt service with those of day-to-day operations.

At December 31, 2023, Dane County had outstanding indebtedness for all funds of \$681,070,000. Including associated interest commitments, the total legal obligation is \$839,577,269.

All debt outstanding is a general obligation of the county for which an irrevocable, irrevocable tax has been levied at the time of the borrowing, to be included in future tax levies, sufficient to repay the principal and interest payments as they become due.

DEBT/CASH FINANCING FOR 2024

The County Board and County Executive have authorized a capital budget for 2024 which totals \$179,216,700 of which \$165,482,700 is approved as borrowing proceeds and the balance from outside revenues or from Solid Waste, Land Information Office or Airport funds. A portion of the total amount approved for borrowing will be repaid from revenue related to the Alliant Energy Center and Solid Waste.

Overall, the authorized capital budget includes projects which have been developed as part of a multi-year Capital Improvement planning process, with a financing strategy developed to address not only this year's budget but also future years' obligations. The financing strategy uses debt on a limited basis for long-term asset enhancement that will benefit the public and can be financed over a multi-year period.

COMPUTATION OF LEGAL DEBT MARGIN
12/31/2023

CHAPTER 67, SECTION 03 OF THE WISCONSIN STATE STATUTES STATES:

"The aggregate amount of indebtedness, including existing indebtedness, of any municipality shall not exceed 5% of the value of the taxable property located therein as equalized for state purposes."

Equalized value of real and personal property including TID values (1)		<u>\$99,140,491,900</u>
Debt limit - 5% of equalized value		\$4,957,024,595
Amount of Debt applicable to debt limit:		
General obligation debt (2)	\$681,070,000	
Less:		
Asset amount in Debt Service		
Fund available for payment		
of principal		
Net amount in Debt Service		
Fund available for payment		
of principal	<u>\$13,983,033</u>	
Net amount of debt applicable to debt limit		<u>\$667,086,967</u>
Legal debt margin		<u>\$4,289,937,628</u>

- (1) The "Equalized value of real and personal property including TID values" is the sum of the Equalized values plus the values of the tax incremental districts, which valuation is used for purposes of levying the property tax for state forestry tax purposes.
- (2) General obligation debt is defined to be the total County indebtedness for all funds.

2021	\$432,240,000	\$3,844,490,065	11.24%
2022	\$510,960,000	\$4,436,676,250	11.52%
2023	\$681,070,000	\$4,957,024,595	13.74%

The legal debt limit is calculated as 5% of the value of the taxable property located within the County. For example, in 2013, the County's total outstanding debt was limited to \$2,487,760,820 (5% of the taxable property value). As the property tax values increase or decrease, so does the County's ability to levy debt.

The above graph shows that for the past ten years, Dane County's actual amount of outstanding debt has been less than 12.5% of the legal limit. This is the result of the conservative debt financing policies of the County, and is reflected in the continued excellent (AAA) bond rating awarded to the County.

VIII. GLOSSARY

GLOSSARY OF BUDGET TERMS

Accrual Basis	The basis of accounting under which revenues are recognized when they are earned and become measurable and expenditures are recognized when they are incurred and become measurable.
ADA	Americans with Disabilities Act
ADRC	Aging and Disability Resource Center
AEC	Alliant Energy Center
AED	Automatic External Defibrillator
Appropriation	An expenditure or revenue amount set aside in the County's annual budget for a specified purpose.
Appropriation Resolution	A resolution adopted by the County Board and signed by the County Executive through which appropriations are given legal effect. The adopted Capital Budget and Operating Budget Appropriations Resolutions together constitute the County Budget as defined in s.65.90, Wisconsin State Statutes.
Balanced Budget	Budget expenditures shall equal the sum of revenues generated in the current period and undesignated fund balances applied from prior years.
Base Budget	The budget which departments are sent at the beginning of the budget process. Departments then build their budget request through the addition of decision items that either increase or decrease the Base. Base budgets include any negotiated or anticipated salary and benefit increases. All operating, contractual service and revenue accounts in the Base are equal to the current year adopted budget amounts, except for insurance and principal and interest payments that are adjusted based on anticipated amounts for the upcoming year. All operating capital is zeroed out of the Base budget.

2024 ADOPTED BUDGET**GLOSSARY OF BUDGET TERMS**

Board of Supervisors	The Dane County Board of Supervisors is a body of government comprising 37 elected supervisors from each of the districts in the county. The Board acts similarly to the state legislature in that it is the policy-making body of the County government. It establishes county ordinances, levies taxes, passes laws concerning law enforcement and appropriates money for services.
BPHCC	Badger Prairie Health Care Center
BTU	British Thermal Units
Budget	A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year. As defined in s 65.90, Wisconsin State Statutes, the Capital Budget and Operating Budget Appropriations Resolutions adopted by the County Board and signed by the County Executive.
Budget Narrative	A document describing the county's financial plan of operation embodying proposed expenditures for a given period, generally a fiscal year, and the proposed means of financing them. It may also include narrative, historical, comparative, summary and other financial information as well as information regarding the process through which budget decisions are made.
Capital Assets	Assets of significant value and having a useful life of several years. Capital assets, sometimes referred to as fixed assets, include buildings, equipment, improvements other than buildings, and land. In the private sector, these assets are referred to most often as property, plant and equipment.
Capital Improvement Program	A plan for capital expenditures to be incurred each year over a fixed number of years, usually five, to meet capital needs arising from the long-term work program or other

Decision Item (DI)	A change to an agency's budget that encompasses all the increases and/or decreases related to a particular programmatic change or need.
Depreciation	The expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. In accounting for depreciation, the cost of a capital asset, less any salvage value, is prorated over the estimated service life of the asset, and each period is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

GLOSSARY OF BUDGET TERMS (continued)

Designated Fund Balance	That portion of the unreserved fund balance which has been designated by the County Board for tentative future spending plans (e.g. for contingencies or equipment replacement).
DI	Decision Item
DIM	Division of Information Management
DOA	Department of Administration
EAB	Emerald Ash Borer
EDC	East District Campus
Encumbrances	Commitments related to unperformed contracts for goods or services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.
Enterprise Fund	A fund established to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing services to the general public on a continuing basis be financed or recovered primarily through user charges. Examples include the Airport and Solid Waste funds.
EOC	Emergency Operations Center
EOD	Explosive Ordinance Disposal
Estimate	An estimate is a projection of the current year's revenues or expenditures.
